## SECTION A: ADVERTISEMENT FOR BIDS

### REQUEST FOR BID FOR PUBLIC WORKS CONSTRUCTION CITY OF MADISON, WISCONSIN

#### A BEST VALUE CONTRACTING MUNICIPALITY

<b>CONTRACT NO.</b>	<b>PROJECT NAME:</b>
6744	LAKE EDGE BASIN REPAIR

Plans and Specifications are available at 1600 Emil Street, Madison, WI 53713; 608-267-1197 or on our website at [www.cityofmadison.com/business/pw/contracts/openforBid.cfm](http://www.cityofmadison.com/business/pw/contracts/openforBid.cfm).

#### PREQUALIFICATIONS

Bidders who have not been prequalified by the City Engineer and Affirmative Action Director for the period of **February 1, 2012 to January 31, 2013** must submit their application on or before 1:00 p.m., JUNE 8, 2012, Room 115, City-County Building, Madison, WI 53703. Postmark is not applicable. Contractors be prequalified by the City Engineer including an affirmative action plan approved by the Affirmative Action Director prior to the bid opening or the bid will be rejected. Forms are available at the same location or on our website at [www.cityofmadison.com/business/pw/forms.cfm](http://www.cityofmadison.com/business/pw/forms.cfm).

#### OTHER REQUIREMENTS

Sealed bids must be accompanied with a Bid Bond equal to at least 5% of the bid or a Certificate of Annual/Biennial Bid Bond or certified check, payable to the City Treasurer.

Prevailing Wage Rates may be required and are attached in Section I of the contract. See Special Provisions to determine applicability.

Deadline for the Submittal of Bid is JUNE 15, 2012 by 1:00 PM, at 1600 Emil Street, Madison, WI 53713.

Bid Opening will be on JUNE 15, 2012 at 1:30 PM at 1600 Emil Street, Madison, WI 53713.

### REQUEST FOR BIDS FOR PUBLIC WORKS CONSTRUCTION FOR THE CITY OF MADISON, WISCONSIN

#### A BEST VALUE CONTRACTING MUNICIPALITY

Plans and Specifications for Public Works Projects that are open for bid are available on the City of Madison website at <http://www.cityofmadison.com/business/PW/contracts/openforBid.cfm> or by calling City Engineering at 608-266-4751.

Sealed bids must be accompanied with a Bid Bond equal to at least 5% of the bid or a Certificate of Annual/Biennial Bid Bond or certified check, payable to the City Treasurer.

Prevailing Wage Rates may be required and are attached in Section I of the contract. See Special Provisions to determine applicability.

Bidders must be prequalified with the City Engineer and the Affirmative Action Director. Deadline date for submittal of application is noticed on our website. Forms are available on the web at <http://www.cityofmadison.com/business/pw/forms.cfm> or by contacting City Engineering at 608-266-4620

Publ. WSJ JUNE 1 & 8, 2012

## SECTION B: INSTRUCTIONS TO BIDDERS

The City of Madison Standard Specifications for Public Works Construction - 2012 Edition, as supplemented and amended from time to time, forms a part of these contract documents as if attached hereto.

These standard specifications are available on the City of Madison Public Works website at [www.cityofmadison.com/Business/PW/specs.cfm](http://www.cityofmadison.com/Business/PW/specs.cfm) or by contacting City Engineering Division, Room 115, City-County Building, 210 Martin Luther King Jr. Blvd., Madison, WI 53703.

The Contractor shall review these Specifications prior to preparation of proposals for the work to be done under this contract, with specific attention to Article 102 **"BIDDING REQUIREMENTS AND CONDITIONS"** and Article 103 **"AWARD AND EXECUTION OF THE CONTRACT."** For the convenience of the bidder, below are highlights of three subsections of the specifications.

### Section 102.1: Pre-Qualification of Bidders

In accordance with Wisconsin State Statutes 66.0901 (2) and (3), all bidders must submit to the Board of Public Works proof of responsibility on forms furnished by the City. The City requires that all bidders be qualified on a biennial basis.

