SECTION B: INSTRUCTIONS TO BIDDERS

The City of Madison Standard Specifications for Public Works Construction - 2012 Edition, as supplemented and amended from time to time, forms a part of these contract documents as if attached hereto.

These standard specifications are available on the City of Madison Public Works website at www.cityofmadison.com/Business/PW/specs.cfm or by contacting City Engineering Division, Room 115, City-County Building, 210 Martin Luther King Jr. Blvd., Madison, WI 53703.

The Contractor shall review these Specifications prior to preparation of proposals for the work to be done under this contract, with specific attention to Article 102 **"BIDDING REQUIREMENTS AND CONDITIONS"** and Article 103 **"AWARD AND EXECUTION OF THE CONTRACT."** For the convenience of the bidder, below are highlights of three subsections of the specifications.

Section 102.1: Pre-Qualification of Bidders

In accordance with Wisconsin State Statutes 66.0901 (2) and (3), all bidders must submit to the Board of Public Works proof of responsibility on forms furnished by the City. The City requires that all bidders be qualified on a biennial basis.

Bidders must present satisfactory evidence that they have been regularly engaged in the type of work specified herein and they are fully prepared with necessary capital, materials, machinery and supervisory personnel to conduct the work to be contracted for to the satisfaction of the City. All bidders must be pre-qualified by the Board of Public Works for the type of construction on which they are bidding prior to the opening of the bid.

In accordance with Section 39.02(9)(a)l. of the Madison General Ordinances, all bidders shall submit in writing to the Affirmative Action Division Manager of the City of Madison, a Certificate of Compliance or an Affirmative Action Plan at the same time or prior to the submission of the proof of responsibility forms. The bidder shall be disqualified if the bidder fails to or refuses to, prior to opening of the bid, submit a Certificate of compliance, Affirmative Action Plan or Affirmative Action Data Update, as applicable, as defined by Section 39.02 of the Madison General Ordinances (entitled Affirmative Action) and as required by Section 102.11 of the Standard Specifications.

Section 102.4: Proposals

No bid will be accepted that does not contain an adequate or reasonable price for each and every item named in the Schedule of Unit Prices.

A lump sum bid for the work in accordance with the plans and specifications is required. The lump sum bid must be the same as the total amounts bid for the various items and it shall be inserted in the space provided.

All papers bound with or attached to the proposal form are considered a part thereof and must not be detached or altered when the proposal is submitted. The plans, specifications and other documents designated in the proposal form will be considered a part of the proposal whether attached or not.

A proposal submitted by an individual shall be signed by the bidder or by a duly authorized agent. A proposal submitted by a partnership shall be signed by a member/partner or by a duly authorized agent thereof. A proposal submitted by a corporation shall be signed by an authorized officer or duly authorized registered agent of such corporation, and the proposal shall show the name of the State under the laws of

which such corporation was chartered. The required signatures shall in all cases appear in the space provided therefore on the proposal.

Each proposal shall be placed, together with the proposal guaranty, in a sealed envelope, so marked as to indicate name of project, the contract number or option to which it applies, and the name and address of the Contractor. Proposals will be received at the place and until the hour on the date designated in the advertisement. When sent by mail, the sealed proposal marked as indicated above shall be enclosed in an additional envelope. Proposals sent by mail, submitted in person or otherwise delivered must be in the hands of the official conducting the letting by the hour on the date designated in the advertisement. Proposals received after the date designated will be returned to the bidder unopened.

The Bidder shall execute form ERD-7777 (R.9/03), a part of these proposal pages and submit same with the bidder's proposal, if applicable. REFER TO PROPOSAL SECTION.

Section 102.5: Bid Deposit (Proposal Guaranty)

No proposal shall be considered unless either (i) it is accompanied by a bid deposit of the character and amount described in the Advertisement for Bids or (ii) a biennial bid bond in an amount and form acceptable to the City of Madison has been previously submitted.

Bid deposits of unsuccessful bidders shall be returned following the award of the contract by the Common Council. Bid deposit of the successful bidders shall be returned within forty-eight (48) hours following execution of the contract and bond as required.

Bidders for this Contract(s) must be Pre-Qualified for at least one of the following type(s) of construction denoted by an

SECTION C: SBE

Instructions to Bidders City of Madison SBE Program Information

2 Small Business Enterprise (SBE) Program Information

2.1 Policy and Goal

The City of Madison reaffirms its policy of nondiscrimination in the conduct of City business by maintaining a procurement process which remains open to all who have the potential and ability to sell goods and services to the City. It is the policy of the City of Madison to allow Small Business Enterprises (SBE) maximum feasible opportunity to participate in City of Madison contracting. The bidder acknowledges that its bid has been submitted in accordance with the SBE program and is for the public's protection and welfare.

Please refer to the "ADVERTISEMENT FOR BIDS" for the goal for the utilization of SBEs on this project. SBEs may participate as subcontractors, vendors and/or suppliers, which provide a commercially useful function. The dollar value for SBE suppliers or 'materials only' vendors shall be discounted to 60% for purposes of meeting SBE goals.

A bidder which achieves or exceeds the SBE goal will be in compliance with the SBE requirements of this project. In the event that the bidder is unable to achieve the SBE goal, the bidder must demonstrate that a good faith effort to do so was made. Failure to either achieve the goal or demonstrate a good faith effort to do so will be grounds for the bidder being deemed a non-responsible contractor ineligible for award of this contract.

A bidder may count towards its attainment of the SBE goal only those expenditures to SBEs that perform a commercially useful function. For purposes of evaluating a bidder's responsiveness to the attainment of the SBE goal, the contract participation by an SBE is based on the percentage of the total base bid proposed by the Contractor. The total base bid price is inclusive of all addenda.

Work performed by an SBE firm in a particular transaction can be counted toward the goal only if it involves a commercially useful function. That is, in light of industry practices and other relevant considerations, does the SBE firm have a necessary and useful role in the transaction, of a kind for which there is a market outside the context of the SBE Program, or is the firm's role a superfluous step added in an attempt to obtain credit towards goals? If, in the judgment of the Affirmative Action Division, the SBE firm will not perform a commercially useful function in the transaction, no credit towards goals will be awarded.

The question of whether a firm is performing a commercially useful function is completely separate from the question of whether the firm is an eligible SBE. A firm is eligible if it meets the definitional criteria and ownership and control requirements, as set forth in the City of Madison's SBE Program.

If the City of Madison determines that the SBE firm is performing a commercially useful function, then the City of Madison must then decide what that function is. If the

commercially useful function is that of an SBE vendor / supplier that regularly transacts business with the respective product, then the City of Madison will count 60% of the value of the product supplied toward SBE goals.

To be counted, the SBE vendor / supplier must be engaged in selling the product in question to the public. This is important in distinguishing an SBE vendor / supplier, which has a regular trade with a variety of customers, from a firm which performs supplier-like functions on an ad hoc basis or for only one or two contractors with whom it has a special relationship.

A supplier of bulk goods may qualify as an eligible SBE vendor / supplier if it either maintains an inventory or owns or operates distribution equipment. With respect to the distribution equipment; e.g., a fleet of trucks, the term "operates" is intended to cover a situation in which the supplier leases the equipment on a regular basis for its entire business. It is not intended to cover a situation in which the firm simply provides drivers for trucks owned or leased by another party; e.g., a prime contractor, or leases such a party's trucks on an ad hoc basis for a specific job.

If the commercially useful function being performed is not that of a qualified SBE vendor / supplier, but rather that of delivery of products, obtaining bonding or insurance, procurement of personnel, acting as a broker or manufacturer's representative in the procurement of supplies, facilities, or materials, etc., only the fees or commissions will apply towards the goal.

For example, a business that simply transfers title of a product from manufacturer to ultimate purchaser; e. g., a sales representative who re-invoices a steel product from the steel company to the Contractor, or a firm that puts a product into a container for delivery would not be considered a qualified SBE vendor / supplier. The Contractor would not receive credit based on a percentage of the cost of the product for working with such firms.

Concerning the use of services that help the Contractor obtain needed supplies, personnel, materials or equipment to perform a contract: only the fee received by the service provider will be counted toward the goal. For example, use of a SBE sales representative or distributor for a steel company, if performing a commercially useful function at all, would entitle the Contractor receiving the steel to count only the fee paid to the representative or distributor toward the goal. This provision would also govern fees for professional and other services obtained expressly and solely to perform work relating to a specific contract.

Concerning transportation or delivery services: if an SBE trucking company picks up a product from a manufacturer or a qualified vendor / supplier and delivers the product to the Contractor, the commercially useful function it is performing is not that of a supplier, but simply that of a transporter of goods. Unless the trucking company is itself the manufacturer or a qualified vendor / supplier in the product, credit cannot be given based on a percentage of the cost of the product. Rather, credit would be allowed for the cost of the transportation service.

