**Subject:** Opposition to Roundys

Why is it that when a big business like Roundy's or Veridian is looking for ways to make money they can do it at the expense of an entire community?

I fear that because my little community is up against such powerful companies there is no way that the right and appropriate decision will be made. Veridian planned for a small grocery store to be located in Grandview. Now all of a sudden because Roundy's wants a big box store and Veridian wants to sell the land its okay to change and rezone what was already proposed as the plan for the neighborhood. This is inexcuseable.

Compromise has not been demonstrated. The push for this large store continues despite neighbors who are in opposition. When will the little people be heard?

I am against this big box store. Noise, pollution, traffic, and a failing Roundy's store is not what I have in mind for my neighborhood. Especially when I can shop Sentry, East side Woodmans, Piggly Wiggly all within minutes of my house. Not to mention Woodmans is looking to build a third store on Reiner Rd.

Please stop this big box grocery store from ruining Grandview commons and surrounding neighborhoods. We the little people are counting on you to stand up for us.

Please share my concerns at upcoming meetings. I plan to attend this Thursday for the meeting with Alder Cnare who is in support of this project.

Sincerely, Teresa Riley Resident/Owner in Grandview Commons
