PRE BID MEETING: Representatives of the Affirmative Action Department will be present to discuss the Small Business Enterprise requirements at 1600 Emil Street, Madison Wisconsin.

PREQUALIFICATION APPLICATION: Forms are available on our website, www.cityofmadison.com/business/pw/forms.cfm. If not currently prequalified in the categories listed in Section A, an amendment to your Prequalification will need to be submitted prior to the same due date. Postmark is not applicable.

BIDS TO BE SUBMITTED by hand to 1600 EMIL ST., MADISON, WI 53713 or online at www.bidexpress.com.

THE BID OPENING is at 1600 EMIL ST., MADISON, WI 53713.

STANDARD SPECIFICATIONS

The City of Madison's Standard Specifications for Public Works Construction - 2015 Edition, as supplemented and amended from time to time, forms a part of these contract documents as if attached hereto.

These standard specifications are available on the City of Madison Public Works website, www.cityofmadison.com/Business/PW/specs.cfm.

The Contractor shall review these Specifications prior to preparation of proposals for the work to be done under this contract, with specific attention to Article 102, "BIDDING REQUIREMENTS AND CONDITIONS" and Article 103, "AWARD AND EXECUTION OF THE CONTRACT." For the convenience of the bidder, below are highlights of three subsections of the specifications.

SECTION 102.1: PRE-QUALIFICATION OF BIDDERS

In accordance with Wisconsin State Statutes 66.0901 (2) and (3), all bidders must submit to the Board of Public Works proof of responsibility on forms furnished by the City. The City requires that all bidders be qualified on a biennial basis.

Bidders must present satisfactory evidence that they have been regularly engaged in the type of work specified herein and they are fully prepared with necessary capital, materials, machinery and supervisory personnel to conduct the work to be contracted for to the satisfaction of the City. All bidders must be pre-

qualified by the Board of Public Works for the type of construction on which they are bidding prior to the opening of the bid.

In accordance with Section 39.02(9)(a)l. of the General Ordinances, all bidders shall submit in writing to the Affirmative Action Division Manager of the City of Madison, a Certificate of Compliance or an Affirmative Action Plan at the same time or prior to the submission of the proof of responsibility forms.

The bidder shall be disqualified if the bidder fails to or refuses to, prior to opening of the bid, submit a Certificate of compliance, Affirmative Action Plan or Affirmative Action Data Update, as applicable, as defined by Section 39.02 of the General Ordinances (entitled Affirmative Action) and as required by Section 102.11 of the Standard Specifications.

SECTION 102.4 PROPOSAL

No bid will be accepted that does not contain an adequate or reasonable price for each and every item named in the Schedule of Unit Prices.

A lump sum bid for the work in accordance with the plans and specifications is required. The lump sum bid must be the same as the total amounts bid for the various items and it shall be inserted in the space provided.

All papers bound with or attached to the proposal form are considered a part thereof and must not be detached or altered when the proposal is submitted. The plans, specifications and other documents designated in the proposal form will be considered a part of the proposal whether attached or not.

A proposal submitted by an individual shall be signed by the bidder or by a duly authorized agent. A proposal submitted by a partnership shall be signed by a member/partner or by a duly authorized agent thereof. A proposal submitted by a corporation shall be signed by an authorized officer or duly authorized registered agent of such corporation, and the proposal shall show the name of the State under the laws of which such corporation was chartered. The required signatures shall in all cases appear in the space provided thereof on the proposal.

Each proposal shall be placed, together with the proposal guaranty, in a sealed envelope, so marked as to indicate name of project, the contract number or option to which it applies, and the name and address of the Contractor or submitted electronically through Bid Express (www.bidexpress.com). Proposals will be accepted at the location, the time and the date designated in the advertisement. Proposals received after the time and date designated will be returned to the bidder unopened.

The Bidder shall execute the Disclosure of Ownership form. REFER TO SECTION F.

SECTION 102.5: BID DEPOSIT (PROPOSAL GUARANTY)

All bids, sealed or electronic, must be accompanied with a Bid Bond equal to at least 5% of the bid or a Certificate of Annual/Biennial Bid Bond or certified check, payable to the City Treasurer. Bid deposit of the successful bidders shall be returned within forty-eight (48) hours following execution of the contract and bond as required.

PREVAILING WAGE RATES

Prevailing Wage Rates may be required and are attached in Section J of the contract. See Special Provisions to determine applicability.

Bidders for this Contract(s) must be Pre-Qualified for at least one of the following type(s) of construction denoted by an

Building Demolition

- 101 Asbestos Removal
120 House Mover

- 110 Building Demolition

Street, Utility and Site Construction

- 201 Asphalt Paving

7 Pesticide application (Certification for Commercial Applicator For Hire with the certification in the category of turf and landscape (3.0) and possess a current license issued by the DATCP)
8 State of Wisconsin Master Plumbers License.

SECTION B: PROPOSAL

Please refer to the
Bid Express Website
at <https://bidexpress.com>
look up contract number
and go to
Section B: Proposal Page

You can access all City of Madison bid solicitations for FREE at www.bidexpress.com

Click on the "Register for Free" button and follow the instructions to register your company and yourself. You will be asked for a payment subscription preference, since you may wish to bid online someday. Simply choose the method to pay on a 'per bid' basis. This requires no payment until / unless you actually bid online. You can also choose the monthly subscription plan at this time. You will, however, be asked to provide payment information. Remember, you can change your preference at anytime. You will then be able to complete your free registration and have full access to the site. Your free access does not require completion of the 'Digital ID' process, so you will have instant access for viewing and downloading. To be prepared in case you ever do wish to bid online, you may wish to establish your digital ID also, since you cannot bid without a Digital ID.

If you have any problems with the free registration process, you can call the bidexpress help team, toll free at 1-888-352-2439 (option 1, option1).

SECTION C: SMALL BUSINESS ENTERPRISE

Instructions to Bidders City of Madison SBE Program Information

2 Small Business Enterprise (SBE) Program Information

2.1 Policy and Goal

The City of Madison reaffirms its policy of nondiscrimination in the conduct of City business by maintaining a procurement process which remains open to all who have the potential and ability to sell goods and services to the City. It is the policy of the City of Madison to allow Small Business Enterprises (SBE) maximum feasible opportunity to participate in City of Madison contracting. The bidder acknowledges that its bid has been submitted in accordance with the SBE program and is for the public's protection and welfare.

Please refer to the "ADVERTISEMENT FOR BIDS" for the goal for the utilization of SBEs on this project. SBEs may participate as subcontractors, vendors and/or suppliers, which provide a commercially useful function. The dollar value for SBE suppliers or 'materials only' vendors shall be discounted to 60% for purposes of meeting SBE goals.

A bidder which achieves or exceeds the SBE goal will be in compliance with the SBE requirements of this project. In the event that the bidder is unable to achieve the SBE goal, the bidder must demonstrate that a good faith effort to do so was made. Failure to either achieve the goal or demonstrate a good faith effort to do so will be grounds for the bidder being deemed a non-responsible contractor ineligible for award of this contract.

A bidder may count towards its attainment of the SBE goal only those expenditures to SBEs that perform a commercially useful function. For purposes of evaluating a bidder's responsiveness to the attainment of the SBE goal, the contract participation by an SBE is based on the percentage of the total base bid proposed by the Contractor. The total base bid price is inclusive of all addenda.

Work performed by an SBE firm in a particular transaction can be counted toward the goal only if it involves a commercially useful function. That is, in light of industry practices and other relevant considerations, does the SBE firm have a necessary and useful role in the transaction, of a kind for which there is a market outside the context of the SBE Program, or is the firm's role a superfluous step added in an attempt to obtain credit towards goals? If, in the judgment of the Affirmative Action Division, the SBE firm will not perform a commercially useful function in the transaction, no credit towards goals will be awarded.

The question of whether a firm is performing a commercially useful function is completely separate from the question of whether the firm is an eligible SBE. A firm is eligible if it meets the definitional criteria and ownership and control requirements, as set forth in the City of Madison's SBE Program.

If the City of Madison determines that the SBE firm is performing a commercially useful function, then the City of Madison must then decide what that function is. If the commercially useful function is that of an SBE vendor / supplier that regularly transacts business with the respective product, then the City of Madison will count 60% of the value of the product supplied toward SBE goals.

To be counted, the SBE vendor / supplier must be engaged in selling the product in question to the public. This is important in distinguishing an SBE vendor / supplier, which has a regular trade with a variety of customers, from a firm which performs supplier-like functions on an ad hoc basis or for only one or two contractors with whom it has a special relationship.

A supplier of bulk goods may qualify as an eligible SBE vendor / supplier if it either maintains an inventory or owns or operates distribution equipment. With respect to the distribution equipment; e.g., a fleet of trucks, the term "operates" is intended to cover a situation in which the supplier leases the equipment on a regular basis for its entire business. It is not intended to cover a situation in which the firm simply provides drivers for trucks owned or leased by another party; e.g., a prime contractor, or leases such a party's trucks on an ad hoc basis for a specific job.

If the commercially useful function being performed is not that of a qualified SBE vendor / supplier, but rather that of delivery of products, obtaining bonding or insurance, procurement of personnel, acting as a broker or manufacturer's representative in the procurement of supplies, facilities, or materials, etc., only the fees or commissions will apply towards the goal.

For example, a business that simply transfers title of a product from manufacturer to ultimate purchaser; e. g., a sales representative who re-invoices a steel product from the steel company to the Contractor, or a firm that puts a product into a container for delivery would not be considered a qualified SBE vendor / supplier. The Contractor would not receive credit based on a percentage of the cost of the product for working with such firms.

Concerning the use of services that help the Contractor obtain needed supplies, personnel, materials or equipment to perform a contract: only the fee received by the service provider will be counted toward the goal. For example, use of a SBE sales representative or distributor for a steel company, if performing a commercially useful function at all, would entitle the Contractor receiving the steel to count only the fee paid to the representative or distributor toward the goal. This provision would also govern fees for professional and other services obtained expressly and solely to perform work relating to a specific contract.

Concerning transportation or delivery services: if an SBE trucking company picks up a product from a manufacturer or a qualified vendor / supplier and delivers the product to the Contractor, the commercially useful function it is performing is not that of a supplier, but simply that of a transporter of goods. Unless the trucking company is itself the manufacturer or a qualified vendor / supplier in the product, credit cannot be given based on a percentage of the cost of the product. Rather, credit would be allowed for the cost of the transportation service.

The City is aware that the rule's language does not explicitly mention every kind of business that may contribute work on this project. In administering these programs, the City would, on a case-by-case basis, determine the appropriate counting formula to apply in a particular situation.

2.2 Contract Compliance

Questions concerning the SBE Program shall be directed to the Contract Compliance Officer of the City of Madison Department of Civil Rights, Affirmative Action Division, 210 Martin Luther King, Jr. Blvd., Room 523, Madison, WI 53703; telephone (608) 266-4910.