The City is aware that the rule's language does not explicitly mention every kind of business that may contribute work on this project. In administering these programs, the City would, on a case-by-case basis, determine the appropriate counting formula to apply in a particular situation.

2.2 Contract Compliance

Questions concerning the SBE Program shall be directed to the Contract Compliance Officer of the City of Madison Department of Civil Rights, Affirmative Action Division, 210 Martin Luther King, Jr. Blvd., Room 523, Madison, WI 53703; telephone (608) 266-4910.

2.3 Certification of SBE by City of Madison

The Affirmative Action Division maintains a directory of SBEs which are currently certified as such by the City of Madison. Contact the Contract Compliance Officer as indicated in Section 2.2 to receive a copy of the SBE Directory or you may access the SBE Directory online at www.cityofmadison.com/dcr/aaTBDDir.cfm.

All contractors, subcontractors, vendors and suppliers seeking SBE status must complete and submit the **Targeted Business Certification Application** to the City of Madison Affirmative Action Division by the time and date established for receipt of bids. A copy of the Targeted Business Certification Application is available by contacting the Contract Compliance Officer at the address and telephone indicated in Section 2.2 or you may access the Targeted Business Certification Application online at www.cityofmadison.com/dcr/aaTBDDir.cfm. Submittal of the Targeted Business Certification Application by the time specified does not guarantee that the applicant will be certified as a SBE eligible to be utilized towards meeting the SBE goal for this project.

2.4 Small Business Enterprise Compliance Report

2.4.1 Good Faith Efforts

Bidders shall take all necessary affirmative steps to assure that SBEs are utilized when possible and that the established SBE goal for this project is achieved. A contractor who self performs a portion of the work, and is pre-qualified to perform that category of work, may subcontract that portion of the work, but shall not be required to do so. When a bidder is unable to achieve the established SBE goal, the bidder must demonstrate that a good faith effort to do so was made. Such a good faith effort should include the following:

- 2.4.1.1 Attendance at the pre-bid meeting.
- 2.4.1.2 Using the City of Madison's directory of certified SBEs to identify SBEs from which to solicit bids.
- 2.4.1.3 Assuring that SBEs are solicited whenever they are potential sources.
- 2.4.1.4 Referring prospective SBEs to the City of Madison Affirmative Action Division for certification.
- 2.4.1.5 Dividing total project requirements into smaller tasks and/or quantities, where economically feasible, to permit maximum feasible SBE participation.
- 2.4.1.6 Establishing delivery schedules, where requirements permit, which will encourage participation by SBEs.
- 2.4.1.7 Providing SBEs with specific information regarding the work to be performed.
- 2.4.1.8 Contacting SBEs in advance of the deadline to allow such businesses sufficient time to prepare a bid.

- 2.4.1.9 Utilizing the bid of a qualified and competent SBE when the bid of such a business is deemed reasonable (i.e. 5% above the lowest bidder), although not necessarily low.
- 2.4.1.10 Contacting SBEs which submit a bid, to inquire about the details of the bid and confirm that the scope of the work was interpreted as intended.

2.4.2 Reporting SBE Utilization and Good Faith Efforts

The Small Business Enterprise Compliance Report is to be submitted by the bidder in a separate sealed envelope marked: **“ENVELOPE 2 - SBE COMPLIANCE REPORT.”** This report is due by the specified bid closing time and date. Bids submitted without a completed SBE Compliance Report as outlined below shall be deemed non-responsible and the bidder ineligible for award of this contract.

- 2.4.2.1 If the Bidder meets or exceeds the goal established for SBE utilization, the Small Business Enterprise Compliance Report shall consist of the following:

- 2.4.2.1.1 **Cover Page**, Page C-7; and
- 2.4.2.1.2 **Summary Sheet**, C-8.

- 2.4.2.2 If the bidder does not meet the goal established for SBE utilization, the Small Business Enterprise Compliance Report shall consist of the following:

- 2.4.2.2.1 **Cover Page**, Page C-7;
- 2.4.2.2.2 **Summary Sheet**, C-8; and
- 2.4.2.2.3 **SBE Contact Report**, C-9 and C-10. (A separate Contact Report must be completed for each applicable SBE which is not utilized.)

2.5 Appeal Procedure

A bidder which does not achieve the established goal and is deemed non-responsible for failure to demonstrate a good faith effort to achieve such goal and subsequently denied eligibility for award of contract may, within 72 hours of receiving such notification, appeal that decision to a special appeals committee composed of three (3) members of the Affirmative Action Commission, three (3) members of the Board of Public Works and a seventh member appointed by the Mayor. All appeals must be made in writing to the City Engineer and received within 72 hours of City of Madison’s notice. Postmark not applicable.

2.6 SBE Requirements After Award of the Contract

The successful bidder shall identify SBE subcontractors, suppliers and vendors on the subcontractor list in accordance with the specifications. The Contractor shall submit a detailed explanation of any variances between the listing of SBE subcontractors, vendors and/or suppliers on the subcontractor list and the Contractor’s SBE Compliance Report for SBE participation.

No change in SBE subcontractors, vendors and/or suppliers from those SBEs indicated in the SBE Compliance Report will be allowed without prior approval from the Engineer and the Affirmative Action Division. The contractor shall submit in writing to the City of Madison Affirmative Action Division a request to change any SBE citing specific reasons which necessitate such a change. The Affirmative Action Division will use a general test of reasonableness in approving or rejecting the contractor's request for change. If the request is approved, the Contractor will make every effort to utilize another SBE if available.

The City will monitor the project to ensure that the actual percentage commitment to SBE firms is carried out.

2.7 SBE Definition and Eligibility Guidelines

A Small Business Enterprise is a business concern awarded certification by the City of Madison. For the purposes of this program a Small Business Enterprise is defined as:

- A. An independent business operated under a single management. The business may not be a subsidiary of any other business and the stock or ownership may not be held by any individual or any business operating in the same or a similar field. In determining whether an entity qualifies as a SBE, the City shall consider all factors relevant to being an independent business including, but not limited to, the date the business was established, adequacy of its resources for the work in which it proposes to involve itself, the degree to which financial, equipment leasing and other relationships exist with other ineligible firms in the same or similar lines of work. SBE owner(s) shall enjoy the customary incidents of ownership and shall share in the risks and profits commensurate with their enjoyment interests, as demonstrated by an examination of the substance rather than form or arrangements that may be reflected in its ownership documents.
- B. A business with annual gross receipts of less than \$750,000 when averaged over the past three year period;

Firm and/or individuals that submit fraudulent documents/testimony may be barred from doing business with the City and/or forfeit existing contracts.

SBE certification is valid for one (1) year unless revoked.

**MONONA TERRACE COMMUNITY AND CONVENTION CENTER
OPERABLE PARTITION REPAIR AND FABRIC REPLACEMENT
CONTRACT NO. 6838**

It is the intent of these Special Provisions to set forth the final contractual intent as to the matter involved and shall prevail over the Standard Specifications and plans whenever in conflict therewith. In order that comparisons between the Special Provisions can be readily made, the numbering system for the Special Provisions is equivalent to that of the Specifications.

Whenever in these Specifications the term "Standard Specifications" appears, it shall be taken to refer to the City of Madison Standard Specifications for Public Works Construction and Supplements thereto.

PRE-BID INFORMATION

There will be a pre-bid tour of the existing building on TUESDAY, OCTOBER 16, 2012 AT 11:00AM to provide bidders the opportunity to acquaint themselves with the project. Jeff Griffith from Monona Terrace will be present to answer questions.

SECTION 102.10: MINIMUM RATE OF WAGE SCALE

For this project, payment of prevailing wages (white sheet) is not required if either: a single trade accounts for 85% or more of the total labor costs of the project and the bid is less than \$48,000; or no single trade accounts for 85% or more of the total labor costs of the project and the bid is less than \$100,000. For bids not meeting either of these conditions, prevailing wages shall be required.

If required, the wages and benefits paid on the contract shall not be less than those specified in the Prevailing Wage Determination included with these contract documents for the following types of work:

- Building and Heavy Construction
- Sewer, Water, and Tunnel Construction
- Local Street and Miscellaneous Paving Operations
- Residential and Agricultural Construction

All bidders are notified that all labor employed on City contracts must be paid in accordance with the minimum rate of wage scale included in the Contract Documents.

For the information of the employees working on the project, a copy of the wage scale included in the contract documents and the provisions of Section 66.0903(8) of the Wisconsin Statutes shall be kept posted by the employer and in at least one conspicuous and easily accessible place at the site of the project.

The Contractor shall keep weekly payroll records setting forth the name, address, telephone number, classification, wage rate and fringe benefit package of each employee who worked on such City project and all other projects the employee worked in the same period, and the Contractor must keep records of the individual time each employee worked on the project and for each day of the project. Such records shall also set forth the total number of hours of overtime credited to each such employee for each day and week and the amount of overtime pay received in that week. Such records shall, in addition, set forth the full weekly wages earned by each such employee and the actual hourly wage paid to that employee. The Contractor shall submit payroll records to the Engineer every week for those periods when work is being done on the project. Said submittal shall be within twenty-one (21) calendar days of the end of the Contractor's weekly pay period.

