RE: Approval of a demolition permit for a single-family residence at 1226 Iowa Drive.

Dear Mr. & Mrs. Nelson:

The Plan Commission, meeting in regular session on August 20, 2007 determined that the ordinance standards could be met and **approved** your request for a demolition permit to allow a single-family residence located at 1226 Iowa Drive to be razed and a new residence to be constructed, subject to the conditions below. In order to receive final approval of the demolition permit, the following conditions must be met:

**Please contact Janet Dailey, City Engineering, at 261-9688 if you have questions regarding the following three items:**

1. A City licensed contractor shall perform all work in the public right of way.
2. The plan set shall be revised to show more information on proposed drainage for the site. This shall be accomplished by using spot elevations and drainage arrows or through the use of proposed contours. It is necessary to show the location of drainage leaving the site to the public right of way. It may be necessary to provide information off the site to fully meet this requirement.
3. Prior to approval of the conditional use application, the owner shall obtain a permit to plug each existing sanitary sewer lateral that serves a building that is proposed for demolition. For each lateral to be plugged the owner shall deposit \$1,000 with the City Engineer in two separate checks in the following amounts: (1) \$100 non-refundable deposit for the cost of inspection of the plugging by City staff; and (2) \$900 for the cost of City crews to perform the plugging. If the owner elects to complete the plugging of a lateral by private contractor and the plugging is inspected and approved by the City Engineer, the \$900 fee shall be refunded to the owner.

This permit application is available on line at <http://www.cityofmadison.com/engineering/permits.cfm>.

**Please contact Bill Sullivan, Madison Fire Department, at 261-9658 if you have questions about the following item:**

4. Note: As required by MGO 10.34 and IFC 505.1, all residential and commercial buildings must have the approved address posted. The address numbers shall be 4 inches in height, numbers shall be in contrast to the background and visible from the street.

**Please now follow the procedures listed below for obtaining your demolition permit:**

1. Please revise your plans per the above and submit *five (5) copies* of a complete plan set to the Zoning Administrator for final review and comment. Also be sure to include any additional materials requested by these departments for their approval prior to sign off.
2. A reuse and recycling plan approved by the Recycling Coordinator is required by ordinance prior to the issuance of a wrecking permit. The reuse and recycling plan shall be submitted along with the resubmittal of site plans for forwarding to the Recycling Coordinator.
3. This letter shall be signed by the applicant to acknowledge the conditions of approval and returned to the Zoning Administrator when requesting demolition and/or building permit approval.
4. No alteration of this proposal shall be permitted unless approved by the Plan Commission, provided, however, the Zoning Administrator may issue permits for minor alterations. This approval shall become null and void one year after the date of the Plan Commission unless the use is commenced, construction is under way, or a valid building permit is issued and construction commenced within six months of the issuance of said building permit. The Plan Commission shall retain jurisdiction over this matter for the purpose of resolving complaints against the approved demolition permit.

If you have any questions regarding obtaining your demolition or building permits, please contact the Zoning Administrator at 266-4551. If you have any questions or if may be of any further assistance, please do not hesitate to contact my office at 261-9632.

Sincerely,

Timothy M. Parks  
Planner

I hereby acknowledge that I understand and will comply with the above conditions of approval for this demolition permit.
