	Heath aster	White	2'-3'	Full Sun to Partial Shade	Dry to Medium	Loam	August thru October
<b>7</b>	<b><i>Aster laevis</i></b>						
	Smooth blue aster	Blue	2'-4'	Full Sun	Dry to Medium	Sand to Loam	August thru October
<b>8</b>	<b><i>Aster lateriflorus</i></b>						
	Calico aster	White	2'-3'	Partial Shade to Shade	Dry to Medium	Sand to Clay	September thru October
<b>9</b>	<b><i>Aster prenanthoides</i></b>						
	Crooked stem aster	Blue	1'-3'	Full Sun to Partial Shade	Medium to Moist	Sand to Clay	August thru October
<b>10</b>	<b><i>Boltonia asteroides</i></b>						
	False aster	White	2'-4'	Full Sun to Partial Shade	Dry to Moist	Sand to Clay	August thru October
<b>11</b>	<b><i>Ceanothus americanus</i></b>						
	New Jersey tea	White	2'-3'	Full Sun to Partial Shade	Dry to Medium	Sand to Loam	July thru August
<b>12</b>	<b><i>Chelone glabra</i></b>						
	Turtlehead	White	2'-4'	Full Sun to Partial Shade	Medium to Wet	Sand to Clay	August thru September
<b>13</b>	<b><i>Echinacea angustifolia</i></b>						
	Narrow leaf purple coneflower	Purple	1'-3'	Full Sun	Dry to Medium	Sand to Loam	June thru July

	<u>Color</u>	<u>Height</u>	<u>Light</u>	<u>Moisture</u>	<u>Soil</u>	<u>Blooms</u>
<b>14 <i>Echinacea purpurea</i></b> Purple coneflower	Purple	3'-4'	Full Sun to Partial Shade	Dry to Medium	Sand to Clay	July thru September
<b>15 <i>Epilobium angustifolium</i></b> Fireweed	Pink	2'-6'	Full Sun	Medium to Wet	Sand to Loam	July thru September
<b>16 <i>Eupatorium perfoliatum</i></b> Boneset	White	3'-4'	Full Sun	Medium to Wet	Sand to Clay	August thru September
<b>17 <i>Helianthus occidentalis</i></b> Western sunflower	Yellow	2'-3'	Full Sun	Dry to Medium	Sand to Loam	July thru August
<b>18 <i>Iris shrevei</i></b> Wild iris	Blue	2'-3'	Full Sun to Partial Shade	Wet	Sand to Clay	June thru July
<b>19 <i>Iris versicolor</i></b> Blue flag iris	Blue	2'-3'	Full Sun to Partial Shade	Wet	Sand to Clay	June thru July
<b>20 <i>Liatris aspera</i></b> Rough blazingstar	Purple	2'-5'	Full Sun	Dry to Medium	Sand to Loam	August thru September
<b>21 <i>Liatris borealis</i></b> Northern blazingstar	Pink	2'-3'	Full Sun	Dry to Medium	Sand to Loam	August thru September
<b>22 <i>Liatris pycnostachya</i></b> Prairie blazingstar	Purple	3'-5'	Full Sun	Medium to Moist	Sand to Clay	July thru August
<b>23 <i>Lobelia cardinalis</i></b> Cardinal flower	Red	2'-5'	Full Sun to Partial Shade	Moist to Wet	Sand to Loam	July thru September
<b>24 <i>Lobelia siphilitica</i></b> Great blue lobelia	Blue	1'-4'	Full Sun to Partial Shade	Medium to Moist	Sand to Clay	July thru September
<b>25 <i>Lythrum alatum</i></b> Winged loosestrife	Pink	1'-4'	Full Sun to Partial Shade	Moist	Loam	June thru September
<b>26 <i>Mimulus ringens</i></b> Monkeyflower	Blue	1'-3'	Full Sun	Wet	Sand to Clay	June thru August
<b>27 <i>Monarda fistulosa</i></b> Bee balm, bergamot	Purple	2'-5'	Full Sun to Partial Shade	Dry to Moist	Sand to Clay	July thru September
<b>28 <i>Phlox glaberrima</i></b> Smooth phlox, Marsh phlox	Purple	2'-4'	Full Sun to Partial Shade	Medium to Moist	Sand to Clay	June thru July
<b>29 <i>Polygonatum canaliculatum</i></b> Great Solomon's Seal	Cream	2'-4'	Full Sun to Partial Shade	Dry to Medium	Sand to Clay	May thru June

