*Union Corners: Their Process and What We Can Learn*

The District 6 alder, the developer, and neighborhood representatives of the Union Corners project at the intersection of E. Washington Avenue and Milwaukee Street will present an overview of their process for this 14-acre former industrial site bounded by major streets and on a railroad corridor. Learn what they did, their successes, and their recommendations for our process. After the presentation, you will be invited to ask questions.

This presentation will be televised on Madison City Channel 12 and will be found online at <http://www.mcc12.tv/>
