Subject: Plan Commission Meeting - Agenda Item 21953

Brad & Ruth,

I am writing to convey my support to the Plan Commission for the above agenda item.

The building scheduled for demolition is in poor condition and has been unoccupied for some time. Both the neighborhood and I are concerned that the site will become a target for graffiti and littering. The nearby area also contains a group of homeless people and I am apprehensive that the site could become a focus for future crime.

I have met with the WRC Group (Wisconsin Reinsurance Corporation) and they have some excellent expansion/improvement plans for the site. I urge the Plan Commission to grant their demolition and rezoning request.

Thank you,

Joe Clausius
