Subject: Re: John's Garage Meeting & Update.

Hi all,

I have no issue with John building a garage, so I won't be at the meeting. This morning I found a yellow flyer in front of my house which announced, "Allied Drive Comes to Beverly Road." I didn't connect the dots, but looking at it again I see it references a meeting on Monday night (and that "Mayor Paul Soglin is with us"), so I assume it was written by Don. Meanwhile, I had received a notice from the city about the meeting and John's request to build a GARAGE. I'm baffled by Don's drama (and confusion) over this issue, but I have to assume the meeting will go well, and that the Planning Committee will be able to clearly explain the situation to him.

Good luck working this out.

Patty (4237 Beverly)
