Subject: Grandview Commons Town Center - please make it happen!

RE: www.GVCTownCenter.org

Hello,

I am a resident of the Meadowlands neighborhood near the Grandview Commons area in Madison. I was thrilled to hear of plans to build a Grandview Commons Town Center along Cottage Grove Rd, which would a large Copps grocery store. I was not so thrilled, however, to hear there's opposition to this that may halt development. I'm writing to express my strong support to continue this project.

Not only would it create numerous employment opportunities, but it would make the area much more attractive and marketable to current and future residents. Personally, I would love to have a grocery store (and other small business) in my direct vicinity....it would make life a lot more convenient.

Please make the Grandview Commons Town Center happen!

Respectfully,

Kandi Nicholson 214