The Contractor shall ensure that employees shall be paid unconditionally and shall receive the full amounts accrued at the time of payment, computed at rates not less than those stated in the City of Madison "Minimum Rate of Wage Scale" and that each employee's rate shall be determined by the work that is done within the trade or occupation classification which should be properly assigned to such employee. Questions regarding an employee's classification or rate of pay within that classification, shall be resolved by the practice that predominates in the industry and on which the trade or occupation rate/classification is based. Therefore, rate of pay, classification and work jurisdiction disputes shall be resolved by relying upon practices established by collective bargaining agreements and guidelines used in such determinations by appropriate recognized trade unions operating within the City of Madison.

The Contractor shall agree that the normal rate of wage paid to the Contractor's employees on other projects shall not be reduced or otherwise diminished as a result of the requirement to pay no less than the minimum rate of wage scale on a City project. Mulcting of employees on City projects by contractors, such as by kickbacks or other such devices, is prohibited.

These contract provisions shall apply to all work performed on the contract by the Contractor with its own organization and with assistance of laborers under its immediate superintendency and to all work performed by piecework or by subcontract. No laborer, worker, or mechanic shall be employed directly upon the site of the work except on a wage basis, but this shall not be construed to prohibit the rental of equipment from individuals.

In the event of a refusal by the Contractor to submit payroll records as required by the contract, the City of Madison shall have the option to cancel this contract and request the Surety to perform or to relet the balance of the work for bids, and in that event, to charge the Contractor for any loss which the City may incur thereby.

SECTION 102.12: BEST VALUE CONTRACTING

This Contract shall be considered a Best Value Contract if the Contractor's bid is equal to or greater than \$51,500 for a single trade contract; or equal to or greater than \$251,000 for a multi-trade contract pursuant to MGO 33.07(7).

ARTICLE 102.3 EQUAL BENEFITS REQUIREMENT (SEC. 39.07, MGO)

This provision applies to contracts executed by the City on July 1, 2012 or later, unless exempt by Sec. 39.07 of the Madison General Ordinances (MGO).

For the duration of this Contract, the Contractor agrees to offer and provide benefits to employees with domestic partners that are equal to the benefits offered and provided to married employees with spouses, and to comply with all provisions of Sec. 39.07, MGO. If a benefit would be available to the spouse of a married employee, or to the employee based on his or her status as a spouse, the benefit shall also be

made available to a domestic partner of an employee, or to the employee based on his or her status as a domestic partner. "Benefits" include any plan, program or policy provided or offered to employees as part of the employer's total compensation package, including but not limited to, bereavement leave, family medical leave, sick leave, health insurance or other health benefits, dental insurance or other dental benefits, disability insurance, life insurance, membership or membership discounts, moving expenses, pension and retirement benefits, and travel benefits.

Cash Equivalent. If after making a reasonable effort to provide an equal benefit for a domestic partner of an employee, the Contractor is unable to provide the benefit, the Contractor shall provide the employee with the cash equivalent of the benefit.

Proof of Domestic Partner Status. The Contractor may require an employee to provide proof of domestic partnership status as a prerequisite to providing the equal benefits. Any such requirement of proof shall comply with Sec. 39.07(4), MGO.

Notice Posting, Compliance. The Contractor shall post a notice informing all employees of the equal benefit requirements of this Contract, the complaint procedure, and agrees to produce records upon request of the City, as required by Sec. 39.07, MGO.

Subcontractors. Contractor shall require all subcontractors, the value of whose work exceeds the single-trade minimum set forth in Sec 33.07(7)(b)5., MGO, to provide equal benefits in compliance with Sec. 39.07, MGO.

See Section 39.07 MGO for exemptions from this requirement. Exemptions from this requirement include a Contractor whose employees are under a collective bargaining agreement that was in effect prior to July 1, 2012, however, the Contractor must agree to propose to the applicable collective bargaining unit(s) that an equal benefit requirement consistent with this ordinance be incorporated into the next collective bargaining agreement or in the existing agreement upon amendment, extension or other modification that occurs after July 1, 2012.

SECTION 105.1: AUTHORITY OF THE ENGINEER

The Engineer shall resolve all questions which arise as to the quality and acceptability of materials furnished, work performed, manner of performance, rate of progress of the work, interpretation of the plans and Specifications, acceptable fulfillment of the contract, compensation, and disputes and mutual rights between Contractors under the Specifications. The Engineer shall determine the amount and quantity of work performed and materials furnished.

All decisions of the Engineer shall, when so requested, be rendered in writing. They shall be final and conclusive in all matters unless within ten (10) days after such decision the Contractor applies in writing to the Board of Public Works for a review of such decision.

Any change proposed by a Contractor in SBE subcontractors, vendors or suppliers from those SBEs indicated on the SBE Compliance Report must be approved by the Engineer and the City's Manager of the Affirmative Action Division (hereafter, AAD). When requested, such decision shall be rendered in writing. Such decisions shall be final and conclusive in all matters unless within ten (10) days after such decision the Contractor or the affected SBE applies in writing to the Board of Public Works for a review of such decision.

In the event the Engineer and the AAD disagree over the proper decision to be made regarding an SBE, the Mayor shall appoint a third person to resolve the disagreement, within 30 days of appointment. The

decision thus rendered may be reviewed by the Board of Public Works upon request of the Contractor or the affected SBE as set forth in Sections 105.1 and 105.2 of the City's standard specifications.

SECTION 107.14 WEAPONS PROHIBITION

Contractor shall prohibit, and shall require its subcontractors to prohibit, its employees from carrying weapons, including concealed weapons, in the course of performance of work under this Contract, other than while at the Contractor's or subcontractor's own business premises. This requirement shall apply to vehicles used at any City work site and vehicles used to perform any work under this Contract, except vehicles that are an employee's "own motor vehicle" pursuant to Wis. Stat. sec. 175.60(15m).

SECTION 109.2 TIME OF COMPLETION

Please refer to Section 105.15, 109.7, and 110.5 of the Standard Specifications, which can be found here: <http://www.cityofmadison.com/Business/PW/specs.cfm>.

The successful Bidder must agree to commence the work on or before a date to be specified in a written "Start work Letter" and to fully complete all the work within consecutive **240 CALENDAR DAYS** thereafter.

DIVISION 01

1 **DIVISION 01 - GENERAL REQUIREMENTS**

2
3
4
5 **01 11 00 - SUMMARY OF PROJECT**

6
7 The work of the Single Prime Contractor comprises all work required to remove and replace the existing panel
8 fabric covering on the existing operable partitions in the Exhibit Hall, Ballroom, Hall of Ideas and Meeting
9 Rooms in the Monona Terrace Community and Convention Center located in the City of Madison, Wisconsin.

10
11 Owner shall supply new fabric.

12
13 Contract: Perform work of the Single Prime Contract under a lump sum Contract with the Owner.

14
15 The Prime Construction Contract consists of Conditions of the Contract and Work and Requirements specified in
16 Divisions 01 through Division 33.

17
18 Divisions 02 through 09 and 11 through 33 are not used.

19
20 Contractor's Use of Premises:

21
22 Coordinate use of premises under the direction of Mr. Jeff Griffith, Building Maintenance Supervisor, Monona
23 Terrace Community and Convention Center, 608-261-4013.

24
25 Assume full responsibility for the protection of products stored on the site, and move any stored products that
26 interfere with the operation of the building. Obtain and pay for use of additional storage or work areas needed for
27 operations.

28
29 Restore all areas of premises disturbed due to construction activities to original condition upon completion of
30 Project, including lawns, pavements, and other site improvements at no cost to Owner.

31
32 Building Occupancy: Portions of the building will be occupied during the entire period of construction. Do not
33 interfere with normal operations during this period. Cooperate with the Building Maintenance Supervisor in all
34 construction operations in order to minimize conflict.

35
36 **01 31 13 - PROJECT COORDINATION**

37
38 Requirements are applicable to Prime Contractor and all Subcontractors.

39
40 The Prime Contractor shall assume and take responsible charge of the Project and shall coordinate and expedite
41 the Work of its Subcontractors, to complete the Project in an orderly and timely manner.

42
43 Each Subcontractor shall:

44
45 Coordinate work of its own employees and Sub-Subcontractors.

46 Expedite its Work to assure compliance with schedules.

47 Coordinate its Work with that of the other Subcontractors.

48 Coordinate its Work with that of the Prime Contractor.

49 Coordinate its Work with that of the Owner's Separate Contractors.

50
51 Inform yourself as to progress of the Work, order materials and let subcontracts promptly, and schedule and
52 expedite work so as to avoid delay.