2.3 Certification of SBE by City of Madison

The Affirmative Action Division maintains a directory of SBEs which are currently certified as such by the City of Madison. Contact the Contract Compliance Officer as indicated in Section 2.2 to receive a copy of the SBE Directory or you may access the SBE Directory online at www.cityofmadison.com/dcr/aaTBDir.cfm.

All contractors, subcontractors, vendors and suppliers seeking SBE status must complete and submit the **Targeted Business Certification Application** to the City of Madison Affirmative Action Division by the time and date established for receipt of bids. A copy of the Targeted Business Certification Application is available by contacting the Contract Compliance Officer at the address and telephone indicated in Section 2.2 or you may access the Targeted Business Certification Application online at www.cityofmadison.com/dcr/aaTBDir.cfm. Submittal of the Targeted Business Certification Application by the time specified does not guarantee that the applicant will be certified as a SBE eligible to be utilized towards meeting the SBE goal for this project.

2.4 Small Business Enterprise Compliance Report

2.4.1 Good Faith Efforts

Bidders shall take all necessary affirmative steps to assure that SBEs are utilized when possible and that the established SBE goal for this project is achieved. A contractor who self performs a portion of the work, and is pre-qualified to perform that category of work, may subcontract that portion of the work, but shall not be required to do so. When a bidder is unable to achieve the established SBE goal, the bidder must demonstrate that a good faith effort to do so was made. Such a good faith effort should include the following:

- 2.4.1.1 Attendance at the pre-bid meeting.
- 2.4.1.2 Using the City of Madison's directory of certified SBEs to identify SBEs from which to solicit bids.
- 2.4.1.3 Assuring that SBEs are solicited whenever they are potential sources.
- 2.4.1.4 Referring prospective SBEs to the City of Madison Affirmative Action Division for certification.
- 2.4.1.5 Dividing total project requirements into smaller tasks and/or quantities, where economically feasible, to permit maximum feasible SBE participation.
- 2.4.1.6 Establishing delivery schedules, where requirements permit, which will encourage participation by SBEs.
- 2.4.1.7 Providing SBEs with specific information regarding the work to be performed.
- 2.4.1.8 Contacting SBEs in advance of the deadline to allow such businesses sufficient time to prepare a bid.
- 2.4.1.9 Utilizing the bid of a qualified and competent SBE when the bid of such a business is deemed reasonable (i.e. 5% above the lowest bidder), although not necessarily low.
- 2.4.1.10 Contacting SBEs which submit a bid, to inquire about the details of the bid and confirm that the scope of the work was interpreted as intended.

2.4.2 Reporting SBE Utilization and Good Faith Efforts

The Small Business Enterprise Compliance Report is to be submitted by the bidder with the bid: This report is due by the specified bid closing time and date. Bids submitted without a completed SBE Compliance Report as outlined below

shall be deemed non-responsible and the bidder ineligible for award of this contract.

2.4.2.1 If the Bidder meets or exceeds the goal established for SBE utilization, the Small Business Enterprise Compliance Report shall consist of the following:

2.4.2.1.1 **Cover Page**, Page C-6; and

2.4.2.1.2 **Summary Sheet**, C-7.

2.4.2.2 If the bidder does not meet the goal established for SBE utilization, the Small Business Enterprise Compliance Report shall consist of the following:

2.4.2.2.1 **Cover Page**, Page C-6;

2.4.2.2.2 **Summary Sheet**, C-7; and

2.4.2.2.3 **SBE Contact Report**, C-8 and C-9. (A separate Contact Report must be completed for each applicable SBE which is not utilized.)

2.5 Appeal Procedure

A bidder which does not achieve the established goal and is found non-responsible for failure to demonstrate a good faith effort to achieve such goal and subsequently denied eligibility for award of contract may appeal that decision to the Small Business Enterprises Appeals Committee. All appeals shall be made in writing, and shall be delivered to and received by the City Engineer no later than 4:30 PM on the third business day following the bidder's receipt of the written notification of ineligibility by the Affirmative Action Division Manager. Postmark not acceptable. The notice of appeal shall state the basis for the appeal of the decision of the Affirmative Action Division Manager. The Appeal shall take place in accordance with Madison General Ordinance 33.54.

2.6 SBE Requirements After Award of the Contract

The successful bidder shall identify SBE subcontractors, suppliers and vendors on the subcontractor list in accordance with the specifications. The Contractor shall submit a detailed explanation of any variances between the listing of SBE subcontractors, vendors and/or suppliers on the subcontractor list and the Contractor's SBE Compliance Report for SBE participation.

No change in SBE subcontractors, vendors and/or suppliers from those SBEs indicated in the SBE Compliance Report will be allowed without prior approval from the Engineer and the Affirmative Action Division. The contractor shall submit in writing to the City of Madison Affirmative Action Division a request to change any SBE citing specific reasons which necessitate such a change. The Affirmative Action Division will use a general test of reasonableness in approving or rejecting the contractor's request for change. If the request is approved, the Contractor will make every effort to utilize another SBE if available.

The City will monitor the project to ensure that the actual percentage commitment to SBE firms is carried out.

2.7 SBE Definition and Eligibility Guidelines

A Small Business Enterprise is a business concern awarded certification by the City of Madison. For the purposes of this program a Small Business Enterprise is defined as:

- A. An independent business operated under a single management. The business may not be a subsidiary of any other business and the stock or ownership may not be held by any individual or any business operating in the same or a similar field. In determining whether an entity qualifies as a SBE, the City shall consider all factors relevant to being an independent business including, but not limited to, the date the business was established, adequacy of its resources for the work in which it proposes to involve itself, the degree to which financial, equipment leasing and other relationships exist with other ineligible firms in the same or similar lines of work. SBE owner(s) shall enjoy the customary incidents of ownership and shall share in the risks and profits commensurate with their enjoyment interests, as demonstrated by an examination of the substance rather than form or arrangements that may be reflected in its ownership documents.
- B. A business that has averaged no more than \$4.0 million in annual gross receipts over the prior three year period and the principal owner(s) do not have a personal net worth in excess of \$1.32 million.

Firm and/or individuals that submit fraudulent documents/testimony may be barred from doing business with the City and/or forfeit existing contracts.

SBE certification is valid for one (1) year unless revoked.

Small Business Enterprise Compliance Report

SBE Contact Report

Submit separate copy of this form for each SBE which you are not able to utilize towards meeting the SBE goal for this project. Attach separate sheets if necessary.

SBE Information

Company: _____

Address: _____

Telephone Number: _____

Contact Person/Title: _____

1. Outline below all efforts to solicit a bid from the above SBE. Include date, means of contact, who from your company made this contact and the result.

2. Describe the information provided to the aforementioned SBE regarding the scope of work for which he/she was to provide a bid.

Is this the same scope of work on which the subcontractor you intend to utilize based his/her bid?

Yes No

3. Did this SBE submit a bid? Yes No

4. Is the General Contractor pre-qualified to self-perform this category of work?

Yes No

5. If you responded "Yes" to Question 3, please check the items below which apply and provide the requested detail. If you responded "No" to Question 3, please skip ahead to item 6 below.

The SBE listed above is unavailable for work on this project for the following reasons. Provide specific detail for this conclusion.

The SBE listed above is unqualified for work on this project. Provide specific details for this conclusion.

The SBE listed above provided a price that was unreasonable (i.e. more than 5% above the lowest bidder). Provide specific detail for this conclusion including the SBE's price and the price of the subcontractor you intend to utilize.

A contract with the SBE listed above may constitute a breach of the bidder's collective bargaining agreements. Provide specific detail for this conclusion including, but not limited to, correspondence from the SBE indicating it will not sign a project labor agreement and/or correspondence from the applicable trade union indicating a project labor agreement will not be allowed at the time of project bidding.

Other; please specify reason(s) other than listed above which made it impossible for you to utilize this SBE on this project.

6. Describe any other good faith efforts:

SECTION D: SPECIAL PROVISIONS

QUANN PARK TENNIS COURT RECONSTRUCTION PHASE 2 CONTRACT NO. 7475

It is the intent of these Special Provisions to set forth the final contractual intent as to the matter involved and shall prevail over the Standard Specifications and plans whenever in conflict therewith. In order that comparisons between the Special Provisions can be readily made, the numbering system for the Special Provisions is equivalent to that of the Specifications.

Whenever in these Specifications the term "Standard Specifications" appears, it shall be taken to refer to the City of Madison Standard Specifications for Public Works Construction and Supplements thereto.

SECTION 102.10: PREVAILING WAGE

For this project, payment of prevailing wages (white sheet) shall be required unless the box indicating prevailing wages are not required is checked below.

Prevailing wages shall not be required when this box is checked.

If prevailing wages (white sheets) are required, the wages and benefits paid on the contract shall not be less than those specified in the Prevailing Wage Determination included with these contract documents for the following types of work:

- Building or Heavy Construction
- Sewer, Water, or Tunnel Construction
- Local Street or Miscellaneous Paving Construction
- Residential or Agricultural Construction

When multiple boxes are checked, worker's wages may vary according to the type and area of work performed. It is the responsibility of the Contractor to determine and apply the appropriate wage rate for the specific work assigned.

SECTION 102.12: BEST VALUE CONTRACTING

This Contract shall be considered a Best Value Contract if the Contractor's bid is equal to or greater than \$55,500 for a single trade contract; or equal to or greater than \$271,500 for a multi-trade contract pursuant to MGO 33.07(7).

SECTION 104 SCOPE OF WORK

The City of Madison Parks Division is reconstructing 6 tennis courts at the Quann Park Tennis Complex according to these plans and specifications. The address of the complex is:

Quann Park Tennis Complex
1802 Quann-Olin Parkway
Madison, WI 53713

This work will include but is not limited to the following:

- rebuilding the 12' perimeter chain link fence/gates
- pulverizing the existing asphalt surface
- excavating an additional 6' around 3 sides of each set of tennis courts
- expanding and raising the base course and changing the drainage on the courts by adding more gravel

- Installing a new Type A (3.5"), asphalt surface
- Installing new net tie downs according to detail 3
- feathering topsoil along the new tennis court edge
- seeding and matting the topsoil areas around the courts
- Installing control joints per Detail 2
- Color coat the courts
- Install nets received from the Madison Parks Division Central Maintenance Office

The Contractor shall visit the site prior to bidding to become familiar with the existing conditions.

SECTION 105.12: COOPERATION OF THE CONTRACTOR

The City of Madison Parks Division is rebuilding 6 of the 12 tennis courts at Quann Park (Courts 1,2,3,10,11,12). The other 6 courts (Courts 4,5,6,7,8,9), were re-built in 2011 and shall remain open for play during this construction project. The Contractor is to maintain clean, easy access to the open courts at all times.

