

Villager Commuter Assistance Service

You're invited! On Feb. 2-3 the Commuter Solutions display will be set up in the Villager lobby-lower level. Interested commuters can receive help in a few easy steps for finding out what their commuting choices and incentives are based on their specific circumstances, at no charge or obligation. Information and assistance is also available by calling 266-RIDE (7433) or online at www.rideshareetc.org

Stop by the display to pick up free Bike maps, free Metro 10-ride cards to new riders (obtain at display between 11:30-1:00 on 2/02-03), Vanpool route information, carpool ride-matches, or learn about other incentives including free Guaranteed Ride home services for participants.