53
54 Notify other Subcontractors and trades whose Work is in any way connected to, combined with, or influenced by
55 your Work, and allow them reasonable time to complete their Work.

56
57 Carefully examine the Drawings and Specifications to ascertain the extent of the Work of all trades.

1 Cooperate with the Owner's authorized representative.

2
3 Owner will not expedite the work of any Contractor or Subcontractor.

4
5 **01 31 19 - PROJECT MEETINGS**

6
7 Prime Contractor shall:

- 8 1. Distribute written notice of each meeting to all required attendees and parties to the contracts at least seven
- 9 days in advance of meeting date.
- 10 2. Prepare agenda for meetings.
- 11 3. Make physical arrangements for meetings.
- 12 4. Preside at meetings.
- 13 5. Record the minutes of the meeting; include significant proceedings and decisions.
- 14 6. Reproduce and distribute copies of minutes within three days after each meeting to:
- 15 Meeting attendees.
- 16 All parties to the contracts.
- 17 Others affected by decisions made at the meetings.

18
19 Representatives of Contractors, Subcontractors, and suppliers attending meetings shall be qualified and authorized
20 to act on behalf of the entity each represents.

21
22 Owner may attend meetings to ascertain that Work is expedited consistent with Contract Documents and
23 construction schedules.

24
25 **01 33 00 – SUBMITTAL PROCEDURES**

26
27 Within 15 days after award of Contract, the Prime Contractor shall submit to the Owner two copies of a proposed
28 construction schedule.

29
30 The Contractor shall review for compliance with the Contract Documents, approve, and submit to the Owner
31 Shop Drawings, Product Data, Samples, and similar submittals required by the Contract Documents with
32 reasonable promptness and in such sequence as to cause no delay in the Work or in the activities of the Owner or
33 of separate contractors. Submittals that are not marked as reviewed for compliance with the Contract Documents
34 and approved by the Contractor **will be returned by Owner without action.**

35
36 By approving and submitting Shop Drawings, Product Data, Samples, and similar submittals, the Contractor
37 represents that he has determined and verified materials, field measurements, and field construction criteria
38 related thereto, or will do so, and has checked and coordinated the information contained within such submittals
39 with the requirements of the Work, the Project, and the Contract Documents.

40
41 Contractor shall perform no portion of the Work for which the Contract Documents require submittal and review
42 of Shop Drawings, Product Data, Samples or similar submittals until the respective submittal has been reviewed
43 by the Owner.

44
45 The Work shall be in accordance with approved submittals except that Contractor shall not be relieved of
46 responsibility for deviations from requirements of the Contract Documents by Owner's review of Shop Drawings,
47 Product Data, Samples, or similar submittals unless Contractor has specifically informed Owner in writing of such
48 deviation at the time of submittal and (1) Owner has given written approval to the specific deviation as a Minor
49 Change in the Work, or (2) a Change Order or Construction Change Directive has been issued authorizing the
50 deviation. Contractor shall not be relieved of responsibility for errors or omissions in Shop Drawings, Product
51 Data, Samples, or similar submittals, by the Owner's review thereof.

52
53 Owner will review and approve or take other appropriate action upon Contractor's submittals such as Shop
54 Drawings, Product Data and Samples, but only for the limited purpose of checking for conformance with
55 information given and the design concept expressed in the Contract Documents. The Owner's action will be taken
56 with such reasonable promptness as to cause no unreasonable delay in the Work or in the activities of the Owner,
57 Contractor or separate contractors. Review of such submittals is not conducted for the purpose of determining the
58 accuracy and completeness of other details such as dimensions and quantities, or for substantiating instructions for

1 installation or performance of equipment or systems, all of which remain the responsibility of Contractor as
2 required by the Contract Documents. The Owner's review shall not constitute approval of safety precautions or, of
3 any construction means, methods, techniques, sequences or procedures. The Owner's approval of a specific item
4 shall not indicate approval of an assembly of which the item is a component.
5

6 For all submittals, submit number of copies of Shop Drawings, Product Data, Samples, and similar submittals,
7 which Contractor requires for its own use, plus two copies, which will be retained by the Owner.
8

9 When samples are required, submit at least 2 samples of finishes and materials unless otherwise noted in
10 respective product specification.
11

12 Submittals shall include: Date and subsequent revision dates; names of Contractor, Subcontractor, Supplier, and
13 manufacturer; project title and number; identification of product or material; relations to adjacent structure or
14 materials; field dimensions, clearly indicated as such; identification of deviations from Contract Documents; and
15 the Contractor's stamp, initialed or signed, certifying to approval of the prepared submittal, verification of field
16 conditions and measurements, and compliance with Contract Documents.
17

18 Contractor shall not submit any shop drawing that is simply a tracing or other copy of any of the Contract
19 Documents. Each Shop Drawing must be prepared by the Contractor, or a subcontractor or supplier of the
20 Contractor. Owner may reject any Shop Drawing that is not in conformance with this provision, and no extension
21 of the Contract Time shall be considered on account of such rejection.
22

23 Corrections or changes indicated on Shop Drawings shall not be considered as extra work order. No Shop
24 Drawings shall be used in the Work of the Project unless it bears the Owner's approval.
25

26 Do not revise previously approved submittals. Prominently indicate on all submittals any changes that have been
27 made other than those requested by the Owner.
28

29 Submit to Owner "Material Safety Data Sheets," OSHA Form OSHA-20, for any item(s) provided during the
30 performance of the Work which may have toxic, hazardous, or infectious substances as defined by the Federal
31 Occupational, Safety and Health Standards entitled "Subpart Z - Toxic and Hazardous Substances, Section
32 1910.1000-". Submit two copies with each Product Data copy.
33

34 Use of asbestos-containing materials as part of the Work is expressly prohibited.
35

36 **01 35 16 - ALTERATION PROJECT PROCEDURES**

37

38 These procedures are applicable to alterations of the existing building, and apply to the Prime Contractor and his
39 Subcontractors. Each Subcontractor shall perform alteration work normally associated with his trade or trades.
40

41 Prime Contractor shall coordinate its Work with its Subcontractors and shall schedule elements of alteration and
42 renovation work by procedures and methods to expedite completion of the Project.
43

44 Patch, repair, and refinish existing items to remain, to the specified condition for each material, with a
45 workmanlike transition to adjacent new items of construction.
46

47 Assign the work of moving, removal, cutting and patching to trades qualified to perform the work in a manner to
48 cause least damage to each type of work, and provide means of returning surfaces to appearance of new work.
49

50 Patch and extend existing work using skilled mechanics that are capable of matching existing quality of
51 workmanship. Quality of patched or extended work shall be not less than that specified for new work.
52

53 Refinish patched portions of painted or coated surfaces in a manner to produce uniform color and texture over
54 entire surface.
55

56 When new work abuts or finishes flush with existing work, make a smooth and workmanlike transition. Patched
57 work shall match existing adjacent work in texture and appearance so that the patch or transition is invisible at a
58 distance of five feet.

1 When finished surfaces are cut in such a way that smooth transition with new work is not possible, terminate
2 existing surfaces in a neat manner along a straight line at a natural line of division, and provide trim appropriate to
3 finish surface.
4

5 **01 41 00 - REGULATORY REQUIREMENTS**
6

7 Unless otherwise specifically directed by Prime Contractor each Subcontractor and each Sub-subcontractor shall
8 comply with provisions specified herein as required for proper execution and completion of their Work or
9 portions thereof.
10

11 Comply with and give notices required by laws, regulations and lawful orders of public authorities having
12 jurisdiction bearing on performance of the Work. Also comply with and give notices required by Owner's and
13 Contractors' insurance companies, and labor regulations relating to the performance of the Work, and the
14 maintenance of passage ways.
15

16 Procure all permits and licenses, pay all charges and fees and give all notices necessary and incidental to the due
17 and lawful prosecution of the Work.
18

19 Exercise precautions at all times for the protection of persons (including employees) and property. Observe the
20 safety provisions of applicable laws, building and construction codes.
21

22 Taxes: Pay sales, consumer, use and similar taxes required by law, including but not limited to unemployment,
23 FICA; state, Federal, and local municipality sales; excise and manufacturers taxes for the Work provided by
24 Contractor which are legally enacted when bids are received or negotiations concluded, whether or not yet
25 effective or merely scheduled to go into effect.
26

27 Permits, Fees, Licenses, and Inspections: Unless otherwise provided in the Contract Documents, Contractor shall
28 secure and pay for permits and governmental fees, licenses, inspections, and approvals necessary for proper
29 execution and completion of the Work which are customarily secured after execution of the Contract and which
30 are legally required when bids are received or negotiations concluded.
31

32 Owner will obtain plan approvals and pay all fees required by the Wisconsin Division of Safety and Buildings
33 (WDSB) and the City of Madison.
34

35 Prime Contractor shall furnish Owner with a copy of all required permits and certificates.
36

37 **01 50 00 - TEMPORARY FACILITIES**
38

39 Keep a complete set of all Contract Documents, approved plans, approved shop drawings, change orders, and
40 other modifications (see 01 78 39 - Project Record Documents) in a room in the existing building to be identified
41 by the Building Maintenance Supervisor after award of Contract.
42

43 Toilet facilities within the existing building will be designated by the Building Maintenance Supervisor for use of
44 all construction personnel. Prime Contractor shall be responsible for maintaining existing sanitary facilities that
45 are utilized by workers on the job site.
46

47 Barriers: Furnish, install and maintain suitable barriers as required to prevent public entry, and to protect the
48 Project, and existing facilities from construction operations. Remove when no longer needed, or at completion of
49 Project.
50

51 Dust Control: Provide positive methods and apply dust control materials to minimize raising dust from
52 construction operations, and provide positive means to prevent air-borne dust from dispersing into other areas of
53 the facility.
54

55 Debris Control: Maintain all areas of construction activity free of extraneous debris. See 01 74 00 – Cleaning.
56

1 Temporary Power, Ventilating and Water:

2
3 General: Provide temporary lighting, ventilation and water for construction needs throughout the construction
4 period. Remove temporary materials and equipment on completion of the Work.

