Maria, Aaron and Tommy,

Please accept this message as confirmation that the Tenney-Lapham Neighborhood Association Council approved your plans to put a small apartment over a new garage at the back of your lot at 939 E. Dayton St. We did this at our May 9 monthly council meeting.

We appreciate your willingness to work with us, informing both us and the immediate neighbors of your plans. We also appreciate your willingness to reduce the size of the structure to reduce the shadow effect on the neighbors' backyard garden.

We wish you well with your project. Please let me know if the TLNA council can be of additional help.

Sincerely,

Joe Lusson, president  
Tenney-Lapham Neighborhood Association
