The following districts detail the yard requirements and lot characteristics for the Planned Unit Development: General Development Plan (PUD:GDP) sections of the neighborhood

- District III Twin Homes
- District IV Attached Mansion Homes
- District V Townhomes
- District VI Multifamily Residential
- District VII Mixed Use

Terms and Definitions:

Definition of Family

The definition of family is the definition outlined in Section 28.03(2) Madison General Ordinances per the R1 District for single-family, R3 District for the two-unit lots, and per the R4 District for the multi-family areas.

Permitted Encroachments

Front porches, balconies, stoops, open porches and covered walkways may encroach a maximum of 6' into the front yard setback.

Rear yard decks and patios may encroach a maximum of 10' into rear yard setbacks (alley access lots excluded).

Front Yard Setbacks greater than 20' must utilize a 6-8' porch encroachment.

Corner lot porches, and bay windows may not encroach the vision triangle.

Roof eaves and overhangs may project into any required setback up to 24 inches. Roof eaves and overhangs may not extend over a property line.

Garden walls or fences shall be regulated by a separate fencing guideline packet and will require approval by the Architectural Control Committee. Walls and fences located within the vision triangle shall not exceed 30" in height.

Fences located in side yards of less than 20 feet between adjoining buildings (bridging building separations) are required to be perpendicular to the property line, and must include a 46" wide gate for fire accessibility. Such fences may span the property line where use easements are in place.

Plantings or fences installed may not block site drainage or impede fire access to the building sides or rear yard.

Trash enclosure fencing shall be no more than 8' in height and will require approval by the Architectural Control Committee.

Bulk Mass

Residential massing will offer a variety of pedestrian focused street environments and will vary within the neighborhood. Street facing garages shall not exceed 50% of the total structure width for single family homes and duplexes. Houses on corner lots with garage configurations such that the primary entrance to the house faces one street while the garage faces the intersecting street (separate facade) are exempt from this clause.

Town Center building placement will be carefully regulated so as to encourage a pedestrian environment and reinforce the street edge through a combination of reduced setbacks and parking placement. Building placements shall also be carefully regulated to maintain a pedestrian streetscape and screened parking areas.

Accessory Building Regulations

Accessory uses within the attached mansion homes, townhomes, multifamily, and mixed use districts will be determined on a case-by-case basis as part of the Specific Implementation Plan submittals, excepting for the allowance of home occupations (as defined in Chapter 28.03(2)) and community living arrangements (as allowed in the R1 district of the Madison General Ordinances).

Building Heights

Duplex units within this neighborhood shall not exceed 35' in height.

Attached mansion homes, townhomes, multi-family, and mixed-use building heights within the neighborhood shall be set as a component of Specific Implementation Plans.

Off-Street Parking

Two off-street parking stalls per unit will be required for each duplex home within the neighborhood.

Parking requirements for the attached mansion homes, townhomes, multifamily, and mixed-use buildings will be set as a component of Specific Implementation Plans.

Floor Area Ratio

Floor Area Ratios for districts will be set as a component of Specific Implementation Plans.

Impervious Surface Ratio

Impervious Surface Ratios for all districts will be set as a component of Specific Implementation Plans.

Usable Outdoor Open Space Requirement

Usable Outdoor Open Space Requirement for all districts will be set as a component of Specific Implementation Plans, unless specifically noted in the following text.

Vision Triangles

The vision triangle is defined by: the intersection of the curbs at the corner, and a point 30 feet back along each curb from the corner.

Fire Access

Appropriate fire department access for multifamily buildings shall be supplied within this development and may include fire access drives, reduced setbacks, restricted on-street/off-street parking areas, and fire suppression systems. Detailed access plans will be supplied as part of the Specific Implementation Plan review and approval.

Model Center

A temporary model center may be located within the neighborhood that will include temporary sales office. This use will be allowed by right within the single family districts, for the time period when sales are on-going. Upon completion of sales within the neighborhood these uses will revert back to single family homes.

District III: Twin Homes

Final Plat Lot Numbers: 37-39, 89-91

Description

This two-family residential district features alley loaded units, reduced setbacks, pedestrian focused streetscape elements, and single-family style architecture. These lots may be split in half to create zero lot line condominium units, divided along the common wall. Future lot splits will require additional submittals (CSM, Plat), but are allowed for lots within this district, provided that no additional units are created.

