## Capital Budget

### Fire

#### New Fire Stations

Project No. 1 Fund No.

GO \$ 0 Construction of a twelfth fire/EMS station is anticipated in 2008. The funding provided will  
Other 0 require a scaled-down version of current stations and will emphasize paramedic services.  
\$ 0

#### Fire Equipment

Project No. 2 Fund No.

GO \$ 90,000 Replacement of the following safety, rescue and other operational equipment: 1) Continual  
Other 0 upgrading program for outdated or damaged breathing apparatus along with necessary  
\$ 90,000 equipment to test for certification requirements. 2) Replacement of equipment carried on  
apparatus for emergency response use such as extrication tools, air bags, ventilation  
equipment, scuba equipment, and medical equipment. Current equipment needs  
replacement due to age and advancement in technology. 3) Ongoing replacement program  
for fire hose, accessories and testing equipment. Current equipment needs replacement due  
to age and advancement in technology.

#### Protective Gear

Project No. 3 Fund No.

GO \$ 60,000 The Department has ongoing annual costs for replacement of damaged gear and gear for  
Other 0 new employees.  
\$ 60,000

#### General Building Improvements

Project No. 4 Fund No.

GO \$ 225,000 Older buildings must be upgraded to address deterioration and today's needs. In addition, the  
Other 0 gender diverse work force has created needs for accommodations in the fire stations.  
\$ 225,000 Funding provided will allow the Department to prioritize these improvements each year.  
Funding is needed for improvements such as dormitory partitioning; window replacement due  
to age and inability to repair; bathroom, kitchen, locker room, study area and office  
remodeling; tile and/or carpet replacement; exterior building, plumbing, heating and cooling  
system improvements; pavement and roof replacement; and other necessary building  
improvement projects. Priorities are repairs at Station No. 6 (including window replacement  
and storage), carpeting and flooring replacement, completion of priority repairs at Station No.  
1 and Administration. The remaining stations needing restoration are No. 2, 4 and 5.

#### Ambulance

Project No. 5 Fund No.

GO \$ 0 The Department currently has seven advanced life support (ALS) ambulances in service. No  
Other 0 funding is provided to add an eighth ambulance.  
\$ 0

#### Communications Equipment

Project No. 6 Fund No.

GO \$ 60,000 Replacement of damaged and lost portable radios and additional portable radios for  
Other 0 increased personnel.  
\$ 60,000

**EMS Data Computers**Project No. **7** Fund No.

GO \$ 33,000 These computers would allow paramedics to input data during the treatment of a patient. The  
 Other 0 data would be electronically transferred into the patient medical report. This process would  
 \$ 33,000 substantially improve the quality and amount of information available on the treatment of the  
 patient.

**Computer Hardware & Software**Project No. **8** Fund No.

GO \$ 0 This project includes laptop computers and personal computers, Software for creating  
 Other 0 maps would allow the addition of relevant fire data, customization of mapping, analysis and  
 \$ 0 reporting for fire/EMS data.

**AutoPulse Resuscitation Equip**Project No. **9** Fund No.

GO \$ 0 The Autopulse Resuscitation System is a new piece of equipment for use in the field. It is an  
 Other 0 automated chest compression system to use during CPR.  
 \$ 0

**FEMA Grant**Project No. **10** Fund No.

GO \$ 61,365 The City applied for the Firefighters Grant Program, which requires the City to provide  
 Other 143,185 matching funding of 30 percent. The City requested 2 thermal imaging cameras; 3 fire  
 \$ 204,550 simulators for use in training employees; upgrade of current self-contained breathing  
 apparatus (SCBA); upgrade of 10 Rapid Intervention Team (RIT) SCBA units; and purchase  
 of one additional RIT SCBA unit. The grant has not yet been awarded to the City.

**Video System Upgrade**Project No. **11** Fund No.

GO \$ 0 Expand the number of sites and capabilities of the current system.  
 Other 0  
 \$ 0

**Lighting Efficiency Project**Project No. **12** Fund No.

GO \$ 30,000 An analysis of Fire buildings has disclosed that electrical usage could be reduced and lighting  
 Other 0 improved by upgrading electrical fixtures. A few stations will be completed in 2004 resulting in  
 \$ 30,000 a payback of less than five years. The payback in years for the entire project is  
 approximately seven years.
