RE: Approval for a conditional use permit to allow construction of a detached garage in excess of 576 square feet in R2 Single-Family Residence District at 637 South Shore Drive

Dear Mr. Alexander:

The Plan Commission, meeting in regular session on January 12, 2008 determined that the ordinance standards could be met and **approved** your request for a permit to construct a new 716 square foot garage at 637 South Shore Drive. In order to receive final approval for the conditional use, the following conditions must be met:

Please contact Janet Dailey, City Engineering, at 261-9688 if you have questions regarding the following item:

1. The plan set shall be revised to show more information on proposed drainage for the site. This shall be accomplished by using spot elevations and drainage arrows or through the use of proposed contours. It is necessary to show the location of drainage leaving the site to the public right-of-way. It may be necessary to provide information off the site to fully meet this requirement.

Please contact my office at 266-5974 if you have any questions about the following two items:

2. That the applicant submits a final plan set that includes a sheet clearly indicating the structure and pervious paving to be removed as well as added, and demonstrates a net decrease in impervious surface on the lot associated with the project as a whole.
3. That the upper level of the garage remains unfinished, uninsulated, and used exclusively for storage.

Please now follow the procedures listed below for obtaining your conditional use permit:

1. Please revise your plans per the above and submit **four (4) copies** of a complete plan set to the Zoning Administrator for final review and comment. Also be sure to include any additional materials requested by the City Engineering Division for their approval prior to sign off.
2. This letter shall be signed by the applicant to acknowledge the conditions of approval and returned to the Zoning Administrator when requesting the conditional use permit.
3. No alteration of this proposal shall be permitted unless approved by the Plan Commission, provided, however, the Zoning Administrator may issue permits for minor alterations. This approval shall become null and void one year after the date of the Plan Commission unless the use is commenced, construction is under way, or a valid building permit is issued and construction commenced within

six months of the issuance of said building permit. The Plan Commission shall retain jurisdiction over this matter for the purpose of resolving complaints against the approved conditional use permit.

If you have any questions regarding obtaining your conditional use permit, please contact the Zoning Administrator at 266-4551. If you have any questions or if I may be of any further assistance, please do not hesitate to contact my office at 266-5974.

Sincerely,

Heather Stouder, AICP
Planner

I hereby acknowledge that I understand and will comply with the above conditions of approval for this conditional use permit. _____ <i>Signature of Applicant</i>