Comparable Zoning District: none

Permitted Uses

Two Family Residential Homes
 Zero Lot Line Attached Residential
 Detached Garages

Lot Area

Minimum Lot Area 3,000 square feet per unit

Yard Requirements

Minimum Lot Width (two unit lot)	60 feet
Minimum Lot Width (zero lot line)	30 feet
Minimum Corner Lot Width	65 feet
Minimum Corner Lot Width (zero lot line)	32.5 feet
Minimum Front Yard Setback	16 feet
Maximum Front Yard Setback	25 feet
Minimum Side Yard Setback	5 feet
Minimum Side Yard Setback (zero lot line)	0 feet
note:	zero lot line requires additional fire wall ratings for attached units; to be determined at time of building permit application
Minimum Corner Lot Side Yard Setback	10 feet from the street side right of way
Minimum Building Separation	10 feet between adjoining lots
Minimum Alley Garage Rear Yard Setback	2 feet
Minimum Alley Garage Side Yard Setback	3 feet
Minimum Usable Open Space (per unit)	500 square feet
Off-Street Parking and Loading	Two off-street parking stalls per unit

District III Locations

District IV: Attached Mansion Homes

Final Plat Lot Numbers: 103, 287

Description

The Attached Mansion Homes residential district consists of three and four unit buildings with rental or condominium arrangements. These units will utilize both front and alley accessed garage configurations.

Approximate Lot Configurations: 90' x 100'

Comparable Zoning District: none

Permitted Uses

Three & Four Unit Residential Buildings
 Detached, Attached, & Underground Parking

Lot Requirements

Minimum Lot Area	9,000 feet
Minimum Lot Width	85 feet
Minimum Corner Lot Width	95 feet
Minimum Front Yard Setback	10 feet
Minimum Side Yard Setback	8 feet
Minimum Corner Lot Setback	10 feet from the street side right of way
Sum of Side Yard Setbacks	16 feet
Minimum Building Separation	10 feet
Minimum Garage Rear Yard Setback	2 feet
Minimum Paved Surface Setback	varies (will be set in SIP)
Maximum Building Height	45 feet
Maximum Impervious Surface Ratio	varies (will be set in SIP)
Maximum Floor Area Ratio	varies (will be set in SIP)
Minimum Usable Open Space (per unit)	varies (will be set in SIP)
Off-Street Parking and Loading	varies (will be set in SIP)

District IV Locations

District V: Townhome Residential

Final Plat Lot Numbers: 1, 97-99, 133, 258, 285, 286, 518, 519

Description

The Townhome Residential district forms a medium density attached housing option featuring both alley and street accessed garages. Units within this district are intended to offer a variety of formats each specifically tailored to fit the surrounding uses and housing types.

Approximate Unit Configurations: 22' x 80'
22' x 95'

Comparable Zoning District: none

Permitted Uses

Townhome Residential
Attached Residential
Detached, Attached, & Underground Parking

Lot Requirements

Minimum Lot Area	varies (will be set in SIP)
Minimum Lot Width	varies (will be set in SIP)
Minimum Corner Lot Width	varies (will be set in SIP)
Minimum Front Yard Setback	10 feet
Minimum Side Yard Setback	varies (will be set in SIP)
Minimum Corner Lot Setback	10 feet from the street side right of way
Sum of Side Yard Setbacks	varies (will be set in SIP)
Minimum Building Separation	varies (will be set in SIP)
Minimum Garage Rear Yard Setback	2 feet
Minimum Paved Surface Setback	varies (will be set in SIP)
Maximum Building Height	45 feet
Maximum Impervious Surface Ratio	varies (will be set in SIP)
Maximum Floor Area Ratio	varies (will be set in SIP)
Minimum Usable Open Space (per unit)	varies (will be set in SIP)
Off-Street Parking and Loading	varies (will be set in SIP)

District V Locations

District VI: Multi-Family Residential

Final Plat Lot Numbers: 147, 216, 217, 225, 226, 233, 251, 284

Description

The Multi-Family Residential district completes the housing options within the neighborhood and includes a full range of styles, densities, and configurations of attached housing options. Housing densities within this district will range from detached single family condominiums to town center multifamily buildings and will offer a wide range of housing options for residents of the neighborhood; as well as condominium and rental units.

