

**DEVELOPMENT AGREEMENT
KENNEDY POINT CONDOMINIUMS PUD
CONTRACT NO. 2046
PROJECT NO. 53B2046**

MADISON, WISCONSIN

THIS AGREEMENT, made and entered into this 22nd day of December, 2005, by and between Kennedy Point, LLC of Madison, Wisconsin, hereinafter the "Developer", and the City of Madison, hereinafter the "City", a municipal corporation located in Dane County, Wisconsin.

RECITALS

1. WHEREAS, the Developer has received approval from the City for a Planned Unit Development (PUD) to construct condominiums at 1835 Winnebago Street, a copy of which is incorporated by reference.
2. WHEREAS, Section 16.23(9) of the Madison General Ordinances (MGO) and the conditions of approval require that provisions be made for the restoration/installation of certain public improvements to accommodate the Developer's project.
3. WHEREAS, the Developer intends to complete the installation of said public improvements with the Initial Construction Phase of said project and does not intend to complete any of said public improvements in subsequent construction phases.

DEVELOPMENT AGREEMENT

NOW, THEREFORE, the Developer and the City hereby agree as follows:

ARTICLE I - GENERAL CONDITIONS

A. Contractors Qualified By Board of Public Works

The Developer agrees to engage Contractors for all construction included in this agreement who shall be listed as qualified for such work by the Director of Public Works and who shall comply with every requirement of Section 23.01, M.G.O. (Minimum Wage Scale). The Developer shall furnish the City Engineer with the names of all Contractors and their subcontractors, with the classification of the work they perform, prior to any work beginning.

B. Affirmative Action

(The term "Contractor" used in this paragraph shall be synonymous with the term "Developer" used in the remainder of this Agreement.)

In the performance of the services under this Agreement the Contractor agrees not to discriminate against any employee or applicant because of race, religion, marital status, age, color, sex, disability, national origin or ancestry, income level or source of income, arrest record or conviction record, less than honorable discharge, physical appearance, sexual orientation, political beliefs, or student status. Contractor further agrees not to discriminate against any subcontractor or person who offers to subcontract on this contract because of race, religion, color, age, disability, sex or national origin.

The contractor agrees that, within thirty (30) days after the effective date of this agreement, the contractor will provide to the City Department of Affirmative Action certain workforce utilization statistics, using a form to be furnished by the City.

If the contract is still in effect, or if the City enters into a new agreement with the contractor, within one year after the date on which the form was required to be provided, the contractor will provide updated workforce information using a second form, also to be furnished by the City. The second form will be submitted to the City Department of Affirmative Action no later than one year after the date on which the first form was required to be provided.

The contractor further agrees that, for at least twelve (12) months after the effective date of this contract, it will notify the City Department of Affirmative Action of each of its job openings at facilities in Dane County for which applicants not already employees of the contractor are to be considered. The notice will include a job description, classification, qualifications and application procedures and deadlines. The contractor agrees to interview and consider candidates referred by the Department of Affirmative Action if the candidate meets the minimum qualification standards established by the contractor, and if the referral is timely. A referral is timely if it is received by the contractor on or before the date stated in the notice.

Articles of Agreement

Article I

The contractor shall take affirmative action in accordance with the provisions of this contract to insure that applicants are employed, and that employees are treated during employment without regard to race, religion, color, age, marital status, disability, sex or national origin and that the employer shall provide harassment-free work environment for the realization of the potential of

each employee. Such action shall include, but not be limited to, the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation and selection for training including apprenticeship insofar as it is within the control of the contractor. The contractor agrees to post in conspicuous places available to employees and applicants notices to be provided by the City setting out the provisions of the nondiscrimination clauses in this contract.

Article II

The contractor shall in all solicitations or advertisements for employees placed by or on behalf of the contractors state that all qualified or qualifiable applicants will be employed without regard to race, religion, color, age, marital status, disability, sex or national origin.

Article III

The contractor shall send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding a notice to be provided by the City advising the labor union or workers representative of the contractor's equal employment opportunity and affirmative action commitments. Such notices shall be posted in conspicuous places available to employees and applicants for employment.