Bidders must present satisfactory evidence that they have been regularly engaged in the type of work specified herein and they are fully prepared with necessary capital, materials, machinery and supervisory personnel to conduct the work to be contracted for to the satisfaction of the City. All bidders must be pre-qualified by the Board of Public Works for the type of construction on which they are bidding prior to the opening of the bid.

In accordance with Section 39.02(9)(a)1. of the Madison General Ordinances, all bidders shall submit in writing to the Affirmative Action Division Manager of the City of Madison, a Certificate of Compliance or an Affirmative Action Plan at the same time or prior to the submission of the proof of responsibility forms. The bidder shall be disqualified if the bidder fails to or refuses to, prior to opening of the bid, submit a Certificate of compliance, Affirmative Action Plan or Affirmative Action Data Update, as applicable, as defined by Section 39.02 of the Madison General Ordinances (entitled Affirmative Action) and as required by Section 102.11 of the Standard Specifications.

### Section 102.4: Proposals

No bid will be accepted that does not contain an adequate or reasonable price for each and every item named in the Schedule of Unit Prices.

A lump sum bid for the work in accordance with the plans and specifications is required. The lump sum bid must be the same as the total amounts bid for the various items and it shall be inserted in the space provided.

All papers bound with or attached to the proposal form are considered a part thereof and must not be detached or altered when the proposal is submitted. The plans, specifications and other documents designated in the proposal form will be considered a part of the proposal whether attached or not.

A proposal submitted by an individual shall be signed by the bidder or by a duly authorized agent. A proposal submitted by a partnership shall be signed by a member/partner or by a duly authorized agent thereof. A proposal submitted by a corporation shall be signed by an authorized officer or duly authorized registered agent of such corporation, and the proposal shall show the name of the State under the laws of

which such corporation was chartered. The required signatures shall in all cases appear in the space provided therefore on the proposal.

Each proposal shall be placed, together with the proposal guaranty, in a sealed envelope, so marked as to indicate name of project, the contract number or option to which it applies, and the name and address of the Contractor. Proposals will be received at the place and until the hour on the date designated in the advertisement. When sent by mail, the sealed proposal marked as indicated above shall be enclosed in an additional envelope. Proposals sent by mail, submitted in person or otherwise delivered must be in the hands of the official conducting the letting by the hour on the date designated in the advertisement. Proposals received after the date designated will be returned to the bidder unopened.

**The Bidder shall execute form ERD-7777 (R.9/03), a part of these proposal pages and submit same with the bidder's proposal, if applicable. REFER TO PROPOSAL SECTION.**

Section 102.5: Bid Deposit (Proposal Guaranty)

No proposal shall be considered unless either (i) it is accompanied by a bid deposit of the character and amount described in the Advertisement for Bids or (ii) a biennial bid bond in an amount and form acceptable to the City of Madison has been previously submitted.

Bid deposits of unsuccessful bidders shall be returned following the award of the contract by the Common Council. Bid deposit of the successful bidders shall be returned within forty-eight (48) hours following execution of the contract and bond as required.

**Bidders for this Contract(s) must be Pre-Qualified for at least one of the following type(s) of construction denoted by an**

SBE (Not Applicable)

## SECTION D: SPECIAL PROVISIONS

### LAKE EDGE BASIN REPAIR CONTRACT NO. 6744

It is the intent of these Special Provisions to set forth the final contractual intent as to the matter involved and shall prevail over the Standard Specifications and plans whenever in conflict therewith. In order that comparisons between the Special Provisions can be readily made, the numbering system for the Special Provisions is equivalent to that of the Specifications.

Whenever in these Specifications the term "Standard Specifications" appears, it shall be taken to refer to the City of Madison Standard Specifications for Public Works Construction and Supplements thereto.

#### SECTION 102.10: MINIMUM RATE OF WAGE SCALE

For this project, payment of prevailing wages (white sheet) is not required if either: a single trade accounts for 85% or more of the total labor costs of the project and the bid is less than \$48,000; or no single trade accounts for 85% or more of the total labor costs of the project and the bid is less than \$100,000. For bids not meeting either of these conditions, prevailing wages shall be required.

