Agency approval granted through licensing system (do not route): Fire Department, Zoning

Standard conditions for obtaining Temporary Class “B” Retailer’s License to sell fermented malt beverages and Temporary “Class B” Retailer’s License to sell wine at picnics or gatherings.

Specific conditions may be waived or modified by the Madison Police Department.

1. Each sponsoring organization shall have its beer/wine area specifically delineated by a fence for the selling, serving and consumption of beer or wine. The fence shall completely enclose the area but for space for ingress and egress; and shall provide an adult member of the sponsoring organization or security guard for checking identification cards.
2. The closing fences shall be two four-foot-high fences placed at least 72 inches apart. The fence provided shall be of the snow fence variety or an equivalently non-penetrable material. The City of Madison-Traffic Engineering (608) 266-4767 has available appropriate snow fence that may be provided at a nominal charge.
3. Security person(s) and/or off duty Police Officers, as determined by the Police Department, shall be on duty at all times during the operation of the area and shall prevent entry of underage persons or intoxicated people into the area and shall prevent beer/wine from being carried or passed out of the area. The Police Department is authorized to require additional security based on past experience, size of the event, hours that alcohol will be sold, traffic considerations, or concerns about the event.
4. If event is going to be on a public street or highway then signs shall be posted by the sponsoring organization, informing patrons of City Ordinance 38.07(7), making it unlawful to possess an open container which contains alcohol or consume alcohol beverage on a public street, alley or highway (including sidewalks).
5. The organization shall prevent patrons from obstructing sidewalks and roadways adjacent to its area.
6. Toilet facilities: 10 percent of the restrooms/portable restroom facilities (as may be required by state or local ordinance) provided for each gender must be accessible to persons using wheelchairs and others with disabilities.
7. Litter control: each organization has the responsibility to leave the area free from litter so that the area is in acceptable condition. Trash barrels and/or dumpsters may be rented from the City of Madison and it is strongly encouraged that sufficient units be provided to minimize the cleanup effort and to avoid possible forfeiture of a cleanup deposit. Any group that leaves the area in a condition which requires special cleanup by the City of Madison shall be assessed the cost of such cleanup.
8. No person under the age of 18 shall participate in the serving or delivery of beer to patrons.
9. Any live, amplified, or recorded music shall require specific approval by the Parks Superintendent or Police Department including the obtaining of all required permits.
10. It shall be unlawful for any person to drink or have in his possession any alcohol beverages in any City Park after the hour of 10:00 p.m.
11. At least one licensed bartender shall be present at each outdoor area during all times of operation.
