

Village of  
Shorewood Hills

August 15, 2017

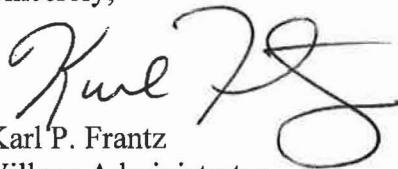

**Notice of Pending Street Reconstruction:**

Locust Drive/Blackhawk Bike Path in Shorewood Hills

The Village of Shorewood Hills will be commencing a project to construct sidewalk, reconstruct and realign Locust Drive and sections of the bike path from Rose Place on the east to its terminus at the Lodge Apartments property on the west. The project will begin near the end of August 2017 with completion expected in early October 2017. A four-way stop will be installed at the Blackhawk Path / Locust / Burbank intersection.

Bike, pedestrian and vehicular traffic will be maintained throughout construction, but delays will occur. Bikers and pedestrians may have localized and changing detours off of the current path on Locust. Patience, caution and an awareness for changing conditions will be needed through this time period.

Sincerely,

  
Karl P. Frantz  
Village Administrator