Article IV

(This article applies only to non-public works contracts).

The contractor agrees that it will comply with all provisions of the Affirmative Action Ordinance of the City of Madison including the contract compliance requirements. The contractor warrants and certifies that, of the following two paragraphs, paragraph A or B is true (check one):

_____ It has prepared and has on file an affirmative action plan that meets the format requirements of Federal Revised Order No. 4, 41 CFR part 60-2, as established by 43 FR 51400 November 3, 1978, including appendices required by City of Madison Ordinances or it has prepared and has on file a model affirmative action plan approved by the Madison Common Council.

_____ Within thirty (30) days after the effective date of this contract, it will complete an affirmative action plan that meets the format requirements of Federal Revised order No. 4, 41 CFR Part 60-2, as established by 43 FR 51400, November 3, 1978, including appendices required by City of Madison ordinance or within thirty (30) days after the effective date of this contract, it will complete a model affirmative action plan approved by the Madison Common Council.

Article V

(This article applies only to public works contracts).

The contractor agrees that it will comply with all provisions of the Affirmative Action Ordinance of the City, including the contract compliance requirements. The contractor agrees to submit the model affirmative action plan for public works contractors in a form approved by the Director of Affirmative Action.

Article VI

The contractor will maintain records as required by Section 3.58(9)(f) of the Madison General Ordinances and will provide the City's Department of Affirmative Action with access to such records and to persons who have relevant and necessary information, as provided in Section

3.58(9)(f). The City agrees to keep all such records confidential, except to the extent that public inspection is required by law.

Article VII

In the event of the contractor's or subcontractor's failure to comply with the Equal Employment Opportunity and Affirmative Action Provisions of this contract or Sections 3.23 and 3.58 of the Madison General Ordinances, it is agreed that the City at its option may do any or all of the following:

1. Cancel, terminate or suspend this contract in whole or in part.
2. Declare the contractor ineligible for further City contracts until the Affirmative Action requirements are met.
3. Recover on behalf of the City from the prime contractor 0.5 percent of the contract award price for each week that such party fails or refuses to comply, in the nature of liquidated damages, but not to exceed a total of five percent (5%) of the contract price, or five thousand dollars (\$5,000), whichever is less. Under public works contracts, if a subcontractor is in noncompliance, the City may recover liquidated damages from the prime contractor in the manner described above. The preceding sentence shall not be construed to prohibit a prime contractor from recovering the amount of such damage from the noncomplying subcontractor.

Article VIII

The contractor shall include the above provisions of this contract in every subcontract so that such provisions will be binding upon each subcontractor. The contractor shall take such action with respect to any subcontractor as necessary to enforce such provisions, including sanctions provided for noncompliance. (This article applies to public works contracts only).

Article IX

The contractor shall allow the maximum feasible opportunity to small business enterprises to compete for any subcontracts entered into pursuant to this contract. (In federally funded contracts the terms "DBE, MBE and WBE" shall be substituted for the term "small business" in this article).

C. Preconstruction Meeting

The Developer further agrees to coordinate a preconstruction meeting with the City Construction Engineer.

D. Construction Plans

The Developer further agrees to work from Construction Plans that have been approved by the Common Council. The plan shall be prepared by the Developer or by the City Engineer from data submitted by the Developer, as determined by the City Engineer. The Developer shall note that Plan Commission approval of the project does not constitute approval of the improvements within the public right-of-way. Separate approval is required. The Plan shall be signed by the City Engineer.

E. City Approval of Starting Dates

The Developer further agrees that no work shall be scheduled for the above mentioned improvements without the City Engineer's and Water Utility Manager's approval of starting date and schedule.

F. Notification of Work

The Developer further agrees to notify the City Construction Engineer two (2) working days prior to beginning work or resuming work in the right-of-way.

G. Change Order to Work

The Developer further agrees that the City shall not be responsible for any costs or changes related to this project except those specifically enumerated and agreed in this or other written agreements between the City and the Developer.