Permitted Uses

- Attached Residential
- Detached Residential
- Detached, Attached, & Underground Parking

Lot Requirements

Minimum Lot Area	varies (will be set in SIP)
Minimum Lot Width	varies (will be set in SIP)
Minimum Corner Lot Width	varies (will be set in SIP)
Minimum Front Yard Setback	0 feet
Minimum Side Yard Setback	0 feet
Sum of Side Yard Setbacks	0 feet minimum
Minimum Building Separation	0 feet between adjoining lots
Minimum Paved Surface Setback	0 feet
Maximum Building Height	45 feet
Maximum Impervious Surface Ratio	varies (will be set in SIP)
Maximum Floor Area Ratio	varies (will be set in SIP)
Minimum Usable Open Space (per unit)	varies (will be set in SIP)
Off-Street Parking and Loading	varies (will be set in SIP)

District VI Locations

District VII: Mixed-Use

Final Plat Lot Numbers: 259, 260

Description

The Mixed Use district forms the commercial & residential components of the town center, accommodating upper floor residential with first floor commercial opportunities.

Maximum Office/Retail Square Footage 60,000 square feet

Permitted Uses

- Multifamily Residential
- Accessory Uses, as defined in the C-1 zoning district
- Antique shops
- Art supply and Art Galleries
- Banks and financial institutions
- Barbershops
- Beauty parlors
- Bed and Breakfast establishments
- Bicycle sales, rental, and service
- Book, magazine, and stationary shops
- Candy and ice cream stores
- Children’s day care facilities
- Coin and philatelic stores
- Drugstores
- Dry cleaning and laundry establishments
- Toyshops
- Florist shops
- Food stores
- Gift shops
- Hobby shops
- Libraries, municipally owned and operated
- Medical, dental, and optical clinics
- Offices, businesses, and professional
- Photography studios and supply stores
- Post Offices
- Public utility and public services
- Recreational buildings and community centers
- Restaurants including outdoor eating areas
- Shoe and hat repair stores
- Senior day care
- Tailor Shops
- Video Rentals
- Wearing apparel shops

District VII Locations

Lot Requirements

Minimum Lot Area	varies (will be set in SIP)
Minimum Lot Width	varies (will be set in SIP)
Minimum Corner Lot Width	varies (will be set in SIP)
Minimum Front Yard Setback	0 feet
Minimum Side Yard Setback	0 feet
Sum of Side Yard Setbacks	0 feet minimum
Minimum Building Separation	0 feet between adjoining lots
Minimum Paved Surface Setback	0 feet
Maximum Building Height	45 feet
Maximum Impervious Surface Ratio	varies (will be set in SIP)
Maximum Floor Area Ratio	varies (will be set in SIP)
Minimum Usable Open Space (per unit)	varies (will be set in SIP)
Off-Street Parking and Loading	varies (will be set in SIP)

General Development Requirements:

Alterations and Revisions

No alteration or revision of the Planned Unit Development shall be permitted unless approved by the City Plan Commission, however, the Zoning Administrator may issue permits for minor alterations or additions which are approved by the Director of Planning and Development and the district Alderperson and are compatible with the concept stated in the underlying General Development Plan approved by the Plan Commission.

Architectural Review Committee

The Architectural Review Committee and Covenants and Restrictions Code will be set up to ensure the continued development of high quality design, architecture and building throughout the neighborhood.

Architectural and landscape plans for any site within The Village at Autumn Lake shall be submitted to the Architectural Review Committee for review and approval prior to the issuance of any Building Permit, or prior to any site improvements.

The Committee will review all submitted plans to ensure the continuation of the distinct architectural character, and landscape quality established within the development. Plans will be reviewed based on the design guidelines established in the Covenants and Restrictions and standards for each zoning district. The Committee will review any future remodeling plans that will change the outward appearance of any structure found within The Village at Autumn Lake. The Committee will not review any re-landscaping plans that take place more than one year after the original landscape plan is installed.