5
6 Lighting Requirements:

7
8 Provide temporary artificial lighting for all areas of construction activity when natural light or existing lighting
9 does not produce a uniform illumination of 20-foot candles. Illumination shall in all areas meet or exceed State
10 Code Requirements or other more stringent State, local, or Federal requirements.

11
12 Power Source: Arrange with the Building Maintenance Supervisor for temporary power from existing service.
13 Electrical consumption paid by Owner.

14
15 Ventilating Requirements:

16
17 Provide temporary local exhaust ventilation to prevent hazardous accumulations and dispersal of dust, fumes,
18 mists, vapors, or gasses into atmosphere of areas occupied during construction and into other areas of the facility.

19
20 Water Requirements:

21
22 Provide temporary water for construction needs.

23
24 Water Source: Arrange with the Building Maintenance Supervisor for temporary water from existing. Water
25 usage costs paid by Owner.

26
27 Lifts: Use of Owner's two scissor lifts will be permitted, provided lifts are cleaned and maintained in a condition
28 acceptable to Owner.

29
30 **01 60 00 – PRODUCT REQUIREMENTS**

31
32 Labor and Materials:

33
34 Unless otherwise provided in the Contract Documents, provide and pay for labor, materials, equipment, tools,
35 construction equipment, and machinery, water, heat, utilities, transportation, and other facilities and services
36 necessary for proper execution and completion of the Work, whether temporary or permanent and whether or not
37 incorporated or to be incorporated in the Work.

38
39 Enforce strict discipline and good order among your employees and other persons carrying out the Contract. Do
40 not permit employment of unfit persons or persons not skilled in tasks assigned to them.

41
42 **01 74 00 - CLEANING**

43
44 Throughout the construction period Prime Contractor shall maintain all areas of work in a standard of cleanliness.
45 Maintain all areas of construction activity free of extraneous debris. Initiate and maintain a specific program to
46 prevent accumulation of debris at the project site.

47
48 Waste Collection Containers: Use of Owner's waste collection containers will be permitted for deposit of debris
49 generated from the Work of this Project.

50
51 Schedule periodic collection and disposal of debris.

52
53 Owner reserves the right to arrange for the removal of debris that in his opinion creates a hazard to the building
54 and the occupants and the cost thereof shall be charged to the Contractor. In particular, excessive accumulation of
55 flammable debris will not be tolerated.

1 Upon or near completion of the project, thoroughly clean all Work.

2
3 **01 77 00 - CLOSEOUT PROCEDURES**

4
5 Substantial Completion:

6
7 Proceed as follows when Contractor considers the Work to be Substantially Complete:

8
9 Submit written notice to the Owner with list of items to be completed or corrected.

10
11 Within a reasonable time, the Owner will inspect to determine status of completion.

12
13 Should Owner determine that Work is not substantially complete, he will promptly notify Contractor in
14 writing, giving the reasons therefore.

15
16 Contractor shall remedy deficiencies, and send a second written notice of substantial completion, and
17 Owner will reinspect the Work.

18
19 Final Completion:

20
21 When Contractor considers Work is complete, he shall submit written certification that:

- 22
23 1. Contract Documents have been reviewed.
24 2. Work has been inspected for compliance with Contract Documents.
25 3. Work has been completed in accordance with Contract Documents, and deficiencies listed have
26 been corrected.
27 4. Work is complete and ready for final inspection.

28
29 Closeout Submittals:

30
31 Evidence of compliance with requirements of governing authorities:

- 32 1. Affidavit of Compliance with Prevailing Wage Rate Determination.
33

34 Project Record Documents: In accordance with 01 78 39.

35
36 Operation and Maintenance Data, Instructions to Owner's Personnel: In accordance with 01 78 23.

37
38 Warranties and Bonds: In accordance with 01 78 36.

39
40 **01 78 23 - OPERATION AND MAINTENANCE DATA**

41
42 Compile product data and related information appropriate for Owner's maintenance and operation of Products
43 furnished under Contract. Prepare operating and maintenance data in form of an instructional manual for use by
44 Owner's personnel.

45
46 Instruct Owner's personnel in maintenance of products.

47
48 Submit two copies of approved operating and maintenance manual to Owner after final inspection or acceptance.

49
50 **01 78 36 - WARRANTIES AND BONDS**

11
12 Owner shall supply new fabric.

13
14 **REFERENCES**

15
16 Standards:

17
18 ASTM E84: Test Method for Surface Burning Characteristics of Building Materials.

19
20 **SUBMITTALS**

21
22 Qualification Data: Submit installer qualifications.

23
24 **QUALITY ASSURANCE**

25
26 Preinstallation Conference: Conduct conference at Project site with Owner to review methods and procedures
27 related to fabric covering replacement, but not limited to, the following:

28
29 Inspect and discuss condition of existing operable partitions and other preparatory work.

30
31 Review and finalize construction schedule and verify availability of materials, Installer's personnel,
32 equipment, and facilities needed to make schedule and avoid delays.

33
34 **PRODUCT DELIVERY, STORAGE AND HANDLING**

35
36 Take care to prevent damage during delivery, handling and storage.

37
38 Store fabric covering in undamaged condition as packaged by manufacturer.

39
40 Store materials flat in a clean, dry storage area where temperature shall be maintained above 40 degrees F., with

15 application, as recommended in writing by fabric covering manufacturer.

16
17
18 **PART THREE - EXECUTION**

19
20 INSPECTION

21
22 Before submitting a bid, each Bidder shall visit and inspect the project site to become acquainted with the
23 adjacent areas, means of approach to the site, conditions of actual job site, and facilities for delivering, storing,
24 placing, and handling of materials and equipment.

25
26 Failure to visit the project site or failure to examine any and all Contract Documents will in no way relieve the
27 successful Bidder from necessity of furnishing any materials or equipment, or performing any work, that may be
28 required to complete the work in accordance with the Contract Documents. Neglect of above requirements will
29 not be accepted as reason for delay in the work or additional compensation.

30
31 EXAMINATION

32
33 Before commencing work, examine operable partitions, substrates, and other conditions affecting performance of
34 Work and report defects in writing to Owner.

35
36 Proceed with installation only after unsatisfactory conditions have been corrected.

37
38 PREPARATION

39
40 Remove existing bottom trim pieces, bulb seal material, and lever closure panel (LCP) trim cups. Prep and paint
41 bottom trim pieces in color selected by Owner. Reinstall refinished bottom trim pieces and install new bulb seal
42 material and LCP trim cups following new fabric covering application.

43
44 Remove existing fabric covering from operable partition faces, pass doors, and expandable closure panels.

45
46 Remove end caps and bull noses to provide access to vertical edges of panels. Reinstall caps and bull noses
47 following new fabric covering application to capture the edges of the fabric covering.

48
49 Comply with manufacturer's recommendations for substrate preparation. Sand and clean substrates of substances
50 that could impair bond of fabric covering, including, adhesive residue, incompatible primers, dirt, and dust.

51
52 Prepare substrates to achieve a smooth, dry, clean, structurally sound surface free of nicks, gouges, flaking,
53 cracks, and defects.

54
55 Prime/seal substrates in accordance with the fabric covering manufacturer's recommendations for type of
56 substrate.

1 INSTALLATION

2
3 Acclimatize fabric covering materials by removing them from packaging in the installation area not less than 24
4 hours before application.

5
6 Comply with fabric covering manufacturer’s written installation instructions applicable to products and existing
7 substrates.

8
9 Fully bond fabric covering to prepared substrates.

10 Apply fabric covering in a single strip, full width and height of panels. Seams or splices not acceptable.

11
12 Remove air bubbles, wrinkles, blisters, and other defects.