The Contractor is to note that there needs to be a 30 day asphalt curing period built into the construction timetable. The completion date of August 21, 2015 is the completion date for the complete project – including color coating of the court surfaces. The construction timetable was established based on the following construction assumption:

- 1 week for fence removal
- 3 weeks to pulverize and re-build the gravel base
- 1 week to lay asphalt surface
- 4 weeks asphalt curing time - during which time the fence can be re-built, the topsoil, seeding and matting can be done, control joints installed and the City of Madison shall re-build the net posts
- 2 weeks for color coating

SECTION 109.2: PROSECUTION OF WORK

Construction work must begin within seven (7) calendar days after the date appearing on the mailed notice to do so that was sent to the Contractor. Construction work shall be carried on at a rate so as to secure full completion within the contract times outlined in Section 109.7, the rate of progress and the time of completion being essential conditions of this Agreement.

SECTION 109.5: METHODS AND EQUIPMENT

The work to be done on this project consists of furnishing all materials, labor and equipment necessary to rebuild the remaining 6 tennis courts at Quann Park in accordance with the enclosed drawings and specifications. The existing asphalt surface is 3.5" and the existing gravel extends 12" beyond the existing asphalt.

Access to the tennis courts shall be from the existing gravel road east of the tennis courts. This roadway shall only be for equipment required to complete the project. Any worker's cars shall be parked in the existing parking lot. The existing fence fabric, top and mid rails, and some bent posts shall need to be removed prior to the reconstruction of the tennis court surface. The Contractor is responsible for protecting the remaining fence posts during the pulverizing, grading, and asphalt work. Upon completion of the asphalt work but before final grading and seeding of the lawn areas, the fencing sub contractor shall rebuild the fence according to Bid Item # 90000 Re-construct 12' Tennis Court Fence. After the fence work is completed, final grading and seeding can be done. Any damage to the turf areas off of the asphalt parking lot or gravel road and outside the construction fence caused by the Contractor shall be repaired by the Contractor at no cost to the City.

SECTION 109.7: TIME OF COMPLETION

Start to work shall be on or around June 1, 2015, but not before the start to work letter has been received. The Contractor to note there is a 30 day asphalt curing time included in the allotted time for this project (see Section 105.12 Cooperation of the Contractor). It is the General Contractor's responsibility to coordinate sub contractors work to assure completion of the **complete project**, including the color coating, by August 21, 2015.

SECTION 200: EARTHWORK (CUT/FILL)

The earthwork quantities for Quann Park Tennis Courts - Phase 2 have been broken up into two types – Excavation Cut and Topsoil Redistribution. See volume computations sheet titled:

Quann Park East Tennis Courts – Volume Computations (date revised 2/5/2015)

The excavation quantities for the project have been calculated by subtracting digital terrain models of the existing and proposed surfaces and sub surfaces within the different material areas. Cut (in place quantities) and fill have been estimated from these models and unless there are significant changes to the plan, the quantity in the contract shall be the final amount for payment. No shrinkage factor has been applied to fill quantities to estimate net volume. The existing asphalt on the tennis courts, once pulverized and compacted, is esimated to increase 0.5 inch in height. The contractor is responsible to review attached earthwork calculations. Three-dimensional Microstation (.dgn) files containing the digital terrain models used for the earthwork calculations are available.

SECTION 402: ASPHALT CONSTRUCTION

All asphalt construction shall be according to the City of Madison Standard Specifications for Public Works Construction - Section 402. The asphalt surface for the Quann Park tennis courts shall be a total thickness of 3.5' in two lifts as follows:

Surface course (Bid Item # 40201) = 1-1/2" Lift - E-03 / 9.5mm

Binder course (Bid Item # 40202) = 2" Lift - E-1 / 12.5mm

Contractor to note the asphalt outside the playing surface (adjacent to the shelter and at sawcuts), is only 2" thick. We are replacing it with 3.5" asphalt. Some existing gravel base shall need to be removed/relocated on site adjacent to the shelter slab and the saw cuts to assure new asphalt/old asphalt joints match.

BID ITEM # 10911: MOBILIZATION

DESCRIPTION

Work under this item shall include all costs associated with mobilization of the Contractor to the site. Parking of equipment and staging shall be allowed in the Quann Park parking lot. The exact location of material storage and parking will be determined at the Pre-construction meeting prior to the start of the project. Access to each set of tennis courts with construction equipment shall be from the gravel road east of the tennis courts.

METHOD OF MEASUREMENT

Mobilization shall be measured as a single unit of work.

BASIS OF PAYMENT

Mobilization shall be paid at the contract price for work as described and measured above.

BID ITEM # 20101: EXCAVATION CUT

Work under this item shall include all labor, equipment and incidentals necessary to excavate 8" of soil from a 6' area adjacent to and all around 3 sides of each set of tennis courts to make room for gravel base and 3.5" of asphalt, to create an additional 5' asphalt area around the courts (from the existing asphalt – 6' from the existing fence), and to allow for future bench installation for spectators. The 6' of excavation cut starts approximately 12" outside of the existing fence meaning that there will be 6' of asphalt from the fence (5' from the existing edge of asphalt).

The topsoil/seeding area around the court is defined as the area in between the new asphalt edge of the tennis courts down to the slope intercept designed to be a minimum 6' wide (approximate skid steer bucket width). The excavated material shall be stockpiled in this area to be used as fill in between the new asphalt edge and the slope intercept.

The project is bid without any expansion/contraction factors used. All removed material is to be considered topsoil and used to fill in the areas along the new tennis court edge to create the swale in between sets of tennis courts.

METHOD OF MEASUREMENT

Excavation cut shall be measured by the cubic yard. Unless there is a significant change to the scope, no payment shall be given for changes in quantities listed in proposal.

BASIS OF PAYMENT

Excavation Cut shall be paid at the contract price for work as described and measured above.

BID ITEM # 20701: TERRACE SEEDING

DESCRIPTION

Work under this item shall include fine grading and seeding the areas along the edges of the asphalt as shown on the plans. The areas to be seeded is defined as the area in between the new asphalt edge of the tennis courts and the slope intercept, designed as a minimum of 6' wide (approximate skid steer bucket width), on all sides of the tennis courts.

The seed mixture shall be Sun Terrace Mix, installed per the City of Madison Standard Specifications for Public Works Construction.

METHOD OF MEASUREMENT

Terrace Seeding shall be measured by the square yard.

BASIS OF PAYMENT

Terrace Seeding shall be paid at the contract price for work as described and measured above.

BID ITEM # 40102: CRUSHED AGGREGATE BASE COURSE GRADATION #2 OR #3

DESCRIPTION

The crushed stone base course for the Quann Park Tennis Court Reconstruction Phase 2 project shall be formed by (pulverizing) the existing bituminous surface to a maximum size of two inches (2") completely through to the existing gravel base course and then bringing in new, additional crushed aggregate base

course to bring the existing gravel base up to the new proposed sub grades. The proposed asphalt surface shall be 3.5" and the proposed gravel base extends 12" beyond the existing/proposed asphalt.

Contractor to note – there is a small area of court # 1 that shall need removal of approximately 1" of material to get to proposed sub grade - to be re-distributed on site (25.3 CY – see **Blow Up A**). Relocation of this small amount is to be considered incidental to and included in Bid Item # 40311 Pulverize and Shape. The rest of the court surfaces are at the appx proposed sub grade or shall need gravel base brought in (616.2 CY), to bring the existing sub grade up to proposed sub grade.

Any asphalt around the fence posts, at the entrances, or on the edges that the machine cannot reach shall be broken out by other means (hand, skid steer), pulverized and recycled as base course to prepare for grading. **Contractor to note – preparation of the gravel base shall require working around all of the existing fence posts. If the Contractor breaks or bends any of the fence posts during preparation of the crushed stone base course, the Contractor shall be required to remove/replace the bent or broken post at no additional cost to the City.**

Presently the tennis courts at Quann Park are crowned at the net with drainage going towards the base line in each direction. United States Tennis Association standards allow for drainage across tennis courts in any direction but not two directions on the same playing surface (court). The City of Madison Parks Division is raising the north ends of the tennis courts with new gravel base to correct this. Work under this item shall include all labor, materials and incidentals required to truck in extra crushed aggregate base course as needed, to add to the pulverized asphalt base course, to bring the existing tennis court gravel base to finish gravel grade. The existing asphalt surface shall be expanded by 5' on 3 sides to a new total of 6' of asphalt from the fence to allow for the addition of benches for viewing (see adjacent courts re-built in 2011). Crushed aggregate base course is to be gradation #3. Included in this bid item is the spreading, fine grading, rolling and any other work require to prepare the base for asphalt inside and outside of the fence.

METHOD OF MEASUREMENT

Crushed Aggregate Base Course shall be measured by the ton.

BASIS OF PAYMENT

Crushed Aggregate Base Course shall be paid at the contract price for work as described and measured above.

BID ITEM # 40311: PULVERIZE AND SHAPE

DESCRIPTION

Work under this item shall include all equipment, labor and incidentals necessary to pulverize and shape the existing asphalt tennis courts according to Section 403.3 of the Standard Specifications for Public Works Construction. The proposed grades were set (raised), so that most of the pulverized material shall stay and be used as extra base course in place. Pulverize and shape shall include any hand or skid steer work required to pulverize asphalt areas unreachable by machine and the rolling and edge preparation needed inside and outside the fence to receive the new base course needed to bring the new surface up to finish sub grade. The approximate depth of the existing asphalt is 3.5". **All new gravel base edges shall be restored to a straight, clean gravel base edge 24" (one side) or 84" (3 sides), outside the existing fence line.** Test rolling the surface for determining undercut is to be included in this bid item.

Contractor to note – there is a small area of court # 1 that shall need removal of appx 1" of material to get to proposed sub grade - to be re-distributed on site (25.3 CY – see **Blow Up A**). Relocation of this small amount is to be considered incidental to this bid item.

METHOD OF MEASUREMENT

Pulverize and Shape shall be measured per square yard.

BASIS OF PAYMENT

Pulverize and Shape shall be paid at the contract price for work as described and measured above.

BID ITEM # 40321: UNDERCUT

DESCRIPTION

Work under this item shall include all equipment, labor and incidentals necessary to undercut areas of the tennis courts, if needed, according to Section 403.4 of the Standard Specifications for Public Works Construction. The square yardage shown in the proposal page (110 SY) is an estimate only. If no undercutting is necessary, this bid item shall not be paid.

METHOD OF MEASUREMENT

Undercut shall be measured per square yard.

BASIS OF PAYMENT

Undercut shall be paid at the contract price for work as described and measured above.

BID ITEM # 90000: RE-CONSTRUCT 12' TENNIS COURT FENCE

DESCRIPTION

This work shall include all labor, equipment, and incidentals required to rebuild the existing 12' tennis court fencing per **Detail 1**, and these special provisions. Any new fencing used as a part of this contract, including pipe, parts, and fittings are to be new, first quality, full weight galvanized with a minimum of 1.8 ounces per square foot of surface ASTM 120. Weights and dimensions are nominal.

Prior to the start of the re-construction of the tennis court surface, the fencing sub contractor shall need to remove, roll up and set aside the fabric for re-use later, and discard all old fittings. The fabric shall be marked top and bottom and set aside carefully so it can be flipped and re-used later.

