Project No. **31** Fund No. SC01

GO	\$	180,000	This project will provide development funds to a new housing project located on Madison's northside. The funds will be applied toward the costs of construction of thirteen to fourteen units of housing to be sold to income-eligible households under a land trust model. Under this model, the Madison Area Community Land Trust (MACLT) will retain ownership of the land as a means to assure the continuing affordability of the housing to future buyers, and current buyers/owners will share in an equitable appreciation of the housing. These City funds will be leveraged with Federal funds and other contributions to reduce the costs of the housing, and facilitate the completion of this housing and neighborhood revitalization project. The funds will be made available on a deferred loan basis to the MACLT, due and payable upon a change in use of the property or sale of the land to an entity other than the land trust. The amount to be repaid will be based upon the pro-rated appreciated value of investment in the property.