13
14 Trim edges and tuck fabric covering under trim on operable partition panels, pass doors, and expandable closure
15 panels.

16
17
18 Pass Doors: Fully bond fabric covering to both faces of doors.

19
20 Expandable Closure Panels: Remove U-shaped expandable closures from the panel to allow application of fabric
21 covering. On closure component, remove trim as required and apply fabric covering to both faces.

22
23 CLEANING

24
25 Remove excess adhesive along perimeter edges and adjacent surfaces. Use cleaning methods recommended by
26 fabric covering manufacturer. Fabric covering that cannot be cleaned to the satisfaction of Owner shall be
27 replaced at no additional cost to the Owner.

28
29 Remove surplus materials, rubbish, and debris resulting from fabric covering installation upon completion of
30 work, and leave areas of installation in neat, clean condition.

CONTRACT NO. 6838

ACCOUNT NUMBER: EM01-58401-810598-00-1100019

		TOTAL BID
	LUMP SUM BID	

SECTION F: BID BOND

KNOW ALL MEN BY THESE PRESENT, THAT _____
(a corporation of the State of _____) (individual), (partnership), hereinafter referred to as the "Principal") and _____, a corporation of the State of _____ (hereinafter referred to as the "Surety") and licensed to do business in the State of Wisconsin, are held and firmly bound unto the City of Madison, (hereinafter referred to as the "Obligee"), in the sum of five per cent (5%) of the amount of the total bid or bids of the Principal herein accepted by the Obligee, for the payment of which the Principal and the Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents.

The conditions of this obligation are such that, whereas the Principal has submitted, to the City of Madison a certain bid, including the related alternate, and substitute bids attached hereto and hereby made a part hereof, to enter into a contract in writing for the construction of:

MONONA TERRACE COMMUNITY AND CONVENTION CENTER OPERABLE PARTITION REPAIR AND FABRIC REPLACEMENT CONTRACT NO. 6838

1. If said bid is rejected by the Obligee, then this obligation shall be void.
2. If said bid is accepted by the Obligee and the Principal shall execute and deliver a contract in the form specified by the Obligee (properly completed in accordance with said bid) and shall furnish a bond for his/her faithful performance of said contract, and for the payment of all persons performing labor or furnishing materials in connection therewith, and shall in all other respects perform the agreement created by the acceptance of said bid, then this obligation shall be void.

If said bid is accepted by the Obligee and the Principal shall fail to execute and deliver the contract and the performance and payment bond noted in 2. above executed by this Surety, or other Surety approved by the City of Madison, all within the time specified or any extension thereof, the Principal and Surety agree jointly and severally to forfeit to the Obligee as liquidated damages the sum mentioned above, it being understood that the liability of the Surety for any and all claims hereunder shall in no event exceed the sum of this obligation as stated, and it is further understood that the Principal and Surety reserve the right to recover from the Obligee that portion of the forfeited sum which exceed the actual liquidated damages incurred by the Obligee.

The Surety, for value received, hereby stipulates and agrees that the obligations of said Surety and its bond shall be in no way impaired or affected by an extension of the time within which the Obligee may accept such bid, and said Surety does hereby waive notice of any such extension.

IN WITNESS WHEREOF, the Principal and the Surety have hereunto set their hands and seals, and such of them as are corporations have caused their corporate seals to be hereto affixed and these presents to be signed by their proper officers, on the day and year set forth below.

SECTION G: AGREEMENT

THIS AGREEMENT made this _____ day of _____ in the year Two Thousand and Twelve between _____ hereinafter called the Contractor, and the City of Madison, Wisconsin, hereinafter called the City.

WHEREAS, the Common Council of the said City of Madison under the provisions of a resolution adopted _____, and by virtue of authority vested in the said Council, has awarded to the Contractor the work of performing certain construction.

NOW, THEREFORE, the Contractor and the City, for the consideration hereinafter named, agree as follows:

1. **Scope of Work.** The Contractor shall, perform the construction, execution and completion of the following listed complete work or improvement in full compliance with the Plans, Specifications, Standard Specifications, Supplemental Specifications, Special Provisions and contract; perform all items of work covered or stipulated in the proposal; perform all altered or extra work; and shall furnish, unless otherwise provided in the contract, all materials, implements, machinery, equipment, tools, supplies, transportation, and labor necessary to the prosecution and completion of the work or improvements:

MONONA TERRACE COMMUNITY AND CONVENTION CENTER OPERABLE PARTITION REPAIR AND FABRIC REPLACEMENT CONTRACT NO. 6838

2. **Completion Date/Contract Time.** Construction work must begin within seven (7) calendar days after the date appearing on mailed written notice to do so shall have been sent to the Contractor and shall be carried on at a rate so as to secure full completion SEE SPECIAL PROVISIONS, the rate of progress and the time of completion being essential conditions of this Agreement.
3. **Contract Price.** The City shall pay to the Contractor at the times, in the manner and on the conditions set forth in said specifications, the sum of _____ (\$ _____) Dollars being the amount bid by such Contractor and which was awarded to him/her as provided by law.
4. **Wage Rates for Employees of Public Works Contractors**

General and Authorization. The Contractor shall compensate its employees at the prevailing wage rate in accordance with section 66.0903, Wis. Stats., DWD 290 of the Wisconsin Administrative Code and as hereinafter provided.

“Public Works” shall include building or work involving the erection, construction, remodeling, repairing or demolition of buildings, parking lots, highways, streets, bridges, sidewalks, street lighting, traffic signals, sanitary sewers, water mains and appurtenances, storm sewers, and the grading and landscaping of public lands.

“Building or work” includes construction activity as distinguished from manufacturing, furnishing of materials, or servicing and maintenance work, except for the delivery of mineral aggregate such as sand, gravel, bituminous asphaltic concrete or stone which is incorporated into the work under contract with the City by depositing the material directly in final place from transporting vehicle.

“Erection, construction, remodeling, repairing” means all types of work done on a particular building or work at the site thereof in the construction or development of the project, including without limitation, erecting, construction, remodeling, repairing, altering, painting, and decorating, the transporting of materials and supplies to or from the building or work done by the employees of the Contractor, Subcontractor, or Agent thereof, and the manufacturing or furnishing of materials, articles, supplies or equipment on the site of the building or work, by persons employed by the Contractor, Subcontractor, or Agent thereof.

“Employees working on the project” means laborers, workers, and mechanics employed directly upon the site of work.

“Laborers, Workers, and Mechanics” include preapprentices, helpers, trainees, learners and properly registered and indentured apprentices but exclude clerical, supervisory, and other personnel not performing manual labor.

Establishment of Wage Rates. The Department of Public Works shall periodically obtain a current schedule of prevailing wage rates from DWD. The schedule shall be used to establish the City of Madison Prevailing Wage Rate Schedule for Public Works Construction (prevailing wage rate). The Department of Public Works may include known increases to the prevailing wage rate which can be documented and are to occur on a future specific date. The prevailing wage rate shall be included in public works contracts subsequently negotiated or solicited by the City. Except for known increases contained within the schedule, the prevailing wage rate shall not change during the contract. The approved wage rate is attached hereto.

Workforce Profile. The Contractor shall, at the time of signature of the contract, notify the City Engineer in writing of the names and classifications of all the employees of the Contractor, Subcontractors, and Agents proposed for the work. In the alternative, the Contractor shall submit in writing the classifications of all the employees of the Contractor, Subcontractors and Agents and the total number of hours estimated in each classification for the work. This workforce profile(s) shall be reviewed by the City Engineer who may, within ten (10) days, object to the workforce profile(s) as not being reflective of that which would be required for the work. The Contractor may request that the workforce profile, or a portion of the workforce profile, be submitted after the signature of the contract but at least ten (10) days prior to the work commencing. Any costs or time loss resulting from modifications to the workforce profile as a result of the City Engineer’s objections shall be the responsibility of the Contractor.

Payrolls and Records. The Contractor shall keep weekly payroll records setting forth the name, address, telephone number, classification, wage rate and fringe benefit package of all the employees who work on the contract, including the employees of the Contractor’s subcontractors and agents. Such weekly payroll records must include the required information for all City contracts and all other contracts on which the employee worked during the week in which the employee worked on the contract. The Contractor shall also keep records of the individual time each employee worked on the project and for each day of the project. Such records shall also set forth the total number of hours of overtime credited to each such employee for each day and week and the amount of overtime pay received in that week. The records shall set forth the full weekly wages earned by each employee and the actual hourly wage paid to the employee.

The Contractor shall submit the weekly payroll records, including the records of the Contractor’s subcontractors and agents, to the City Engineer for every week that work is being done on the contract. The submittal shall be within twenty-one (21) calendar days of the end of the Contractor’s weekly pay period.

Employees shall receive the full amounts accrued at the time of the payment, computed at rates not less than those stated in the prevailing wage rate and each employee's rate shall be determined by the work that is done within the trade or occupation classification which should be properly assigned to the employee.