All existing braces, top, center, and bottom rails shall be carefully removed and stored for restoration and re-installation, leaving up only the corner and line posts. Once this work is done, the courts shall be pulverized, re-graded, and re-paved. Once the new pavement is installed, the fencing sub contractor shall come back to complete the repair of the fencing. The Contractor shall be allowed to store fencing materials in a part of the parking lot. The exact location of the storage area shall be decided on by the Parks Division at the pre-construction meeting. Protection of the stored fencing materials from vandalism and theft shall be the responsibility of the Contractor.

Rebuilding the fence:

- Repair any bends, clean and paint all posts, braces and rails with Mautz 1350 paint or an approved equal. All painting shall be done during proper temperatures for the specified paint.
- Fabricate extensions for each fence post that, when installed, shall be sized to bring the fence back to the original size required to accept 12' fabric. Contractor to note – for bidding purposes, the existing and proposed asphalt grade differences are shown on the plan to give the contractor an idea of the sizes the extensions are going to be. Actual, exact measurements shall need to be

taken for each post after the new asphalt is installed, to fabricate the extensions to the exact sizes needed for 12 fabric according to industry standards.

- Install the fence extensions and drill weep holes.
- Rebuild the fence by re-installing the painted rails and braces.
- Re-installing the existing fabric. Contractor to turn fabric upside down (the top of the fabric shall now be the bottom of the fabric). Contractor to note – the price for re-installing the fabric should include approximately 300' of new fabric to be woven into the fence, replacing areas deemed too damaged to re-use by the Parks Division. The Contractor shall take out the areas deemed not reusable by the Parks Division, weave old to old, and install the new fabric at the end of the line, all in one piece. The goal is, if any new fabric is deemed necessary on a particular fence line, to have all of it on one end. No patching of new fabric in between old fabric shall be allowed.
- Finish the fence by installing all new tension bars, band ties, post tops and all other related fittings. Band ties on the fabric are to be aluminum or stainless steel and are to be approximately 16" apart.
- Existing gates (including maintenance gates), shall be carefully removed, stored, painted and replaced after the fence line work is complete. Contractor to note – the existing 4' player gate on the northwest side of court 10 shall be moved to the southwest corner of court 10 closest to the shelter.

METHOD OF MEASUREMENT

Reconstruct 12' Tennis Court Fence shall be paid as a lump sum for all work described above. Contractor to note - this is a lump sum bid. It is estimated that each set of 3 courts has 530 linear feet of fence, not including gates and 2' openings. The Contractor shall measure the fence prior to bidding. If actual measurement is higher than what is estimated, the Contractor shall include the actual in field measurement in the lump sum bid. No extra compensation shall be given for actual measurement verses the estimated measurement.

BASIS OF PAYMENT

Reconstruct 12' Tennis Court Fence shall be paid at the contract price for work as described and measured above.

BID ITEM # 90001: REMOVE/REPLACE LINE POSTS

DESCRIPTION

Bid Item # 90001, Remove/Replace Line Posts is an estimated number only. The Contractor shall be paid for only the number of line posts deemed necessary to replace based on a decision made by the Parks Division. If no line posts need to be replaced, the Contractor shall not be paid for Bid items #90001. This bid item shall not to be used if a post is damaged by the Contractor during reconstruction of the courts. If the Contractor breaks or bends any of the fence posts during reconstruction, the Contractor shall be required to remove/replace the bent or broken post at no additional cost to the City. If a line post is to be replaced, it shall be driven in plumb, without a concrete footing. The Contractor shall be allowed to cut the old post off flush with the old asphalt surface and leave the existing concrete footing in. The new post shall be driven in on one side or the other of the old footing that shall keep the posts under 10' apart.

METHOD OF MEASUREMENT

Method of measurement for the work described above shall be per each.

BASIS OF PAYMENT

Remove/Replace Line Posts shall be paid at the contract price for work as described and measured above.

BID ITEM # 90002: FABRICATE/INSTALL NET TIE DOWNS

DESCRIPTION

This work shall include all labor, equipment, and incidentals required to install net tie downs (6), per **Detail 3**. Contractor to saw cut a neat, clean, round hole into the asphalt big enough to allow the installation of the net tie down. Hot mix patch shall be included.

METHOD OF MEASUREMENT

Fabricate/Install Net Tie Downs shall be per each.

BASIS OF PAYMENT

Fabricate/Install Net Tie Downs shall be paid at the contract price for work as described and measured above.

BID ITEM # 90003: CONSTRUCTION SURVEYING

DESCRIPTION

The Contractor shall be responsible for setting all lines and/or grades required to complete the work for Quann Park Tennis Courts – Phase 2.

The Contractor shall be required to call the Parks Division after final rolling is complete but before paving is scheduled and allow the Parks Division's surveyor time to check final grade and to confirm that all new gravel base edges are straight.

The grades shown around the shelter are critical as far as our attempt to create an accessible path (< 5%), to the gate at tennis court #10. The surveyor may need to put more grade stakes in this area to assure the gravel base is set correctly. This area shall be checked by the Park Division surveyor as a part of the final check before paving is allowed.

The City of Madison Parks Division will make available to the surveyor an electronic copy of the parking lot project upon request. Any questions regarding this project should be directed to Thomas Maglio at the Parks Division @ 266-6518. Any questions regarding surveying issues should be directed to Dan Rodman of the Parks Division @ 266-6674.

METHOD OF MEASUREMENT

Construction Surveying shall be measured as lump sum.

BASIS OF PAYMENT

Construction Surveying shall be paid at the contract price for work as described and measured above.

BID ITEM # 90004: TOPSOIL REDISTRIBUTION

Work under this item shall include all labor, equipment and incidentals necessary to redistribute and rough grade Bid Item # 20101 - Excavation Cut, from along the edges of the asphalt surfaces as shown on the plans, to be used as fill in the areas along the new tennis court edges down to the slope intercept, and to create the swale in between sets of tennis courts. Excavation cut is to be used up first, then Bid Item # 90006 - Extra Topsoil, shall be used to top dress over the excavation cut.

METHOD OF MEASUREMENT

Topsoil Redistribution shall be measured by the cubic yard.

BASIS OF PAYMENT

Topsoil Redistribution shall be paid at the contract price for work as described and measured above. Unless there is a significant change, no payment shall be given for changes in quantities listed in proposal.

BID ITEM # 90005: REMOVE/DISCARD BENCHES

DESCRIPTION

Work under this item shall include all materials, labor and incidentals necessary to remove and dispose of the 2 benches and 6" thick concrete pads as shown on the plans. All benches and concrete pads shall be disposed of offsite in a location to be determined and provided by the Contractor, at no extra cost to the City. The quantity of topsoil required to fill the void left by removing the benches should be considered incidental to the cost of removing and disposing of these benches and concrete pads.

METHOD OF MEASUREMENT

Remove/discard benches shall be per each.

BASIS OF PAYMENT

Remove/discard benches shall be paid at the contract price for work as described and measured above.

BID ITEM # 90006: EXTRA TOPSOIL

DESCRIPTION

Work under this item shall include all materials, labor, and incidentals required to truck in extra topsoil needed to finish top soiling the lawn areas in between the tennis courts and along the edges of the new asphalt after the topsoil redistribution is complete. The square yard price for extra topsoil listed for Bid Item # 90006 is for purchase, delivery, dumping and rough grading the extra topsoil. It is estimated that the project shall need an extra 84 CY of topsoil to finish around the tennis courts and an extra 10 CY of topsoil to touch up each construction entrance. Preparing the seed bed and seed shall be paid for as a part of Bid Item # 20701 Terrace Seeding.

METHOD OF MEASUREMENT

Extra Topsoil shall be measured by the cubic yard. Unless there is a significant change, no payment shall be given for changes in quantities listed in proposal.

BASIS OF PAYMENT

Extra Topsoil shall be paid at the contract price for work as described and measured above.

BID ITEM # 90007: CONSTRUCTION FENCING

DESCRIPTION

Work under this item shall include all work, materials, labor and incidentals necessary for the Contractor to provide, install, maintain and remove construction fencing from the project site. The Contractor shall

place fencing as shown on the plan set. This fence shall be highly visible (orange or yellow), constructed of a plastic web, and able to withstand the expected amount of use it shall receive on a construction site. The fence shall be placed as described above or as directed in the field.

METHOD OF MEASUREMENT

Construction Fencing shall be measured by the linear foot.

BASIS OF PAYMENT

Construction Fencing shall be paid at the contract price for work as described and measured above.

BID ITEM # 90008: CONTROL JOINTS

DESCRIPTION

The contractor shall saw control joints in the new bituminous pavement at locations shown on the plans (Six easterly courts at Quann Park only). Following sawing, the upper portion of the sawed joint shall be routed to the size and shape detailed in the specifications. Sawed joints shall be blown free of dust and debris with compressed air and filled with joint fill material. Compressed air equipment shall deliver at least 80 psi to the joint for cleaning.

The sawed line shall not vary more than one inch (1") in 30 feet from a straight line and shall be perpendicular to the runway centerline.

Joint fill material shall be in conformance with ASTM D3405. Material shall be pressure pumped into the joint from an oil jacketed double boiler type material heater using nozzles designed for the purpose. A V-shaped rubber squeegee shall be pushed over the joint immediately following placing of the material.

Control joints shall be guaranteed for a period of two years following acceptance of the work. Not more than 5% of the footage of joints shall have material pulled away from the side of the joint, shall have cracks within the material, shall be missing from the joint or shall in any way allow entrance of water into the joint. If more than 5% of the footage of joints is judged to have failed, the contractor is required to repair these joints.

All discarded materials, including any excess filler coat or finish coat material dumped on the lawn, shall be cleaned up from around the work site. Any ruts caused by vehicles or work equipment shall be repaired.

METHOD OF MEASUREMENT

Control Joints shall be paid per linear foot.

BASIS OF PAYMENT

Control Joints shall be paid at the contract price for work as described and measured above.

BID ITEM # 90009: PAVEMENT SEAL COAT - ACRYLIC

Work under this bid item shall include all costs associated with seal coating 6 new acrylic sport courts at Quann Park as specified in these special provisions.

Prior to color coating, the surface must be power washed and cleaned. The Contractor shall also remove and store tennis court nets. The surface to be coated shall be sound, smooth, and free from dust, lawn, dirt, and oily materials.

The Contractor shall note that water is not available at the site.

Prior to the application of surfacing materials, the entire surface shall be checked for minor depressions or irregularities. After the court has been flooded and allowed to drain, any depressions that hold more than a nickel's thickness of water shall be corrected by filling with court patch binder high strength acrylic latex bonding liquid. A tack coat of diluted court patch binder shall be applied under patches and should be allowed to thoroughly dry prior to patching.

