Subject: Grandview Commons "Copp's" grocery store

My name is Jayme Paquette, resident of Granview Commons (in close proximity of the proposed site) and would like you to know that **I AM IN FAVOR OF THE COPPS GROCERY STORE, NO MATTER THE SIZE!**

I feel it is important that with the ongoing negative comments you receive from property owners in this neighborhood regarding the grocery store, that I take the time to provide you with opposition to thier cause.

I am sharing my opinion due to the flyer that was attached to my mailbox by the group; Grandview Commons Neighbors for Responsible Development. This flyer stongly encouraged neighbors to attend the Planning Commission and also contact you to share thier opinions. I disagree with the points they requested we share with the Planning Commission.

Until recently, I was an active (and technically still am) 4 year board member of the McClellan Park Neighborhood Association, and have been acitve in support of this project since the board was first notified of the project about 2 years ago.

Thank you for this opportunity to express my opinions.
