Subject: Copps at Grandview

All,

I would like to let you know I support the proposal for a copps foods store in Grandview Commons. Approving this proposal will allow for more permanent jobs in the area, it will also give resident's living on the far east side a closer choice. It will bring in other businesses, we desperately need a gas station in the area of Sprecher Rd. Having a big box store as an anchor will certainly help getting smaller shops and expanding the area.

Thank you for your time,

Cyndi Benisch
