Subject: Big Box Store Grandview Commons

My wife and I oppose any grocery store above the 25000 sq ft proposal. Truck traffic, noise, car traffic are all reasons. The proposal was for a Town Center approach to the area, pedestrian traffic. A 58000 sq ft store is not what was proposed. This is our neighborhood and we do not want to be a regional shopping center with an asphalt jungle parking lot. Please share our views with the Planning Commission members.

Thank you
