### Executive Budget Highlights

The Budget includes:

1. Funds to implement multi-space metering on the street. These meters will accept credit/debit/smart cards and provide the utility with better maintenance/revenue feedback while increasing revenue.
2. Increased expenditures for credit card usage fees which have increased from \$100,000 in 2004 to over \$288,000 in 2009.
3. Funding of \$51,000 for Transportation Demand Management planning from the MPO including TDM plan review and incentives.
4. A payment of \$1,168,000 in PILOT and \$186,230 to the general fund for usage of on-street parking stalls.
5. Funds to continue the on-line renewals of residential parking permits started in 2008.
6. A rate increase of \$0.25 per hour for most metered parking as well as other rate changes for the parking ramps, effective mid-year 2009.

### Budget Service Descriptions:

#### **Paid Parking**

The Paid Parking service includes all operational and maintenance functions governed by the Parking Utility for the City's parking ramps, lots, and on-street metered parking spaces -- a total of 5,513 spaces. The City owns five parking ramps which contain 3,677 parking spaces; of this total 3,187 are cashier- and/or paystation-operated, 299 are monthly, 105 are leased long-term, 19 are metered, and 67 are for people with disabilities. City-owned parking lots contain 399 spaces, which include 137 individually metered spaces, 154 spaces controlled by pay-on-foot stations, 95 monthly spaces, and 13 spaces for people with disabilities. The City also provides 1,437 on-street metered spaces. Enforcement of ramp parking is the responsibility of Parking Utility employees, while enforcement of on-street parking regulations is the responsibility of the Police Department's Parking Enforcement Officers (PEO's); enforcement of lot parking regulations is the joint responsibility of Parking Utility employees and PEO's. All citation revenue goes to the general fund.

## Residential Permit Parking

Residential Permit Parking provides for the operation of the City's residential permit parking program (RP3). Twenty-two permit areas have been established in the City. Eligible residents of these areas may purchase permits to park for up to 48 hours on selected streets which are zoned for two-hour or less parking only. Permits also allow residents of certain streets to participate in a resident-only permit parking program where 50% of the street is reserved for resident parking and the other 50% is open for public parking without restriction. By ordinance, the program is to be self-supporting except for enforcement costs.
