

A Relocate existing tennis courts in Hiestand Park to Kennedy Park

B Construct low-impact path system through conservation park & prepare conservation management plan.

C Construct bicycle path through the southern end of the park. Connect with existing & proposed bicycle routes

D Remove under-story vegetation on hillside to improve visibility of Hiestand Park from Milwaukee St & build an overlook viewing platform

E Construct pedestrian bridge over existing drainage way to improve access to playfield. Establish rain gardens along the banks of the drainage way.

F Reevaluate potential swimming pool site with neighborhood, when a third pool is up for consideration.

G Install lighting and timers at basketball courts to allow for night basketball games

H Construct picnic shelter with electric & water services, screened porta-potty, and paved existing parking lot.

Park & Open Space Plan Recommendations: Hiestand Park & Woods
