Subject: New Copps Store

I am writing in hopes a Copps Store will not be built off of Cottage Grove Road. I fear that it will bring Sentry to it's demise and I don't think that that is fair to a grocery store that has served us all so well. They anchor an area that my neighborhood uses as it's little down town. Copps can have a store, but please let's not build a mega store on that property. Too much traffic and too large an impact on the area that we enjoy picking up a few groceries, getting a Dairy Queen, a cup of coffee at Heritage and as much pizza as we need.

Please turn down the proposal.