H. Acceptance of Work

The Developer further agrees that the acceptance of public improvements is conditioned on completion of the following:

1. That all outstanding engineering and inspection charges indicated herein have been paid in full.
2. That affidavits and lien waivers are received by the City indicating that the Contractor has been paid in full for all work and materials furnished under this contract.
3. That a complete breakdown of costs incurred by the Developer is provided to the City for the following public improvement components in the public right of way and within public easements:
 - a. Sanitary sewer and sanitary sewer laterals.
 - b. Water main and laterals.
 - c. Storm sewer and storm water management facilities.
 - d. Streets including sidewalks, pavement marking, signage and street plantings.
 - e. Street lighting.
 - f. Traffic Signals.
 - g. Other items of work within the Public Right of Way.
4. That the water main is tested and a bacteriologically safe sample is obtained by testing at the Madison Board of Health. The Water Utility will flush the main and obtain the samples required for this testing.

The maintenance of specified public improvement components becomes the responsibility of the City upon acceptance of those components by the Common Council

I. Time of Completion

All work specified herein shall be completed within eighteen (18) months from the date of this agreement by the Developer.

J. Indemnification and Insurance Required of Private Contractors

The Developer shall require all Contractors engaged in the construction of this project to comply with the City contract requirements pertaining to damage claims, indemnification of the City and insurance, all as specified in Section 107 of the City of Madison Standard Specifications for Public Works Construction and addendums thereto.

The Developer shall also require all Contractors engaged in the construction of this project to maintain a current Certificate Of Insurance on file with the City Engineer.

K. Guarantee of the Work

The Developer agrees to guarantee all work performed under this contract, except tree and shrubbery planting, for a period of one year from the date of final acceptance by the City Common Council, against defects in workmanship or materials. If any defect should appear during the guarantee period, the Developer agrees to make required replacement or acceptable repairs of the defective work at his own expense. This expense includes total and complete restoration of any disturbed surface or component of the improvement to the standard provided in the plans and specifications, regardless of improvements on lands where the repairs or replacement is required.

The Developer agrees to guarantee all tree and shrubbery planting for a period of two years from the date of final acceptance by the City Common Council, in accordance with Section 209.6 of the City of Madison Standard Specifications for Public Works Construction.

L. Specifications for Improvement

The Developer agrees to install the improvements specified in this Agreement in accordance with the plans and specifications approved by the Common Council and in accordance with the City of Madison Standard Specifications for Public Works Construction and the following conditions:

1. Grading, Erosion Control, Barricades, and Traffic Control:
 - a. The Developer shall undertake the grading, erosion control and barricade requirements for streets whose right-of-way are contained within or adjacent to the project to grades established by the City Engineer and approved by the Common Council said grading shall include the grading of the terraces to a sidewalk grade established by the City Engineer and in accordance with the Madison Standard Typical Street Sections and Standard Detail Drawings of the Specifications.
 - b. The Developer shall furnish, install barricades, signs and other traffic control devices as specified by the City Traffic Engineer at all street ends.
 - c. The Developer shall prepare a traffic control plan, which shall be submitted for approval to the Traffic Engineering Division. Work shall not begin until the traffic control plan is approved by the Traffic Engineering Division and a copy of the approved traffic control plan has been submitted to the Construction Engineer. The Developer shall furnish, install and maintain during construction, barricades, signs, pavement markings and other traffic control devices as specified on the approved traffic control plan or as directed by the City Traffic Engineer.
 - d. The Developer shall obtain a Erosion Control and Stormwater Management Permit for the erosion and runoff control as required by Chapter 37, M.G.O. prior to the grading, utility installation or other land disturbance activity. The Developer shall adhere to conditions specified on the permit and grants the right-of-entry on the project to designated personnel of the City to inspect and monitor compliance with this Agreement.
 - e. The Developer shall not disturb, grade, fill or store materials on public property or property required to be dedicated, unless specifically approved by the City's representative. The Developer shall clean up, topsoil, seed and mulch any public property which is disturbed. The Developer shall grade, topsoil, seed and mulch

all public or dedicated frontage at a 4:1 slope to meet existing grade, unless it is specified otherwise or permitted by the City's representative. The Developer shall provide and install any erosion control measures required on public property or property to be dedicated due to the grading specified in this agreement.