To fill surface voids and provide a uniform surface texture, one coat of mineral filled acrylic resurfacer shall be applied over the entire surface. Acrylic resurfacer shall contain only high grade, rounded silica sand, 40-70 mesh, at a rate of 12-16 lbs per gallon concentrate. Acrylic resurfacer shall be applied by rubber bladed squeegee. A second coat shall be added to heavy wear areas if needed to provide a uniform surface texture. The first coat shall be allowed to dry thoroughly prior to applying additional coats. The Contractor shall submit manufacturer submittals to the Engineer for approval prior to start of work.

A minimum of two finish coats of Plexipave® or Laykold® textured seal coating shall be applied over entire surface by rubber bladed squeegee. Each application shall contain only high grade, rounded silica sand, 100 mesh, at a rate of 7 lbs. per gallon concentrated. Textured seal coat shall be dark green.

After seal coating is complete, the Contractor shall install tennis court nets (call Madison Parks Division Central Maintenance staff @ 608-266-4728 for nets to be dropped off), and ensure that tennis court net tie downs are free of material and debris and suitable for use.

Pavement Seal Coat - Acrylic as defined in this bid item shall be applied to courts 1,2,3 and 10,11,12 at Quann Park.

The Contractor shall protect the asphalt with barricades and/or construction fencing throughout the duration of the manufacturer's recommended drying time.

METHOD OF MEASUREMENT

Pavement Seal Coat – Acrylic shall be paid per square yard.

BASIS OF PAYMENT

Pavement Seal Coat – Acrylic shall be paid at the contract price for work as described and measured above.

BID ITEM # 90010: TENNIS COURT LINE PAINTING

Work under this bid item shall include all costs associated with line painting acrylic sealed tennis courts as specified in these special provisions, at Quann Park (6 courts).

Regulation tennis court playing lines shall be marked as specified by the U.S. Tennis Association for two 78' court layouts. Court lines shall include single sidelines, doubles sidelines, center service lines, center marks, and base lines.

All lines shall be accurately located, masked, and painted with Plexicolor® Line Paint or an approved equal. All lines except tennis court base lines shall be two (2) inches wide. Tennis court base lines may be no more than four (4) inches wide. If paint is spray applied, two coats of paint shall be required. No overspray shall be permitted. All tennis court lines shall be painted white.

All materials shall be mixed and applied according to manufacturers' specifications. Asphalt emulsions and material containing asbestos shall not be permitted. No materials shall be applied when rain is imminent, and air temperature must be at least 50 degrees and rising. Contractor shall secure all gates until completion, and shall leave the site in a clean condition.

All discarded materials, including any excess filler coat or finish coat material dumped on the lawn, shall be removed from the work site. Any ruts caused by vehicles or work equipment shall be repaired by the Contractor at no additional cost to the city.

The Contractor shall protect the asphalt with barricades and/or construction fencing throughout the duration of the manufacturer's recommended drying time.

METHOD OF MEASUREMENT

Tennis Court Line Painting shall be paid per each individual court.

BASIS OF PAYMENT

Tennis Court Line Painting shall be paid at the contract price for work as described and measured above.

END OF SPECIAL PROVISIONS

Quann Park East Tennis Courts - Volume Computations

City of Madison Public Works Contract

Date Revised: 2/5/2015

Derived from more detailed spreadsheet available from Parks Div

Computation Summary

Positive volumes are cuts (material available), negative volumes are fills (material needed)

Row Labels	Sum of Factored (Uncom-pacted) Volume (cu yd)	Check / Notes
Asphalt (Path) Place	-11.1	Path asphalt = 399 sq ft north + 629 sq ft shelter = 1028 sq ft x 3.5in = 11.1 cu yd x 2.16 ton/cu yd = 24.0 ton
Asphalt (Tennis) Place	-469.9	Tennis asphalt = 21766 sq ft NE + 21743 sq ft SE = 43509 sq ft x 3.5in = 470 cu yd x 2.16 ton/cu yd = 1015 ton
Asphalt Pulverize Volume Increase	-60.1	Asphalt pulverize volume increase = estimated 0.5 in on existing tennis courts only 19496 sq ft NE + 19443 sq ft SE = 38939 sq ft x 0.5in = 60 cu yd. This is expected volume increase provided by pulverizing the asphalt. Not to be deducted from Gravel Excavate & Place quantities to compute net gravel to bring in.
Concrete Excavate	1.0	Concrete excavate = 2 existing bench pads
Gravel Dirty Excavate	0.6	Gravel Dirty excavate = under 2 existing bench pads
Gravel Excavate	25.3	Gravel Excavate = where existing gravel base / pulverized asphalt lowered to proposed gravel grade
Gravel Place	-616.2	Gravel Place = where existing gravel base / pulverized asphalt raised to proposed gravel grade
Topsoil Excavate	134.7	
Topsoil Place	-218.8	
Grand Total	-1214.6	

Net asphalt	-481 cu yd	481 cu yd x 2.16 ton/cu yd = 1039 ton
Net topsoil	-84 cu yd	Topsoil Excavate less Topsoil Place
Net gravel	-591 cu yd	Gravel Excavate less Gravel Place

Reorganized into bid table items

Bid Item	Quantity	Units	Relation to Table Above
Excavation Cut	135	CY	Topsoil excavate (removal outside fence on 3 sides)
Topsoil Redistribution	135	CY	Topsoil Excavate (spread on slopes all around)
Extra Topsoil	84	CY	Topsoil Place - Topsoil Excavate (add 20CY for construction entrances)

SECTION E: BIDDERS ACKNOWLEDGEMENT

CONTRACT TITLE

CONTRACT NO. 7475

Bidder must state a Unit Price and Total Bid for each item. The Total Bid for each item must be the product of quantity, by Unit Price. The Grand Total must be the sum of the Total Bids for the various items. In case of multiplication errors or addition errors, the Grand Total with corrected multiplication and/or addition shall determine the Grand Total bid for each contract. The Unit Price and Total Bid must be entered numerically in the spaces provided. All words and numbers shall be written in ink.

1. The undersigned having familiarized himself/herself with the Contract documents, including Advertisement for Bids, Instructions to Bidders, Form of Proposal, City of Madison Standard Specifications for Public Works Construction - 2015 Edition thereto, Form of Agreement, Form of Bond, and Addenda issued and attached to the plans and specifications on file in the office of the City Engineer, hereby proposes to provide and furnish all the labor, materials, tools, and expendable equipment necessary to perform and complete in a workmanlike manner the specified construction on this project for the City of Madison; all in accordance with the plans and specifications as prepared by the City Engineer, including Addenda to the Contract Nos. _____ through _____ issued thereto, at the prices for said work as contained in this proposal. (Electronic bids submittals shall acknowledge addendum under Section E and shall not acknowledge here)
2. If awarded the Contract, we will initiate action within seven (7) days after notification or in accordance with the date specified in the contract to begin work and will proceed with diligence to bring the project to full completion within the number of work days allowed in the Contract or by the calendar date stated in the Contract.
3. The undersigned Bidder or Contractor certifies that he/she is not a party to any contract, combination in form of trust or otherwise, or conspiracy in restraint of trade or commerce or any other violation of the anti-trust laws of the State of Wisconsin or of the United States, with respect to this bid or contract or otherwise.
4. I hereby certify that I have met the Bid Bond Requirements as specified in Section 102.5. (IF BID BOND IS USED, IT SHALL BE SUBMITTED ON THE FORMS PROVIDED BY THE CITY. FAILURE TO DO SO MAY RESULT IN REJECTION OF THE BID).
5. I hereby certify that all statements herein are made on behalf of Tri County Paving, Inc. (name of corporation, partnership, or person submitting bid) a corporation organized and existing under the laws of the State of Wisconsin a partnership consisting of _____; an individual trading as _____; of the City of _____ State of _____; that I have examined and carefully prepared this Proposal, from the plans and specifications and have checked the same in detail before submitting this Proposal; that I have fully authority to make such statements and submit this Proposal in (its, their) behalf; and that the said statements are true and correct.

Section F: Disclosure of Ownership and BVC

This section is a required document for the bid to be considered complete. There are two methods for completing the Disclosure of Ownership and BVC form. Method one: The form can be filled out online and submitted to this site to be included with your electronic bid. Method two: The form can be downloaded from the site and submitted by hand to the City of Madison.

Method of Submittal for Disclosure of Ownership and BVC (click in box below to choose) *

I will submit Bid Express fillable online form (Disclosure of Ownership and BVC).

Notice required under Section 15.04(1)(m), Wisconsin Statutes. The statutory authority for the use of this form is prescribed in Sections 66.0903(12)(d), Wisconsin Statutes. The use of this form is mandatory. The penalty for failing to complete this form is prescribed in Section 103.005(12). Personal information you provide may be used for secondary purposes.

(1) On the date a contractor submits a bid to or completes negotiations with a state agency or local governmental unit, on a project subject to Section 66.0903 or 103.49, Wisconsin Statutes, the contractor shall disclose to such state agency or local governmental unit the name of any "other construction business", which the contractor, or a shareholder, officer or partner of the contractor, owns or has owned within the preceding three (3) years.

(2) The term "other construction business" means any business engaged in the erection, construction, remodeling, repairing, demolition, altering or painting and decorating of buildings, structures or facilities. It also means any business engaged in supplying mineral aggregate, or hauling excavated material or spoil as provided by Sections 66.0903(3), 103.49(2) and 103.50(2), Wisconsin Statutes.

(3) This form must ONLY be filed, with the state agency or local governmental unit that will be awarding the contract, if both (A) and (B) are met.

(A) The contractor, or a shareholder, officer or partner of the contractor:

1. Owns at least a 25% interest in the "other construction business", indicated below, on the date the contractor submits a bid or completes negotiations.

2. Or has owned at least a 25% interest in the "other construction business" at any time within the preceding three (3) years.

(B) The Wisconsin Department of Workforce Development (DWD) has determined that the "other construction business" has failed to pay the prevailing wage rate or time and one-half the required hourly basic rate of pay, for hours worked in excess of the prevailing hours of labor, to any employee at any time within the preceding three (3) years.

SECTION G: BID BOND

KNOW ALL MEN BY THESE PRESENT, THAT Tri-County Paving, Inc. (a corporation of the State of Wisconsin) (individual), (partnership), hereinafter referred to as the "Principal") and Granite Re, Inc., a corporation of the State of Oklahoma (hereinafter referred to as the "Surety") and licensed to do business in the State of Wisconsin, are held and firmly bound unto the City of Madison, (hereinafter referred to as the "Obligee"), in the sum of five per cent (5%) of the amount of the total bid or bids of the Principal herein accepted by the Obligee, for the payment of which the Principal and the Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents.

The conditions of this obligation are such that, whereas the Principal has submitted, to the City of Madison a certain bid, including the related alternate, and substitute bids attached hereto and hereby made a part hereof, to enter into a contract in writing for the construction of:

QUANN PARK TENNIS COURT RECONSTRUCTION PHASE 2 CONTRACT NO. 7475

1. If said bid is rejected by the Obligee, then this obligation shall be void.
2. If said bid is accepted by the Obligee and the Principal shall execute and deliver a contract in the form specified by the Obligee (properly completed in accordance with said bid) and shall furnish a bond for his/her faithful performance of said contract, and for the payment of all persons performing labor or furnishing materials in connection therewith, and shall in all other respects perform the agreement created by the acceptance of said bid, then this obligation shall be void.

