**To:** Murphy, Brad  
**Subject:** Copps at Grandview Commons

As a resident of this neighbor I oppose the Copps at Granview Commons. This is a very congested area already and I have grave concerns about the traffic situation. Also, a huge new Woodmans is already being built a few miles away at the intersection of C and 151. A Costco and Target are there too. Moreover and perhaps more importantly, the building of the Copps threatens the sustainability of the Sentry store at Acewood and Cottage Grove Road. Without the Sentry, the surrounding neighborhood becomes a food desert as many people in the low income apartments in the area walk or take the bus to the Sentry store.

Sincerely,  
Bonnie Benson