2. Sanitary Sewer Facilities:

The Developer shall install sanitary sewer mains, sanitary sewer access structures and laterals to serve the project. No construction shall commence until plans and specifications have been approved by the Madison Metropolitan Sewerage District and the State of Wisconsin Department of Natural Resources, in addition to the other approvals required by this Agreement.

3. Storm Sewer and Public Drainage System:

a. The Developer shall install a public drainage system including all storm sewer mains, mainline structures, inlets, lateral pipes, and related appurtenances in accordance with the plans approved by the City Engineer unless other arrangements have been approved by the City Engineer as detailed in the supplemental conditions. Any field changes by the City Engineer shall become part of the approved plan and shall be incorporated at the Developer's expense.

4. Water Mains and Water Service Laterals:

a. The Developer shall install water mains, including pipe, hydrants, tees, valves, crosses and related appurtenances and water service laterals to serve the project and as required by the plans and specifications prepared by the Water Utility and approved by the State of Wisconsin Department of Natural Resources, in addition to the other approvals required by this Agreement. All water service laterals two (2) inches in diameter and smaller shall be completed with a curb stop and box. All water service laterals three (3) inches and larger shall be completed with a controlling valve box. All materials used shall conform to City of Madison Standard Specifications For Public Works Construction. The City Water Utility will furnish all pipes and fittings over ten (10) inches in diameter and the Developer will furnish all other required materials.

b. Prior to acceptance of the water main by the City, the Developer shall grant to the City a public water main easement as shown on the approved water main plan, if required. The easement shall include, but not be limited to, the right of ingress and egress thereon and the right to excavate, operate, repair, replace, or maintain the City water system, including the water main, and to perform all work incidental thereto. In addition, the Developer shall also provide the City with a legal description and sketch of this public water main easement. No buildings or structures of any kind shall be built over said public water main easement without the written permission of the Madison Water Utility. The water main easement shall be graded to final grade prior to installation of the water main. After installation of the water main, there shall be no grade change in excess of one foot without written permission from the Madison Water Utility.

c. After final acceptance of the water main by the City, the Developer shall provide, to City of Madison Engineering, a list of all water hydrant locations with benchmark elevations provided for each. The elevations provided shall be for the 'top nut' of each hydrant, and shall be to "NAVD 88" as published by the City of Madison on PLS section corners. The elevations shall be determined in accordance with accepted surveying techniques for establishing vertical control to the nearest hundredth of a foot.

5. Streets and Sidewalks:

The Developer shall install Madison Standard One Course Concrete, Curb and Gutter and other types of curb and gutter as specified; Madison Standard Sidewalk with Madison Standard Crosswalks, and the specified Standard Pavement on all streets within or adjacent to the project.

The Developer shall install Madison Standard Sidewalk with Madison Standard Crosswalks on all streets abutting the project (on the one side of the street abutting the project).

6. Runoff Control Structures:

The Developer shall install the runoff control structures including related storm sewers required by the Erosion Control and Stormwater Management Permit and the plans and specifications approved by the City Engineer.

7. Signs:

The Developer shall pay all costs associated with the installation of all traffic signs and structures as required by the plans and specifications prepared by the City Traffic Engineering Division, including City furnished materials, labor, inspection and engineering. Temporary street name signs may be installed by the Developer following the provisions in the Standard Specifications for Public Works Construction.

8. Pavement Markings:

The Developer shall pay all costs associated with the installation of all pavement markings as required by the plans and specifications prepared by the City Traffic Engineering Division, including City furnished materials, labor, inspection, and engineering.

9. Street Lights:

The Developer shall pay all costs associated with the installation of street lighting, conduit and structures as required by the plans and specifications prepared by the City Traffic Engineering Division including City furnished materials, labor, inspection and engineering.