If required, the wages and benefits paid on the contract shall not be less than those specified in the Prevailing Wage Determination included with these contract documents for the following types of work:

- Building and Heavy Construction
- Sewer, Water, and Tunnel Construction
- Local Street and Miscellaneous Paving Operations
- Residential and Agricultural Construction

All bidders are notified that all labor employed on City contracts must be paid in accordance with the minimum rate of wage scale included in the Contract Documents.

For the information of the employees working on the project, a copy of the wage scale included in the contract documents and the provisions of Section 66.0903(8) of the Wisconsin Statutes shall be kept posted by the employer and in at least one conspicuous and easily accessible place at the site of the project.

The Contractor shall keep weekly payroll records setting forth the name, address, telephone number, classification, wage rate and fringe benefit package of each employee who worked on such City project and all other projects the employee worked in the same period, and the Contractor must keep records of the individual time each employee worked on the project and for each day of the project. Such records shall also set forth the total number of hours of overtime credited to each such employee for each day and week and the amount of overtime pay received in that week. Such records shall, in addition, set forth the full weekly wages earned by each such employee and the actual hourly wage paid to that employee. The Contractor shall submit payroll records to the Engineer every week for those periods when work is being done on

the project. Said submittal shall be within twenty-one (21) calendar days of the end of the Contractor's weekly pay period.

The Contractor shall ensure that employees shall be paid unconditionally and shall receive the full amounts accrued at the time of payment, computed at rates not less than those stated in the City of Madison "Minimum Rate of Wage Scale" and that each employee's rate shall be determined by the work that is done within the trade or occupation classification which should be properly assigned to such employee. Questions regarding an employee's classification or rate of pay within that classification shall be resolved by the practice that predominates in the industry and on which the trade or occupation rate/classification is based. Therefore, rate of pay, classification and work jurisdiction disputes shall be resolved by relying upon practices established by collective bargaining agreements and guidelines used in such determinations by appropriate recognized trade unions operating within the City of Madison.

The Contractor shall agree that the normal rate of wage paid to the Contractor's employees on other projects shall not be reduced or otherwise diminished as a result of the requirement to pay no less than the minimum rate of wage scale on a City project. Mulcting of employees on City projects by contractors, such as by kickbacks or other such devices, is prohibited.

These contract provisions shall apply to all work performed on the contract by the Contractor with its own organization and with assistance of laborers under its immediate superintendency and to all work performed by piecework or by subcontract. No laborer, worker, or mechanic shall be employed directly upon the site of the work except on a wage basis, but this shall not be construed to prohibit the rental of equipment from individuals.

In the event of a refusal by the Contractor to submit payroll records as required by the contract, the City of Madison shall have the option to cancel this contract and request the Surety to perform or to relet the balance of the work for bids, and in that event, to charge the Contractor for any loss which the City may incur thereby.

**SECTION 102.12: BEST VALUE CONTRACTING**

This Contract shall be considered a Best Value Contract if the Contractor's bid is equal to or greater than \$51,500 for a single trade contract; or equal to or greater than \$251,000 for a multi-trade contract pursuant to MGO 33.07(7).

**ARTICLE 102.13: EQUAL BENEFITS REQUIREMENT (SEC. 39.07, MGO)**

This provision applies to contracts executed by the City on July 1, 2012 or later, unless exempt by Sec. 39.07 of the Madison General Ordinances (MGO).

For the duration of this Contract, the Contractor agrees to offer and provide benefits to employees with domestic partners that are equal to the benefits offered and provided to married employees with spouses, and to comply with all provisions of Sec. 39.07, MGO. If a benefit would be available to the spouse of a married employee, or to the employee based on his or her status as a spouse, the benefit shall also be made available to a domestic partner of an employee, or to the employee based on his or her status as a domestic partner. "Benefits" include any plan, program or policy provided or offered to employees as part of the employer's total compensation

package, including but not limited to, bereavement leave, family medical leave, sick leave, health insurance or other health benefits, dental insurance or other dental benefits, disability insurance, life insurance, membership or membership discounts, moving expenses, pension and retirement benefits, and travel benefits.