If said bid is accepted by the Obligee and the Principal shall fail to execute and deliver the contract and the performance and payment bond noted in 2. above executed by this Surety, or other Surety approved by the City of Madison, all within the time specified or any extension thereof, the Principal and Surety agree jointly and severally to forfeit to the Obligee as liquidated damages the sum mentioned above, it being understood that the liability of the Surety for any and all claims hereunder shall in no event exceed the sum of this obligation as stated, and it is further understood that the Principal and Surety reserve the right to recover from the Obligee that portion of the forfeited sum which exceed the actual liquidated damages incurred by the Obligee.

The Surety, for value received, hereby stipulates and agrees that the obligations of said Surety and its bond shall be in no way impaired or affected by an extension of the time within which the Obligee may accept such bid, and said Surety does hereby waive notice of any such extension.

IN WITNESS WHEREOF, the Principal and the Surety have hereunto set their hands and seals, and such of them as are corporations have caused their corporate seals to be hereto affixed and these presents to be signed by their proper officers, on the day and year set forth below.

NOTE TO SURETY & PRINCIPAL

The bid submitted which this bond guarantees shall be rejected if the following instrument is not attached to this bond:

Power of Attorney showing that the agent of Surety is currently authorized to execute bonds on behalf of the Surety, and in the amounts referenced above.

GRANITE RE, INC.
GENERAL POWER OF ATTORNEY

Know all Men by these Presents:

That GRANITE RE, INC., a corporation organized and existing under the laws of the State of OKLAHOMA and having its principal office at the City of OKLAHOMA CITY in the State of OKLAHOMA does hereby constitute and appoint:

MICHAEL J. DOUGLAS; CHRIS STEINAGEL; CHRISTOPHER M. KEMP; KARLA HEFFRON; ROBERT DOWNEY; CONNIE SMITH its true and lawful Attorney-in-Fact(s) for the following purposes, to wit:

To sign its name as surety to, and to execute, seal and acknowledge any and all bonds, and to respectively do and perform any and all acts and things set forth in the resolution of the Board of Directors of the said GRANITE RE, INC. a certified copy of which is hereto annexed and made a part of this Power of Attorney; and the said GRANITE RE, INC. through us, its Board of Directors, hereby ratifies and confirms all and whatsoever the said:

MICHAEL J. DOUGLAS; CHRIS STEINAGEL; CHRISTOPHER M. KEMP; KARLA HEFFRON; ROBERT DOWNEY; CONNIE SMITH may lawfully do in the premises by virtue of these presents.

In Witness Whereof, the said GRANITE RE, INC. has caused this instrument to be sealed with its corporate seal, duly attested by the signatures of its President and Secretary/Treasurer, this 3rd day of July, 2013.

STATE OF OKLAHOMA)
) SS:
COUNTY OF OKLAHOMA)

Kenneth D. Whittington, President

Kyle P. McDonald, Treasurer

On this 3rd day of July, 2013, before me personally came Kenneth D. Whittington, President of the GRANITE RE, INC. Company and Kyle P. McDonald, Secretary/Treasurer of said Company, with both of whom I am personally acquainted, who being by me severally duly sworn, said, that they, the said Kenneth D. Whittington and Kyle P. McDonald were respectively the President and the Secretary/Treasurer of GRANITE RE, INC., the corporation described in and which executed the foregoing Power of Attorney; that they each knew the seal of said corporation; that the seal affixed to said Power of Attorney was such corporate seal, that it was so fixed by order of the Board of Directors of said corporation, and that they signed their name thereto by like order as President and Secretary/Treasurer, respectively, of the Company.

GRANITE RE, INC.
Certificate

THE UNDERSIGNED, being the duly elected and acting Secretary/Treasurer of Granite Re, Inc., an Oklahoma Corporation, HEREBY CERTIFIES that the following resolution is a true and correct excerpt from the July 15, 1987, minutes of the meeting of the Board of Directors of Granite Re, Inc. and that said Power of Attorney has not been revoked and is now in full force and effect.

"RESOLVED, that the President, any Vice President, the Secretary, and any Assistant Vice President shall each have authority to appoint individuals as attorneys-in-fact or under other appropriate titles with authority to execute on behalf of the company fidelity and surety bonds and other documents of similar character issued by the Company in the course of its business. On any instrument making or evidencing such appointment, the signatures may be affixed by facsimile. On any instrument conferring such authority or on any bond or undertaking of the Company, the seal, or a facsimile thereof, may be impressed or affixed or in any other manner reproduced; provided, however, that the seal shall not be necessary to the validity of any such instrument or undertaking."

IN WITNESS WHEREOF, the undersigned has subscribed this Certificate and affixed the corporate seal of the Corporation this 14 day of MAR, 2013

Kyle P. McDonald, Secretary/Treasurer

SECTION H: AGREEMENT

THIS AGREEMENT made this 3rd day of MAY in the year Two Thousand and Fifteen between TRI-COUNTY PAVING, INC. hereinafter called the Contractor, and the City of Madison, Wisconsin, hereinafter called the City.

WHEREAS, the Common Council of the said City of Madison under the provisions of a resolution adopted APRIL 21, 2015, and by virtue of authority vested in the said Council, has awarded to the Contractor the work of performing certain construction.

NOW, THEREFORE, the Contractor and the City, for the consideration hereinafter named, agree as follows:

- 1. **Scope of Work.** The Contractor shall, perform the construction, execution and completion of the following listed complete work or improvement in full compliance with the Plans, Specifications, Standard Specifications, Supplemental Specifications, Special Provisions and contract; perform all items of work covered or stipulated in the proposal; perform all altered or extra work; and shall furnish, unless otherwise provided in the contract, all materials, implements, machinery, equipment, tools, supplies, transportation, and labor necessary to the prosecution and completion of the work or improvements:

QUANN PARK TENNIS COURT RECONSTRUCTION – PHASE 2
CONTRACT NO. 7475

- 2. **Completion Date/Contract Time.** Construction work must begin within seven (7) calendar days after the date appearing on mailed written notice to do so shall have been sent to the Contractor and shall be carried on at a rate so as to secure full completion SEE SPECIAL PROVISIONS, the rate of progress and the time of completion being essential conditions of this Agreement.
- 3. **Contract Price.** The City shall pay to the Contractor at the times, in the manner and on the conditions set forth in said specifications, the sum of ONE HUNDRED SEVENTY-EIGHT THOUSAND SEVEN HUNDRED NINETY-TWO AND 70/100 (\$178,792.70) Dollars being the amount bid by such Contractor and which was awarded to him/her as provided by law.
- 4. **Wage Rates for Employees of Public Works Contractors**

General and Authorization. The Contractor shall compensate its employees at the prevailing wage rate in accordance with section 66.0903, Wis. Stats., DWD 290 of the Wisconsin Administrative Code and as hereinafter provided unless otherwise noted in Section D: Special Provisions, Subsection 102.10 – Minimum Rate of Wage Scale.

"Public Works" shall include building or work involving the erection, construction, remodeling, repairing or demolition of buildings, parking lots, highways, streets, bridges, sidewalks, street lighting, traffic signals, sanitary sewers, water mains and appurtenances, storm sewers, and the grading and landscaping of public lands.

"Building or work" includes construction activity as distinguished from manufacturing, furnishing of materials, or servicing and maintenance work, except for the delivery of mineral aggregate such as sand, gravel, bituminous asphaltic concrete or stone which is incorporated into the work under contract with the City by depositing the material directly in final place from transporting vehicle.

"Erection, construction, remodeling, repairing" means all types of work done on a particular building or work at the site thereof in the construction or development of the project, including without limitation, erecting, construction, remodeling, repairing, altering, painting, and decorating, the transporting of materials and supplies to or from the building or work done by the employees of the Contractor, Subcontractor, or Agent thereof, and the manufacturing or furnishing of

materials, articles, supplies or equipment on the site of the building or work, by persons employed by the Contractor, Subcontractor, or Agent thereof.

"Employees working on the project" means laborers, workers, and mechanics employed directly upon the site of work.

"Laborers, Workers, and Mechanics" include pre-apprentices, helpers, trainees, learners and properly registered and indentured apprentices but exclude clerical, supervisory, and other personnel not performing manual labor.

Establishment of Wage Rates. The Department of Public Works shall periodically obtain a current schedule of prevailing wage rates from DWD. The schedule shall be used to establish the City of Madison Prevailing Wage Rate Schedule for Public Works Construction (prevailing wage rate). The Department of Public Works may include known increases to the prevailing wage rate which can be documented and are to occur on a future specific date. The prevailing wage rate shall be included in public works contracts subsequently negotiated or solicited by the City. Except for known increases contained within the schedule, the prevailing wage rate shall not change during the contract. The approved wage rate is attached hereto.

Workforce Profile. The Contractor shall, at the time of signature of the contract, notify the City Engineer in writing of the names and classifications of all the employees of the Contractor, Subcontractors, and Agents proposed for the work. In the alternative, the Contractor shall submit in writing the classifications of all the employees of the Contractor, Subcontractors and Agents and the total number of hours estimated in each classification for the work. This workforce profile(s) shall be reviewed by the City Engineer who may, within ten (10) days, object to the workforce profile(s) as not being reflective of that which would be required for the work. The Contractor may request that the workforce profile, or a portion of the workforce profile, be submitted after the signature of the contract but at least ten (10) days prior to the work commencing. Any costs or time loss resulting from modifications to the workforce profile as a result of the City Engineer's objections shall be the responsibility of the Contractor.

Payrolls and Records. The Contractor shall keep weekly payroll records setting forth the name, address, telephone number, classification, wage rate and fringe benefit package of all the employees who work on the contract, including the employees of the Contractor's subcontractors and agents. Such weekly payroll records must include the required information for all City contracts and all other contracts on which the employee worked during the week in which the employee worked on the contract. The Contractor shall also keep records of the individual time each employee worked on the project and for each day of the project. Such records shall also set forth the total number of hours of overtime credited to each such employee for each day and week and the amount of overtime pay received in that week. The records shall set forth the full weekly wages earned by each employee and the actual hourly wage paid to the employee.

The Contractor shall submit the weekly payroll records, including the records of the Contractor's subcontractors and agents, to the City Engineer for every week that work is being done on the contract. The submittal shall be within twenty-one (21) calendar days of the end of the Contractor's weekly pay period.

Employees shall receive the full amounts accrued at the time of the payment, computed at rates not less than those stated in the prevailing wage rate and each employee's rate shall be determined by the work that is done within the trade or occupation classification which should be properly assigned to the employee.