An employee's classification shall not be changed to a classification of a lesser rate during the contract. If, during the term of the contract, an employee works in a higher pay classification than the one which was previously properly assigned to the employee, then that employee shall be considered to be in the higher pay classification for the balance of the contract, receive the appropriate higher rate of pay, and she/he shall not receive a lesser rate during the balance of the contract. For purposes of clarification, it is noted that there is a distinct difference between working in a different classification with higher pay and doing work within a classification that has varying rates of pay which are determined by the type of work that is done within the classification. For example, the classification "Operating Engineer" provides for different rates of pay for various classes of work and the Employer shall compensate an employee classified as an "Operating Engineer" based on the highest class of work that is done in one day. Therefore, an "Operating Engineer's" rate may vary on a day to day basis depending on the type of work that is done, but it will never be less than the base rate of an "Operating Engineer". Also, as a matter of clarification, it is recognized that an employee may work in a higher paying classification merely by chance and without prior intention, calculation or design. If such is the case and the performance of the work is truly incidental and the occurrence is infrequent, inconsequential and does not serve to undermine the single classification principle herein, then it may not be required that the employee be considered to be in the higher pay classification and receive the higher rate of pay for the duration of the contract. However, the Contractor is not precluded or prevented from paying the higher rate for the limited time that an employee performs work that is outside of the employee's proper classification.

Questions regarding an employee's classification, rate of pay or rate of pay within a classification, shall be resolved by reference to the established practice that predominates in the industry and on which the trade or occupation rate/classification is based. Rate of pay and classification disputes shall be resolved by relying upon practices established by collective bargaining agreements and guidelines used in such determination by appropriate recognized trade unions operating within the City of Madison.

The Contractor, its Subcontractors and Agents shall submit to interrogation regarding compliance with the provisions of this ordinance.

Mulcting of the employees by the Contractor, Subcontractor, and Agents on Public Works contracts, such as by kickbacks or other devices, is prohibited. The normal rate of wage of the employees of the Contractor, Subcontractor, and Agents shall not be reduced or otherwise diminished as a result of payment of the prevailing wage rate on a public works contract.

Hourly contributions. Hourly contributions shall be determined in accordance with the prevailing wage rate and with DWD. 290.01(10), Wis. Admin. Code.

Apprentices and Subjourneypersons. Apprentices and subjourneypersons performing work on the project shall be compensated in accordance with the prevailing wage rate and with DWD 290.02, and 290.025, respectively, Wis. Admin. Code.

Straight Time Wages. The Contractor may pay straight time wages as determined by the prevailing wage rate and DWD 290.04, Wis. Admin. Code.

Overtime Wages. The Contractor shall pay overtime wages as required by the prevailing wage rate and DWD 290.05, Wis. Admin. Code.

Posting of Wage Rates and Hours. A clearly legible copy of the prevailing wage rate, together with the provisions of Sec. 66.0903(10)(a) and (11)(a), Wis. Stats., shall be kept posted in at least one conspicuous and easily accessible place at the project site by the Contractor and such notice shall remain posted during the full time any laborers, workers or mechanics are employed on the contract.

Evidence of Compliance by Contractor. Upon completion of the contract, the Contractor shall file with the Department of Public Works an affidavit stating:

- a. That the Contractor has complied fully with the provisions and requirements of Sec. 66.0903(3), Wis. Stats., and Chapter DWD 290, Wis. Admin. Code; the Contractor has received evidence of compliance from each of the agents and subcontractors; and the names and addresses of all of the subcontractors and agents who worked on the contract.
- b. That full and accurate records have been kept, which clearly indicate the name and trade or occupation of every laborer, worker or mechanic employed by the Contractor in connection with work on the project. The records shall show the number of hours worked by each employee and the actual wages paid therefor; where these records will be kept and the name, address and telephone number of the person who will be responsible for keeping them. The records shall be retained and made available for a period of at least three (3) years following the completion of the project of public works and shall not be removed without prior notification to the municipality.

Evidence of Compliance by Agent and Subcontractor. Each agent and subcontractor shall file with the Contractor, upon completion of their portion of the work on the contract an affidavit stating that all the provisions of Sec. 66.0903(3), Wis. Stats., have been fully complied with and that full and accurate records have been kept, which clearly indicate the name and trade or occupation of every laborer, worker or mechanic employed by the Contractor in connection with work on the project. The records shall show the number of hours worked by each employee and the actual wages paid therefor; where these records shall be kept and the name, address and telephone number of the person who shall be responsible for keeping them. The records shall be retained and made available for a period of at least three (3) years following the completion of the project of public works and shall not be removed without prior notification to the municipality.

Failure to Comply with the Prevailing Wage Rate. If the Contractor fails to comply with the prevailing wage rate, she/he shall be in default on the contract.

5. **Affirmative Action.** In the performance of the services under this Agreement the Contractor agrees not to discriminate against any employee or applicant because of race, religion, marital status, age, color, sex, disability, national origin or ancestry, income level or source of income, arrest record or conviction record, less than honorable discharge, physical appearance, sexual orientation, political beliefs, or student status. The Contractor further agrees not to discriminate against any subcontractor or person who offers to subcontract on this contract because of race, religion, color, age, disability, sex or national origin.

The Contractor agrees that within thirty (30) days after the effective date of this agreement, the Contractor will provide to the City Affirmative Action Division certain workforce utilization statistics, using a form to be furnished by the City.

If the contract is still in effect, or if the City enters into a new agreement with the Contractor, within one year after the date on which the form was required to be provided, the Contractor will provide updated workforce information using a second form, also to be furnished by the City. The second form will be submitted to the City Affirmative Action Division no later than one year after the date on which the first form was required to be provided.

The Contractor further agrees that, for at least twelve (12) months after the effective date of this contract, it will notify the City Affirmative Action Division of each of its job openings at facilities in Dane County for which applicants not already employees of the Contractor are to be considered. The notice will include a job description, classification, qualifications and application procedures and deadlines. The Contractor agrees to interview and consider candidates referred by the Affirmative Action Division if the candidate meets the minimum qualification standards established by the Contractor, and if the referral is timely. A referral is timely if it is received by the Contractor on or before the date started in the notice.

Articles of Agreement

Article I

The Contractor shall take affirmative action in accordance with the provisions of this contract to insure that applicants are employed, and that employees are treated during employment without regard to race, religion, color, age, marital status, disability, sex or national origin and that the employer shall provide harassment free work environment for the realization of the potential of each employee. Such action shall include, but not be limited to, the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation and selection for training including apprenticeship insofar as it is within the control of the Contractor. The Contractor agrees to post in conspicuous places available to employees and applicants notices to be provided by the City setting out the provisions of the nondiscrimination clauses in this contract.

Article II

The Contractor shall in all solicitations or advertisements for employees placed by or on behalf of the Contractor state that all qualified or qualifiable applicants will be employed without regard to race, religion, color, age, marital status, disability, sex or national origin.

Article III

The Contractor shall send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding a notice to be provided by the City advising the labor union or worker's representative of the Contractor's equal employment opportunity and affirmative action commitments. Such notices shall be posted in conspicuous places available to employees and applicants for employment.

Article V

The Contractor agrees that it will comply with all provisions of the Affirmative Action Ordinance of the City of Madison, including the contract compliance requirements. The Contractor agrees to submit the model affirmative action plan for public works contractors in a form approved by the Director of Affirmative Action.

Article VI

The Contractor will maintain records as required by Section 39.02(9)(f) of the Madison General Ordinances and will provide the City Affirmative Action Division with access to such records and to persons who have relevant and necessary information, as provided in Section 39.02(9)(f). The City agrees to keep all such records confidential, except to the extent that public inspection is required by law.

Article VII

In the event of the Contractor's or subcontractor's failure to comply with the Equal Employment Opportunity and Affirmative Action Provisions of this contract or Section 39.03 and 39.02 of the Madison General Ordinances, it is agreed that the City at its option may do any or all of the following:

1. Cancel, terminate or suspend this Contract in whole or in part.
2. Declare the Contractor ineligible for further City contracts until the Affirmative Action requirements are met.
3. Recover on behalf of the City from the prime Contractor 0.5 percent of the contract award price for each week that such party fails or refuses to comply, in the nature of liquidated damages, but not to exceed a total of five percent (5%) of the contract price, or five thousand dollars (\$5,000), whichever is less. Under public works contracts, if a subcontractor is in noncompliance, the City may recover liquidated damages from the prime Contractor in the manner described above. The preceding sentence shall not be construed to prohibit a prime Contractor from recovering the amount of such damage from the non-complying subcontractor.

Article VIII

The Contractor shall include the above provisions of this contract in every subcontract so that such provisions will be binding upon each subcontractor. The Contractor shall take such action with respect to any subcontractor as necessary to enforce such provisions, including sanctions provided for noncompliance.

