

Comment Period for Manganese Health Consultation Ends Soon

The public comment period for the DHFS's Manganese Health Consultation ends on September 29; however, because that day falls on Saturday, comments will be accepted through the close-of-business on Monday, October 1st.

The report is available for review at the DHFS web site, <http://dhfs.wisconsin.gov/eh/WISites/index.htm>. A copy of the report can also be obtained from Public Health for Madison - Dane County and Madison Water Utility.

Comments should be sent directly to:

Henry Nehls-Lowe
Division of Public Health
Department of Health Family Services
1 West Wilson St, Rm 150
Madison WI 53701
nehls@dhfs.state.wi.us

Subscribe to the Drinking Water Quality Listserv
