Opening Task A

Voting Booth Set Up

★★★★★★★★★★★★★★★★★★★★

All voting booths must be set up. The Clerk's Office delivered the number of booths you need to set up. State law requires one voting booth for every 200 voters your polling place had for the last November election.

Keep booths separate from other activities such as checking in and registering. Ask the chief inspector if they want you to set up a booth or table for provisional voters.

- Unlatch and open the voting booth case.
- Remove all 8 legs from inside the voting booth. The legs are folded in half with a cord inside that connects the two tubes into one.
- Insert the legs into the sockets located on the outside of the voting booth case. It may be easier for two officials to help one another, as the legs tend to fall out.
- Place booth in its place and adjust its stance. Unfold and place privacy screens into slots.

Possible configurations:

Accessible Voting Booth

The accessible booth must be setup with a clear path. There should be a five-foot turning radius for mobility devices. Make sure the front legs are wider than the booth itself.

If you have not received your Driver License in 15 days, please contact DMV using the information above. Beginning June 1, 2010 no person may operate a motor vehicle in this State unless the owner or driver of the vehicle has liability insurance in effect for the vehicle being operated and carry proof of insurance whenever driving. Failure to have proof, when requested could result in a \$10 fine.