An employee's classification shall not be changed to a classification of a lesser rate during the contract. If, during the term of the contract, an employee works in a higher pay classification than the one which was previously properly assigned to the employee, then that employee shall be considered to be in the higher pay classification for the balance of the contract, receive the appropriate higher rate of pay, and she/he shall not receive a lesser rate during the balance of the

contract. For purposes of clarification, it is noted that there is a distinct difference between working in a different classification with higher pay and doing work within a classification that has varying rates of pay which are determined by the type of work that is done within the classification. For example, the classification "Operating Engineer" provides for different rates of pay for various classes of work and the Employer shall compensate an employee classified as an "Operating Engineer" based on the highest class of work that is done in one day. Therefore, an "Operating Engineer's" rate may vary on a day to day basis depending on the type of work that is done, but it will never be less than the base rate of an "Operating Engineer". Also, as a matter of clarification, it is recognized that an employee may work in a higher paying classification merely by chance and without prior intention, calculation or design. If such is the case and the performance of the work is truly incidental and the occurrence is infrequent, inconsequential and does not serve to undermine the single classification principle herein, then it may not be required that the employee be considered to be in the higher pay classification and receive the higher rate of pay for the duration of the contract. However, the Contractor is not precluded or prevented from paying the higher rate for the limited time that an employee performs work that is outside of the employee's proper classification.

Questions regarding an employee's classification, rate of pay or rate of pay within a classification, shall be resolved by reference to the established practice that predominates in the industry and on which the trade or occupation rate/classification is based. Rate of pay and classification disputes shall be resolved by relying upon practices established by collective bargaining agreements and guidelines used in such determination by appropriate recognized trade unions operating within the City of Madison.

The Contractor, its Subcontractors and Agents shall submit to interrogation regarding compliance with the provisions of this ordinance.

Mulcting of the employees by the Contractor, Subcontractor, and Agents on Public Works contracts, such as by kickbacks or other devices, is prohibited. The normal rate of wage of the employees of the Contractor, Subcontractor, and Agents shall not be reduced or otherwise diminished as a result of payment of the prevailing wage rate on a public works contract.

Hourly contributions. Hourly contributions shall be determined in accordance with the prevailing wage rate and with DWD. 290.01(10), Wis. Admin. Code.

Apprentices and Subjourney persons. Apprentices and sub journeypersons performing work on the project shall be compensated in accordance with the prevailing wage rate and with DWD 290.02, and 290.025, respectively, Wis. Admin. Code.

Straight Time Wages. The Contractor may pay straight time wages as determined by the prevailing wage rate and DWD 290.04, Wis. Admin. Code.

Overtime Wages. The Contractor shall pay overtime wages as required by the prevailing wage rate and DWD 290.05, Wis. Admin. Code.

Posting of Wage Rates and Hours. A clearly legible copy of the prevailing wage rate, together with the provisions of Sec. 66.0903(10)(a) and (11)(a), Wis. Stats., shall be kept posted in at least one conspicuous and easily accessible place at the project site by the Contractor and such notice shall remain posted during the full time any laborers, workers or mechanics are employed on the contract.

Evidence of Compliance by Contractor. Upon completion of the contract, the Contractor shall file with the Department of Public Works an affidavit stating:

- a. That the Contractor has complied fully with the provisions and requirements of Sec. 66.0903(3), Wis. Stats., and Chapter DWD 290, Wis. Admin. Code; the Contractor has received evidence of compliance from each of the agents and subcontractors; and the

names and addresses of all of the subcontractors and agents who worked on the contract.

- b. That full and accurate records have been kept, which clearly indicate the name and trade or occupation of every laborer, worker or mechanic employed by the Contractor in connection with work on the project. The records shall show the number of hours worked by each employee and the actual wages paid therefore; where these records will be kept and the name, address and telephone number of the person who will be responsible for keeping them. The records shall be retained and made available for a period of at least three (3) years following the completion of the project of public works and shall not be removed without prior notification to the municipality.

Evidence of Compliance by Agent and Subcontractor. Each agent and subcontractor shall file with the Contractor, upon completion of their portion of the work on the contract an affidavit stating that all the provisions of Sec. 66.0903(3), Wis. Stats., have been fully complied with and that full and accurate records have been kept, which clearly indicate the name and trade or occupation of every laborer, worker or mechanic employed by the Contractor in connection with work on the project. The records shall show the number of hours worked by each employee and the actual wages paid therefore; where these records shall be kept and the name, address and telephone number of the person who shall be responsible for keeping them. The records shall be retained and made available for a period of at least three (3) years following the completion of the project of public works and shall not be removed without prior notification to the municipality.

Failure to Comply with the Prevailing Wage Rate. If the Contractor fails to comply with the prevailing wage rate, she/he shall be in default on the contract. In addition, if DWD finds that a contractor or subcontractor violated the prevailing wage law, DWD will assess liquidated damages of 100% of the wages owed to employees.

Establishment of Wage Rates. The Department of Public Works shall periodically obtain a current schedule of prevailing wage rates from DWD. The schedule shall be used to establish the City of Madison Prevailing Wage Rate Schedule for Public Works Construction (prevailing wage rate). The Department of Public Works may include known increases to the prevailing wage rate which can be documented and are to occur on a future specific date. The prevailing wage rate shall be included in public works contracts subsequently negotiated or solicited by the City. Except for known increases contained within the schedule, the prevailing wage rate shall not change during the contract. The approved wage rate and DWD prevailing wage requirements are attached hereto as Sec. I of the contract.

5. **Affirmative Action.** In the performance of the services under this Agreement the Contractor agrees not to discriminate against any employee or applicant because of race, religion, marital status, age, color, sex, disability, national origin or ancestry, income level or source of income, arrest record or conviction record, less than honorable discharge, physical appearance, sexual orientation, gender identity, political beliefs, or student status. The Contractor further agrees not to discriminate against any subcontractor or person who offers to subcontract on this contract because of race, religion, color, age, disability, sex, sexual orientation, gender identity or national origin.

The Contractor agrees that within thirty (30) days after the effective date of this agreement, the Contractor will provide to the City Affirmative Action Division certain workforce utilization statistics, using a form to be furnished by the City.

If the contract is still in effect, or if the City enters into a new agreement with the Contractor, within one year after the date on which the form was required to be provided, the Contractor will provide updated workforce information using a second form, also to be furnished by the City. The second form will be submitted to the City Affirmative Action Division no later than one year after the date on which the first form was required to be provided.

The Contractor further agrees that, for at least twelve (12) months after the effective date of this contract, it will notify the City Affirmative Action Division of each of its job openings at facilities in Dane County for which applicants not already employees of the Contractor are to be considered. The notice will include a job description, classification, qualifications and application procedures and deadlines. The Contractor agrees to interview and consider candidates referred by the Affirmative Action Division if the candidate meets the minimum qualification standards established by the Contractor, and if the referral is timely. A referral is timely if it is received by the Contractor on or before the date started in the notice.

Articles of Agreement Article I

The Contractor shall take affirmative action in accordance with the provisions of this contract to insure that applicants are employed, and that employees are treated during employment without regard to race, religion, color, age, marital status, disability, sex, sexual orientation, gender identity or national origin and that the employer shall provide harassment free work environment for the realization of the potential of each employee. Such action shall include, but not be limited to, the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation and selection for training including apprenticeship insofar as it is within the control of the Contractor. The Contractor agrees to post in conspicuous places available to employees and applicants notices to be provided by the City setting out the provisions of the nondiscrimination clauses in this contract.

Article II

The Contractor shall in all solicitations or advertisements for employees placed by or on behalf of the Contractors state that all qualified or qualifiable applicants will be employed without regard to race, religion, color, age, marital status, disability, sex, sexual orientation, gender identity or national origin.

Article III

The Contractor shall send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding a notice to be provided by the City advising the labor union or worker's representative of the Contractor's equal employment opportunity and affirmative action commitments. Such notices shall be posted in conspicuous places available to employees and applicants for employment.

Article V

The Contractor agrees that it will comply with all provisions of the Affirmative Action Ordinance of the City of Madison, including the contract compliance requirements. The Contractor agrees to submit the model affirmative action plan for public works contractors in a form approved by the Affirmative Action Division Manager.

Article VI

The Contractor will maintain records as required by Section 39.02(9)(f) of the Madison General Ordinances and will provide the City Affirmative Action Division with access to such records and to persons who have relevant and necessary information, as provided in Section 39.02(9)(f). The City agrees to keep all such records confidential, except to the extent that public inspection is required by law.

Article VII

In the event of the Contractor's or subcontractor's failure to comply with the Equal Employment Opportunity and Affirmative Action Provisions of this contract or Section 39.03 and 39.02 of the Madison General Ordinances, it is agreed that the City at its option may do any or all of the following:

1. Cancel, terminate or suspend this Contract in whole or in part.
2. Declare the Contractor ineligible for further City contracts until the Affirmative Action requirements are met.
3. Recover on behalf of the City from the prime Contractor 0.5 percent of the contract award price for each week that such party fails or refuses to comply, in the nature of liquidated damages, but not to exceed a total of five percent (5%) of the contract price, or five thousand dollars (\$5,000), whichever is less. Under public works contracts, if a subcontractor is in noncompliance, the City may recover liquidated damages from the prime Contractor in the manner described above. The preceding sentence shall not be construed to prohibit a prime Contractor from recovering the amount of such damage from the non-complying subcontractor.

Article VIII

The Contractor shall include the above provisions of this contract in every subcontract so that such provisions will be binding upon each subcontractor. The Contractor shall take such action with respect to any subcontractor as necessary to enforce such provisions, including sanctions provided for noncompliance.

Article IX

The Contractor shall allow the maximum feasible opportunity to small business enterprises to compete for any subcontracts entered into pursuant to this contract. (In federally funded contracts the terms "DBE, MBE and WBE" shall be substituted for the term "small business" in this Article.)

6. Substance Abuse Prevention Program Required. Prior to commencing work on the Contract, the Contractor, and any Subcontractor, shall have in place a written program for the prevention of substance abuse among its employees as required under Wis. Stat. Sec. 103.503.

**QUANN PARK TENNIS COURT RECONSTRUCTION – PHASE 2
CONTRACT NO. 7475**

IN WITNESS WHEREOF, the Contractor has hereunto set his/her hand and seal and the City has caused these presents to be sealed with its corporate seal and to be subscribed by its Mayor and City Clerk the day and year first above written.

SECTION 1: PAYMENT AND PERFORMANCE BOND

KNOW ALL MEN BY THESE PRESENTS, that we TRI-COUNTY PAVING, INC. as principal, and Granite Re, Inc.

Company of Oklahoma as surety, are held and firmly bound unto the City of Madison, Wisconsin, in the sum of ONE HUNDRED SEVENTY-EIGHT THOUSAND SEVEN HUNDRED NINETY-TWO AND 70/100 (\$178,792.70) Dollars, lawful money of the United States, for the payment of which sum to the City of Madison, we hereby bind ourselves and our respective executors and administrators firmly by these presents.

