Steve Cover Madison, Wisconsin

Dear Steve Cover:

I am a resident at The Arbors at Oak Park Place and I am concerned about the opposition to a commercial entity at Grandview Commons. This developing area of Madison needs a commercial establishment in this area and I feel that this is the best location that is available. Having taken time to walk through this area several times I can visualize this location and how well it can become a part of this community.

You have undoubtedly received many letters, both pro and con , on this subject and I ask that you place my name in favor of this commitment for a commercial establishment at Grandview Commons. I also would appreciate your affirmative input on this issue. Thank you.

Sincerely,

SHELDON S. FRANK 618 Jupiter