Article IX

The Contractor shall allow the maximum feasible opportunity to small business enterprises to compete for any subcontracts entered into pursuant to this contract.

The department received an application for prevailing wage rate determination for the above-captioned project. The department conducted a survey to determine the prevailing wage rate for the trade(s) or occupation(s) needed to complete the project. The survey's findings appear in the attached project determination.

If you believe that the wage rate for any trade or occupation does not accurately reflect the prevailing wage rate in the city, village or town where the project is located, you may ask the department to conduct an administrative review of such wage rate. You must submit this request in writing within 30 days from the date indicated above. Additionally, your request must include wage rate information from at least three similar projects in the city, village or town where the proposed project is located and on which some work has been performed by the contested trade(s) during the current survey period and was previously considered by the department in issuing the attached determination. See DWD 290.10 of the Wisconsin Administrative Code and either s. 66.0903(3)(br), s. 66.0904(4)(e), or s. 103.49(3)(c), Stats., for a complete explanation of the administrative review process.

Enclosures

It is hereby ordered that the prevailing wage rates set forth in the attached project determination shall only be applicable to the above referenced project. This order is a **FINAL ORDER** of the department unless a timely request for an administrative review is filed with the department.

Issued by the State of Wisconsin
Department of Workforce Development
Pursuant to s. 66.0903, Wis. Stats.
Issued On: 1/13/2012

DETERMINATION NUMBER: 201200105

EXPIRATION DATE: Prime Contracts MUST Be Awarded or Negotiated On Or Before 12/31/2012. If NOT, You MUST Reapply.

PROJECT NAME: ALL PUBLIC WORKS PROJECTS UNDER SEC 66.0903, STATS.-CITY OF MADISON

PROJECT LOCATION: MADISON CITY, DANE COUNTY, WI

CONTRACTING AGENCY: CITY OF MADISON-ENGINEERING

CLASSIFICATION:	Contractors are responsible for correctly classifying their workers. Either call the Department of Workforce Development (DWD) with trade or classification questions or consult DWD's Dictionary of Occupational Classifications & Work Descriptions on the DWD website at: dwd.wisconsin.gov/er/prevailing_wage_rate/Dictionary/dictionary_main.htm .
OVERTIME:	Time and one-half must be paid for all hours worked: <ul style="list-style-type: none">- over 10 hours per day on prevailing wage projects- over 40 hours per calendar week- Saturday and Sunday- on all of the following holidays: January 1; the last Monday in May; July 4; the 1st Monday in September; the 4th Thursday in November; December 25;- The day before if January 1, July 4 or December 25 falls on a Saturday;- The day following if January 1, July 4 or December 25 falls on a Sunday. Apply the time and one-half overtime calculation to whichever is higher between the Hourly Basic Rate listed on this project determination or the employee's regular hourly rate of pay. Add any applicable Premium or DOT Premium to the Hourly Basic Rate before calculating overtime. A DOT Premium (discussed below) may supersede this time and one-half requirement.
FUTURE INCREASE:	When a specific trade or occupation requires a future increase, you MUST add the full hourly increase to the "TOTAL" on the effective date(s) indicated for the specific trade or occupation.
PREMIUM PAY:	If indicated for a specific trade or occupation, the full amount of such pay MUST be added to the "HOURLY BASIC RATE OF PAY" indicated for such trade or occupation, whenever such pay is applicable.
DOT PREMIUM:	This premium only applies to highway and bridge projects owned by the Wisconsin Department of Transportation and to the project type heading "Airport Pavement or State Highway Construction." DO NOT apply the premium calculation under any other project type on this determination.
APPRENTICES:	Pay apprentices a percentage of the applicable journey person's hourly basic rate of pay and hourly fringe benefit contributions specified in this determination. Obtain the appropriate percentage from each apprentice's contract or indenture.
SUBJOURNEY:	Subjourney wage rates may be available for some of the trades or occupations indicated below with the exception of laborers, truck drivers and heavy equipment operators. Any employer interested in using a subjourney classification on this project MUST complete Form ERD-10880 and request the applicable wage rate from the Department of Workforce Development PRIOR to using the subjourney worker on this project.

This document **MUST BE POSTED** by the **CONTRACTING AGENCY** in at least one conspicuous and easily accessible place on **the site of the project**. A local governmental unit may post this document at the place normally used to post public notices if there is no common site on the project. This document **MUST** remain posted during the entire time any worker is employed on the project and **MUST** be physically incorporated into the specifications and all contracts and subcontracts. If you have any questions, please write to the Equal Rights Division, Labor Standards Bureau, P.O. Box 8928, Madison, Wisconsin 53708 or call (608) 266-6861.

The following statutory provisions apply to local governmental unit projects of public works and are set forth below pursuant to the requirements of s. 66.0903(8), Stats.

s. 66.0903 (1) (f) & s. 103.49 (1) (c) "PREVAILING HOURS OF LABOR" for any trade or occupation in any area means 10 hours per day and 40 hours per week and may not include any hours worked on a Saturday or Sunday or on any of the following holidays:

1. January 1.
2. The last Monday in May.
3. July 4.
4. The first Monday in September.
5. The 4th Thursday in November.
6. December 25.
7. The day before if January 1, July 4 or December 25 falls on a Saturday.
8. The day following if January 1, July 4 or December 25 falls on a Sunday.

s. 66.0903 (10) RECORDS; INSPECTION; ENFORCEMENT.

(a) Each contractor, subcontractor, or contractor's or subcontractor's agent performing work on a project of public works that is subject to this section shall keep full and accurate records clearly indicating the name and trade or occupation of every person performing the work described in sub. (4) and an accurate record of the number of hours worked by each of those persons and the actual wages paid for the hours worked.

s. 66.0903 (11) LIABILITY AND PENALTIES.

- (a) 1. Any contractor, subcontractor, or contractor's or subcontractor's agent who fails to pay the prevailing wage rate determined by the department under sub. (3) or who pays less than 1.5 times the hourly basic rate of pay for all hours worked in excess of the prevailing hours of labor is liable to any affected employee in the amount of his or her unpaid wages or his or her unpaid overtime compensation and in an additional amount as liquidated damages as provided under subd. 2., 3., whichever is applicable.
2. If the department determines upon inspection under sub. (10) (b) or (c) that a contractor, subcontractor, or contractor's or subcontractor's agent has failed to pay the prevailing wage rate determined by the department under sub. (3) or has paid less than 1.5 times the hourly basic rate of pay for all hours worked in excess of the prevailing hours of labor, the department shall order the contractor to pay to any affected employee the amount of his or her unpaid wages or his or her unpaid overtime compensation and an additional amount equal to 100 percent of the amount of those unpaid wages or that unpaid overtime compensation as liquidated damages within a period specified by the department in the order.
3. In addition to or in lieu of recovering the liability specified in subd. 1. as provided in subd. 2., any employee for and in behalf of that employee and other employees similarly situated may commence an action to recover that liability in any court of competent jurisdiction. If the court finds that a contractor, subcontractor, or contractor's or subcontractor's agent has failed to pay the prevailing wage rate determined by the department under sub. (3) or has paid less than 1.5 times the hourly basic rate of pay for all hours worked in excess of the prevailing hours of labor, the court shall order the contractor, subcontractor, or agent to pay to any affected employee the amount of his or her unpaid wages or his or her unpaid overtime compensation and an additional amount equal to 100 percent of the amount of those unpaid wages or that unpaid overtime compensation as liquidated damages.
5. No employee may be a party plaintiff to an action under subd. 3. unless the employee consents in writing to become a party and the consent is filed in the court in which the action is brought. Notwithstanding s. 814.04 (1), the court shall, in addition to any judgment awarded to the plaintiff, allow reasonable attorney fees and costs to be paid by the defendant.

BUILDING OR HEAVY CONSTRUCTION

Includes sheltered enclosures with walk-in access for the purpose of housing persons, employees, machinery, equipment or supplies and non-sheltered work such as canals, dams, dikes, reservoirs, storage tanks, etc. A sheltered enclosure need not be "habitable" in order to be considered a building. The installation of machinery and/or equipment, both above and below grade level, does not change a project's character as a building. On-site grading, utility work and landscaping are included within this definition. Residential buildings of four (4) stories or less, agricultural buildings, parking lots and driveways are NOT included within this definition.

RESIDENTIAL OR AGRICULTURAL CONSTRUCTION

Includes single family houses or apartment buildings of no more than four (4) stories in height and all buildings, structures or facilities that are primarily used for agricultural or farming purposes, excluding commercial buildings. For classification purposes, the exterior height of a residential building, in terms of stories, is the primary consideration. All incidental items such as site work, driveways, parking lots, private sidewalks, private septic systems or sewer and water laterals connected to a public system and swimming pools are included within this definition. Residential buildings of five (5) stories and above are NOT included within this definition.
