Applicants must be 18 or older to enter. They must be U.S. Citizens or have eligible immigration status. Only one lottery entry per household should be accepted. Lottery entries will be accepted until Friday, November 30, 2007.

A random drawing will be conducted electronically after data entry is completed in early December. Selected entrants will receive a regular application form for the Section 8 Housing Choice Voucher Program and may apply to the Wait List. Entries not selected in the drawing will also be notified by mail.

Regular applications will be entered to the waiting list and will be ranked by the date they are returned.