The condition of this Bond is such that if the above bounden shall on his/her part fully and faithfully perform all of the terms of the Contract entered into between him/herself and the City of Madison for the construction of:

QUANN PARK TENNIS COURT RECONSTRUCTION – PHASE 2
CONTRACT NO. 7475

in Madison, Wisconsin, and shall pay all claims for labor performed and material furnished in the prosecution of said work, and save the City harmless from all claims for damages because of negligence in the prosecution of said work, and shall save harmless the said City from all claims for compensation (under Chapter 102, Wisconsin Statutes) of employees and employees of subcontractor, then this Bond is to be void, otherwise of full force, virtue and effect.

SECTION J: PREVAILING WAGE RATES

PREVAILING WAGE RATE DETERMINATION

Issued by the State of Wisconsin
Department of Workforce Development
Pursuant to s. 66.0903, Wis. Stats.
Issued On: 1/7/2015

DETERMINATION NUMBER: 201500014

EXPIRATION DATE: Prime Contracts MUST Be Awarded or Negotiated On Or Before 12/31/2015. If NOT, You MUST Reapply.

PROJECT NAME: ALL PUBLIC WORKS PROJECTS UNDER SEC. 66.0903, STATS-CITY OF MADISON

PROJECT LOCATION: MADISON CITY, DANE COUNTY, WI

CONTRACTING AGENCY: CITY OF MADISON - ENGINEERING

CLASSIFICATION:	Contractors are responsible for correctly classifying their workers. Either call the Department of Workforce Development (DWD) with trade or classification questions or consult DWD's Dictionary of Occupational Classifications & Work Descriptions on the DWD website at: dwd.wisconsin.gov/er/prevailing_wage_rate/Dictionary/dictionary_main.htm .
OVERTIME:	Time and one-half must be paid for all hours worked: <ul style="list-style-type: none">- over 10 hours per day on prevailing wage projects- over 40 hours per calendar week- Saturday and Sunday- on all of the following holidays: January 1; the last Monday in May; July 4; the 1st Monday in September; the 4th Thursday in November; December 25;- The day before if January 1, July 4 or December 25 falls on a Saturday;- The day following if January 1, July 4 or December 25 falls on a Sunday. Apply the time and one-half overtime calculation to whichever is higher between the Hourly Basic Rate listed on this project determination or the employee's regular hourly rate of pay. Add any applicable Premium or DOT Premium to the Hourly Basic Rate before calculating overtime. A DOT Premium (discussed below) may supersede this time and one-half requirement.
FUTURE INCREASE:	When a specific trade or occupation requires a future increase, you MUST add the full hourly increase to the "TOTAL" on the effective date(s) indicated for the specific trade or occupation.
PREMIUM PAY:	If indicated for a specific trade or occupation, the full amount of such pay MUST be added to the "HOURLY BASIC RATE OF PAY" indicated for such trade or occupation, whenever such pay is applicable.
DOT PREMIUM:	This premium only applies to highway and bridge projects owned by the Wisconsin Department of Transportation and to the project type heading "Airport Pavement or State Highway Construction." DO NOT apply the premium calculation under any other project type on this determination.
APPRENTICES:	Pay apprentices a percentage of the applicable journey person's hourly basic rate of pay and hourly fringe benefit contributions specified in this determination. Obtain the appropriate percentage from each apprentice's contract or indenture.
SUBJOURNEY:	Subjourney wage rates may be available for some of the trades or occupations indicated below with the exception of laborers, truck drivers and heavy equipment operators. Any employer interested in using a subjourney classification on this project MUST complete Form ERD-10880 and request the applicable wage rate from the Department of Workforce Development PRIOR to using the subjourney worker on this project.

This document **MUST BE POSTED** by the **CONTRACTING AGENCY** in at least one conspicuous and easily accessible place **on the site of the project**. A local governmental unit may post this document at the place normally used to post public notices if there is no common site on the project. This document **MUST** remain posted during the entire time any worker is employed on the project and **MUST** be physically incorporated into the specifications and all contracts and subcontracts. If you have any questions, please write to the Equal Rights Division, Labor Standards Bureau, P.O. Box 8928, Madison, Wisconsin 53708 or call (608) 266-6861.

The following statutory provisions apply to local governmental unit projects of public works and are set forth below pursuant to the requirements of s. 66.0903(8), Stats.

s. 66.0903 (1) (f) & s. 103.49 (1) (c) "PREVAILING HOURS OF LABOR" for any trade or occupation in any area means 10 hours per day and 40 hours per week and may not include any hours worked on a Saturday or Sunday or on any of the following holidays:

1. January 1.
2. The last Monday in May.
3. July 4.
4. The first Monday in September.
5. The 4th Thursday in November.
6. December 25.
7. The day before if January 1, July 4 or December 25 falls on a Saturday.
8. The day following if January 1, July 4 or December 25 falls on a Sunday.

s. 66.0903 (10) RECORDS; INSPECTION; ENFORCEMENT.

(a) Each contractor, subcontractor, or contractor's or subcontractor's agent performing work on a project of public works that is subject to this section shall keep full and accurate records clearly indicating the name and trade or occupation of every person performing the work described in sub. (4) and an accurate record of the number of hours worked by each of those persons and the actual wages paid for the hours worked.

s. 66.0903 (11) LIABILITY AND PENALTIES.

- (a) 1. Any contractor, subcontractor, or contractor's or subcontractor's agent who fails to pay the prevailing wage rate determined by the department under sub. (3) or who pays less than 1.5 times the hourly basic rate of pay for all hours worked in excess of the prevailing hours of labor is liable to any affected employee in the amount of his or her unpaid wages or his or her unpaid overtime compensation and in an additional amount as liquidated damages as provided under subd. 2., 3., whichever is applicable.
2. If the department determines upon inspection under sub. (10) (b) or (c) that a contractor, subcontractor, or contractor's or subcontractor's agent has failed to pay the prevailing wage rate determined by the department under sub. (3) or has paid less than 1.5 times the hourly basic rate of pay for all hours worked in excess of the prevailing hours of labor, the department shall order the contractor to pay to any affected employee the amount of his or her unpaid wages or his or her unpaid overtime compensation and an additional amount equal to 100 percent of the amount of those unpaid wages or that unpaid overtime compensation as liquidated damages within a period specified by the department in the order.
3. In addition to or in lieu of recovering the liability specified in subd. 1. as provided in subd. 2., any employee for and in behalf of that employee and other employees similarly situated may commence an action to recover that liability in any court of competent jurisdiction. If the court finds that a contractor, subcontractor, or contractor's or subcontractor's agent has failed to pay the prevailing wage rate determined by the department under sub. (3) or has paid less than 1.5 times the hourly basic rate of pay for all hours worked in excess of the prevailing hours of labor, the court shall order the contractor, subcontractor, or agent to pay to any affected employee the amount of his or her unpaid wages or his or her unpaid overtime compensation and an additional amount equal to 100 percent of the amount of those unpaid wages or that unpaid overtime compensation as liquidated damages.
5. No employee may be a party plaintiff to an action under subd. 3. unless the employee consents in writing to become a party and the consent is filed in the court in which the action is brought. Notwithstanding s. 814.04 (1), the court shall, in addition to any judgment awarded to the plaintiff, allow reasonable attorney fees and costs to be paid by the defendant.

BUILDING OR HEAVY CONSTRUCTION

Includes sheltered enclosures with walk-in access for the purpose of housing persons, employees, machinery, equipment or supplies and non-sheltered work such as canals, dams, dikes, reservoirs, storage tanks, etc. A sheltered enclosure need not be "habitable" in order to be considered a building. The installation of machinery and/or equipment, both above and below grade level, does not change a project's character as a building. On-site grading, utility work and landscaping are included within this definition. Residential buildings of four (4) stories or less, agricultural buildings, parking lots and driveways are NOT included within this definition.

SKILLED TRADES

Fringe Benefits Must Be Paid On All Hours Worked

<u>CODE</u>	<u>TRADE OR OCCUPATION</u>	<u>HOURLY BASIC RATE OF PAY</u> \$	<u>HOURLY FRINGE BENEFITS</u> \$	<u>TOTAL</u> \$

RESIDENTIAL OR AGRICULTURAL CONSTRUCTION

Includes single family houses or apartment buildings of no more than four (4) stories in height and all buildings, structures or facilities that are primarily used for agricultural or farming purposes, excluding commercial buildings. For classification purposes, the exterior height of a residential building, in terms of stories, is the primary consideration. All incidental items such as site work, driveways, parking lots, private sidewalks, private septic systems or sewer and water laterals connected to a public system and swimming pools are included within this definition. Residential buildings of five (5) stories and above are NOT included within this definition.

PREVAILING WAGE – Contractors

Any public works project that has a total estimated project cost that equals or exceeds prevailing wage project thresholds requires a prevailing wage rate determination issued by the Department of Workforce Development (DWD). Public works include erecting, constructing, remodeling, repairing, demolishing, alterations, painting and decorating projects for a local governmental unit or state agency. State law excludes minor service or maintenance work, warranty work, or work under a supply-and-installation contract. There is a statutory definition for most of these exclusions. The prevailing wage laws that apply to local governmental units and their contractors are §§66.0903 and 103.503, Wis. Stats. The prevailing wage laws that apply to state agencies and their contractors are §§103.49 and 103.503, Wis. Stats. The applicable administrative rules for all prevailing wage projects are DWD 290 and DWD 294, Wis. Adm. Code. These laws include provisions that apply to all contractors and subcontractors working on prevailing wage projects.

Any contractor or subcontractor working on a local governmental unit or state agency's public works project that equals or exceeds current prevailing wage project thresholds must do all of the following:

- Receive and review the project's prevailing wage rate determination (i.e., white sheet).
- Tell subcontractors the project is subject to state prevailing wage law and include the prevailing wage rate determination in the construction contract, or if there is no written contract, provide a copy of the project determination to each subcontractor.
- Hire subcontractors who do *not* appear on the "Consolidated List of Debarred Contractors."
- Have a written substance abuse testing program in place that fulfills the requirements of §103.503, Wis. Stats., before commencing work on the project.

- Notify subcontractors that if DWD finds that a contractor or subcontractor violated the prevailing wage law, DWD will assess liquidated damages of 100% of the wages owed to employees.
- Apply to DWD for subjourney wage rates prior to employing these individuals on the project.
- Receive and retain a completed Affidavit of Compliance from each subcontractor brought on to the project before providing final payment to those subcontractors.
- Submit a completed Affidavit of Compliance to the contractor who brought the subcontractor on to the project before receiving final payment for the project.
- Maintain payroll records for 3 years that comply with §§66.0903(10)(a) or 103.49(5)(a), Stats. and DWD 274.06.
- Respond to requests from DWD or the project owner to provide payroll records and/or respond to prevailing wage complaints filed by employees or third parties.

For more information, visit the prevailing wage website: http://dwd.wisconsin.gov/er/prevailing_wage_rate/default.htm. For further assistance, call the Equal Rights Division at 608-266-6861 and ask for prevailing wage.
