

# Tell us About Your Stop

With Metro's redesigned routes, some stops may still need accessibility improvements.

Improvements could include the need for concrete boarding pads, curb ramps, pedestrian crossings, sidewalk installations, and traffic signals.

Staff are gathering feedback and will coordinate with the *City of Madison Transportation Department* and *City of Madison Transportation Commission* to determine which improvements are already being worked on, can be done right away, or might require additional funding.

This will be a continuous project with no deadline on providing input.

Please tell us about what improvements might need to be made at your stop:

- Call: 608-266-4466
- Email: [mymetrobus@cityofmadison.com](mailto:mymetrobus@cityofmadison.com)
