Re: Expanded Hours
4002 Kipp St
City of Madison

Dear Kevin:

Pellitteri Waste Systems is proposing to expand operational hours at our Recycling and Transfer Station to allow for more working shifts. Allowing expanded hours will create 20-25 jobs immediately with the opportunity to create additional 20-25 jobs in the future. We have found that the current hours do not allow for two full shifts with the amount of maintenance that is required between shifts. We are currently unable to offer recycling processing services to other recycling haulers in the Madison area causing this material to be shipped out of the Madison area and create jobs elsewhere. In order to accomplish this we would need to make changes to one condition; #35 from the May 17th 2011 conditional use approval. Condition #35 reads:

"That the previously approved hours of operation conditions be revised as follows:

That the hours of operation for operating facility machinery is limited to 5:00 am until 9:00 pm, Monday through Saturday. The general maintenance and repair of facility machinery can occur outside of these hours. Trucks shall not enter or leave the facility prior to 6:30 am or after 7:00 pm, daily. To minimize truck noise impacts there shall be no truck engines running or operating in the north-facing "outbound loading areas" as defined by the Planning Division, prior to 6:30 am. Trucks may operate prior to this in order to provide on-site snow removal. No doors to the facility should be left open prior to 6:30 am or after 8:00 pm."

We would like to see this condition changed to:

"That the previously approved hours of operation conditions be revised as follows:

~~That the hours of operation for operating facility machinery is limited to 5:00 am until 9:00 pm, Monday through Saturday. The general maintenance and repair of facility machinery can occur outside of these hours. Trucks shall not enter or leave the facility prior to 6:30 am or after 7:00 pm, daily. To minimize truck noise impacts there shall be no truck engines running or operating in the north-facing "outbound loading areas" as defined by the Planning Division, prior to 6:30 am. Trucks may operate prior to this in~~

order to provide on-site snow removal. No North or West Facing doors to the facility should be left open prior to 6:30 am or after 8:00 pm."

No other conditions would require changes at this time. There will be no changes to the site plan.

If you have any questions regarding the proposed expansion, please contact David Pellitteri at 608-257-6232 x320.

Sincerely,

A handwritten signature in black ink, appearing to read 'David Pellitteri', with a large, sweeping flourish at the end.
