

MINUTES

2008 CONTRACTOR/DEVELOPER/ENGINEERS MEETING

MAY 7, 2008

8:00 – 11:00 MEETING

I. Opening Remarks by Larry Nelson, City Engineer

II. Review minutes from February meeting

No comments

III. Affirmative Action – Contract Compliance

AA would have no objection to a 2 year certification but would have to see some workforce dated in the off year

GC and AA plan for prequal – need to revise ordinance and specs.

allow AA plan approval upto time of BPW award of contract.
Note: AA plan would still need to be submitted with prequal packet.

subs need to be prequalified if over single trade min \$ which includes AA plan

IV. Comments by City Water Utility

No staff present

request made for separate bid item for 1”, 1.5” and 2” water services

V. Comments by City Traffic Engineering

No staff present

VI. Utility Locating on Public Works Projects

PW locators talk to inspectors

mark P.L. locations

Mains are typically not marked as tv reports are provided to contractor with wye locations

VII. Contractor/Developer/Engineer Comments

revise ULO spec to account for use of vactor.

request to pay a ULO for each utility found when doing a ULO in a given location

would like to see separate bid items for the various stone bid items

addendums that extend the bid due date expose the material suppliers prices

inspectors are overwhelmed and have trouble finalizing.

Statute on filing wage claim & project closeout.

discussed the statute of limitations for filing claims for prevailing wages