	<u>Color</u>	<u>Height</u>	<u>Light</u>	<u>Moisture</u>	<u>Soil</u>	<u>Blooms</u>
<b>30 <i>Pycnanthemum virginianum</i></b> Virginia mountain mint	White	1'-3'	Full Sun to Partial Shade	Dry to Medium	Sand to Loam	July thru September
<b>31 <i>Rudbeckia fulgida</i></b> Orange coneflower	Orange	2'-4'	Full Sun to Partial Shade	Medium	Loam to Clay	July thru September
<b>32 <i>Rudbeckia hirta</i></b> Black-eyed Susan	Yellow	1'-3'	Full Sun to Partial Shade	Dry to Moist	Sand to Clay	June thru September
<b>33 <i>Rudbeckia triloba</i></b> Brown-eyed Susan	Yellow	2'-5'	Full Sun to Partial Shade	Medium to Moist	Sand to Loam	July thru October
<b>34 <i>Saxifraga pennsylvanica</i></b> Swamp saxifrage	Yellow	2'	Full Sun to Shade	Moist to Wet	Sand to Loam	May thru June
<b>35 <i>Silphium integrifolium</i></b> Rosinweed	Yellow	2'-6'	Full Sun	Medium to Moist	Sand to Clay	July thru September
<b>36 <i>Solidago caesia</i></b> Blue-stemmed goldenrod	Yellow	2'-3'	Full Sun to Partial Shade	Dry to Medium	Sand to Clay	August thru September
<b>37 <i>Solidago ohioensis</i></b> Ohio goldenrod	Yellow	3'-4'	Full Sun	Medium to Moist	Sand to Clay	August thru September
<b>38 <i>Solidago riddellii</i></b> Riddell's goldenrod	Yellow	2'	Full Sun to Partial Shade	Medium to Wet	Sand to Loam	August thru September
<b>39 <i>Verbena stricta</i></b> Hoary vervain	Blue	2'-4'	Full Sun	Dry to Medium	Sand to Loam	July thru September
<b>40 <i>Zizia aptera</i></b> Heart-leaved golden Alexanders	Yellow	1'-3'	Full Sun to Partial Shade	Medium to Moist	Sand to Loam	May thru August
<b>41 <i>Zizia aurea</i></b> Golden Alexanders	Yellow	1'-2'	Full Sun to Shade	Medium to Moist	Sand to Clay	May thru July
<b><u>Grass</u></b>						
<b>42 <i>Bouteloua curtipendula</i></b> Sideoats grama grass	Blue-green	2'-3'	Full Sun	Dry to Medium	Sand to Loam	August thru September
<b>43 <i>Schizachyrium scoparium</i></b> Little bluestem	Crimson-red	2'-3'	Full Sun	Dry to Medium	Sand to Loam	August thru October
<b>44 <i>Sporobolus heterolepis</i></b> Prairie dropseed	Gold	2'-4'	Full Sun	Dry to Medium	Sand to Loam	August thru September

**Legume**

	<u>Color</u>	<u>Height</u>	<u>Light</u>	<u>Moisture</u>	<u>Soil</u>	<u>Blooms</u>
<b>45 <i>Astragalus canadensis</i></b> Canada milk vetch	Yellow	2'-3'	Full Sun	Dry to Medium	Sand to Loam	July thru August
