Certain minimum requirements must be met before a property can be rehabilitated through the program. Here are the basic prerequisites for participation:

- The property must be a non owner-occupied, residential rental property containing no more than eight dwelling units.
- The property must be located within the City of Madison.
- Eligible properties must be 75% occupied by households with incomes of no more than 80% of the Dane County median income (see attached chart).
- The property after rehabilitation must meet the local Minimum Housing and Energy Codes.
- If the construction work involves disturbing existing lead-based paint or asbestos, accepted industry abatement standards must be followed.
- The maximum loan amount shall be \$19,000 for a single unit and \$3,000 per additional unit up to a maximum of \$40,000 for a 8-unit building.
- The rents after rehabilitation for the first year cannot exceed the HUD fair market rents for Dane County (see attached chart).
- Borrowers must assist and actively cooperate with the City in obtaining compliance of contractors and subcontractors with the Equal Employment Opportunity and Affirmative Action Ordinances.
- Borrowers must agree to not refuse to lease or otherwise make unavailable units in the property solely because an applicant for a unit is a direct recipient of a federal, state, or local government housing subsidy.
- Loan applications will not be funded that involve permanent displacement of existing lower-income tenants.
- Total debt secured by the property, including the new City loan, cannot exceed 90% of the value of the property.