10. Traffic Signals:

The Developer shall pay all costs associated with the installation of traffic signals, conduit, structures and related equipment as required by the plans and specifications prepared by the City Traffic Engineering Division including City furnished materials, labor, inspection, and engineering.

M. Fees Payable Prior to Construction

The Developer agrees to pay the City the following charges prior to construction beginning:

1. All outstanding area charges levied against the project by the City and the Madison Metropolitan Sewerage District for the construction of downstream sanitary sewer facilities.

N. Developer to Reimburse the City for Costs Sustained

1. The Developer shall reimburse the City for its actual cost of design, inspection, testing, construction, and associated legal and real estate expenses for the required public improvements for the project. The City's expenses shall be determined as follows:
 - a. The cost of City employees' time engaged in the required public improvements based on the hourly rate paid to the employee multiplied by a factor determined by the respective Division/Department to represent the City's cost for statutory expense benefits, insurance, sick leave, holidays, vacation and similar benefits, overhead and supervision, said factor not to exceed 2.25.
 - b. The cost of City equipment employed.
 - c. The actual costs of City materials incorporated into the work including transportation costs plus a restocking and/or handling fee not to exceed 20% of the cost of the materials.
 - d. All consultant fees associated with the project at the invoiced amount plus 10% for administration.

2. The Developer shall advance to the City the following payments/deposits:

- a. An amount equal to an estimate of the City's expenses, as prepared by the participating City Divisions/Departments, at the time the Developer files a Development Agreement. At the conclusion of the project, the respective agencies shall bill the actual cost to the Developer. In the event that the actual cost is calculated to be less than the advanced amount, the difference shall be refunded to the Developer. In the event the advance is less than the actual amount, the Developer shall be billed the difference and payment shall be a condition precedent to acceptance of any major components of construction. The estimated cost of services to be performed by the City is as follows:

City Engineering Division \$33,700.00 (Make check payable to City of Madison).

Madison Water Utility \$5,000.00 (Make check payable to Madison Water Utility).

City Traffic Engineering Division \$170,000.00 (Make check payable to City of Madison). *Additional surety LCC in a amount of \$ 135,000 provided in lieu of deposit*

- b. A deposit to secure inspection.

City Engineering Division \$10,000.00 (Make check payable to City of Madison).

O. Surety

1. The Developer agrees to furnish the City with corporate bond, certified check, official check or irrevocable letter of credit in the amount of \$264,000.00 to secure performance of this agreement. *\$ 400,000 JK*
2. Upon acceptance by the City Common Council of the improvements constructed as part of this agreement, the City agrees to reduce the surety to an amount equal to an estimate of the City Engineer to secure performance of the guarantee described in this agreement.

3. If the Developer provides a certified or official check to secure performance of this contract, the Developer agrees that the City may deposit the check in an interest bearing account and retain all interest accruing to such a deposit."

P. Developer's Designated Project Coordinator

The Developer hereby appoints John Lichtenheld (Schreiber/Anderson) at 255-0800 as the Project Coordinator, said individual who shall act as the Developer's representative during the Construction Phase of the installation of these improvements.

Q. Penalties

The Developer further agrees that failure to comply with the provisions of this agreement shall have the following results:

1. Forfeiture of all payments/deposits under Par. N, and
2. Extension of the guarantee in Par. K to two (2) years, and
3. The City holding the surety in Par. O until such time as the guarantee expires.

ARTICLE II - SUPPLEMENTAL CONDITIONS

A. The Developer shall relocate and reconstruct First Street from Winnebago Street to Eastwood Drive. This project shall consist of removal and replacement of the curb and gutter, sidewalk and concrete pavement, incidental sanitary sewer, storm sewer and water main construction and modifications to street lighting, traffic signals, street signs and pavement marking for both temporary and permanent installations in accordance with plans prepared and approved by the City Engineer and Traffic Engineer. This project shall also include reconstruction of the sidewalk on Eastwood Drive and Winnebago Street in accordance with said plans.