The Committee has the right to enforce all design guidelines and standards found within the Covenants and Restrictions, Design Guidelines and zoning text. The Committee also retains the right to grant exceptions to the design guidelines and standards based on the merit of exceptional design that may not fall within or meet the technical requirements of the guidelines and standards, but generally accomplishes the basic principles and intent of the aforementioned documents. Exceptions may also be made on a case-by-case evaluation of individual site context issues that would inhibit the practical implementation of these guidelines and standards.

The Architectural Review Committee shall initially be appointed by the Developer, and references in this Zoning Text to the Architectural Review Committee shall mean the Developer for such period of time as the Developer remains the only member of the Architectural Review Committee as provided in the Association Bylaws. As long as the Developer is the only member of the Architectural Review Committee, the Developer, acting alone, may exercise all of the rights and powers granted to the Architectural Review Committee under this Zoning Text and the Bylaws. After the Developer ceases to be the sole member of the Architectural Review Committee, the Architectural Review Committee shall thereafter consist of such persons as are elected pursuant to the Bylaws.

The regulations and standards included in the GDP Zoning Text will be enforced by the City. Changes to the Zoning Text will require City Approval.

Full Association Bylaws will be included as an attachment submittal with the Specific Implementation Plan for The Village at Autumn Lake and will be available for review and comment prior to full approval for this project.

Yard Requirements

Attached residential, multifamily, and mixed-use sites will be required to submit detailed yard requirements as part of the Specific Implementation Plan submittal.

Landscaping

Site landscaping will be provided as part of Specific Implementation Plans.

Lighting

Site Lighting will be provided as a component of Specific Implementation Plans.

Conceptual Grading Plan

Site grading will be supplied as a component of final plat submittal.

Signage

Signage will be submitted as a component of Specific Implementation Plans.

Private Open Space Maintenance

The project will be managed by a Homeowners Association which will be a nonprofit membership corporation whose purpose will be to maintain, improve, and preserve certain properties within the project. To that extent, Wis. Stats. § 779.70 provides for the imposition of a Maintenance Lien on all properties in the project. Within the procedures set forth in the Maintenance Lien statute, a Homeowners Association may impose upon each lot the cost of maintenance of common areas and common open space. Under the procedures set forth in the statute, these charges may become liens if not paid and the liens may be enforced by foreclosure or direct action against property owners to collect the amounts at law.

In the event the City of Madison wishes further security for payment of these amounts, we would recommend that the City be named as a third party beneficiary of the liens imposed by the Homeowners Association. In addition, there should be a Declaration of Covenants on all lands within the project. The Declaration will set forth the provisions of the Maintenance Lien outlined above and also provide for the right of the City to enforce these rights as a third party beneficiary. We recommend that the enforcement be preceded by a thirty (30) day written notice allowing the property owner or the association to perform the maintenance required. In the event no correction is made, the City may directly make the repairs or maintenance and charge the costs of those maintenance or repairs as assessments to an individual lot owner or to several lots within the project. It is very important that the declarant for itself and its assignees specifically waive notice and protest of tax or assessments which may be levied by the City for the maintenance or repairs performed by the City.

Alley Lighting

The City will not install lighting in the alleys, but the developer or property owners may request the City to approve a private light(s) in the alley right-of-way. This private light(s) to be operated and maintained by private interests

Traffic Measures

Several streets within the project and plat include special traffic islands and traffic calming measures within the public right-of-way. The Village at Autumn Lake Homeowner's Association shall be responsible, at the Association's sole cost and expense, for the maintenance and upkeep of such physical traffic measures. Such maintenance and upkeep shall be performed at the discretion of the Association except to the extent required by the City of Madison and shall include landscaping. If the landscaping is not maintained, the City will give notice to the Village at Autumn Lake Homeowner's Association that it is not being maintained. If the Association does not respond to the notice within 60 days, the physical traffic measures will be topped with an asphalt pavement. The Village at Autumn Lake Homeowner's Association and persons involved with the maintenance and upkeep of the special traffic measures shall indemnify and hold harmless the City of Madison and its Boards, and Commissions and their officers, agents, and employees from and against all claims, demands, loss of liability of any kind or nature for any possible injury incurred during maintenance and upkeep.