Cash Equivalent. If after making a reasonable effort to provide an equal benefit for a domestic partner of an employee, the Contractor is unable to provide the benefit, the Contractor shall provide the employee with the cash equivalent of the benefit.

Proof of Domestic Partner Status. The Contractor may require an employee to provide proof of domestic partnership status as a prerequisite to providing the equal benefits. Any such requirement of proof shall comply with Sec. 39.07(4), MGO.

Notice Posting, Compliance. The Contractor shall post a notice informing all employees of the equal benefit requirements of this Contract, the complaint procedure, and agrees to produce records upon request of the City, as required by Sec. 39.07, MGO.

Subcontractors. Contractor shall require all subcontractors, the value of whose work exceeds the single-trade minimum set forth in Sec 33.07(7)(b)5., MGO, to provide equal benefits in compliance with Sec. 39.07, MGO.

See Section 39.07 MGO for exemptions from this requirement. Exemptions from this requirement include a Contractor whose employees are under a collective bargaining agreement that was in effect prior to July 1, 2012, however, the Contractor must agree to propose to the applicable collective bargaining unit(s) that an equal benefit requirement consistent with this ordinance be incorporated into the next collective bargaining agreement or in the existing agreement upon amendment, extension or other modification that occurs after July 1, 2012

**ARTICLE 104:      SCOPE OF WORK**

This project consists of repairs to the Lake Edge Basin, at 4115 Monona Drive, in the City of Monona. The berm of the basin, which separates the basin from Lake Monona, failed in 2010. Repairs to the basin include repair of the damaged berm and shoreline, and installation of steel sheet pile within the berm along the lake.

**The Contractor shall view the site prior to bidding** to become familiar with the existing conditions. It will be the responsibility of the Contractor to work with the utilities located in the right of way to resolve conflicts during the construction process.

**SECTION 105.1:    AUTHORITY OF THE ENGINEER**

The Engineer shall resolve all questions which arise as to the quality and acceptability of materials furnished, work performed, manner of performance, rate of progress of the work, interpretation of the plans and Specifications, acceptable fulfillment of the contract, compensation, and disputes and mutual rights between Contractors under the Specifications. The Engineer shall determine the amount and quantity of work performed and materials furnished.

All decisions of the Engineer shall, when so requested, be rendered in writing. They shall be final and conclusive in all matters unless within ten (10) days after such decision the Contractor applies in writing to the Board of Public Works for a review of such decision.

Any change proposed by a Contractor in SBE subcontractors, vendors or suppliers from those SBEs indicated on the SBE Compliance Report must be approved by the Engineer and the City's Manager of the Affirmative Action Division (hereafter, AAD). When requested, such decision shall be rendered in writing. Such decisions shall be final and conclusive in all matters unless within ten (10) days after such decision the Contractor or the affected SBE applies in writing to the Board of Public Works for a review of such decision.

In the event the Engineer and the AAD disagree over the proper decision to be made regarding an SBE, the Mayor shall appoint a third person to resolve the disagreement, within 30 days of appointment. The decision thus rendered may be reviewed by the Board of Public Works upon request of the Contractor or the affected SBE as set forth in Sections 105.1 and 105.2 of the City's standard specifications.

**SECTION 105.12: COOPERATION BY THE CONTRACTOR**

Contractor shall use care around existing trees and other improvements that are indicated on the plans to remain. Damage to these items during construction shall be repaired or replaced at the Contractor's expense.

**No entry, access, staging, or trespassing shall be allowed by Contractor on the property to the north of the basin at 4113 Monona Drive.**

Contractor is alerted that work may be undertaken by others in approximately the same time frame and in the same area as the proposed project. It shall be the Contractor's responsibility to verify this information and any subsequent changes in the scheduling of the work by others and to make corrections in his/her construction timetable as required. The City of Madison has information about the following work in the project area:

Monona Drive Reconstruction. General Contractor is R.G. Huston Company, Inc – contact Bill Pulvermacher (phone no. 209-6642). Construction project manager is James Foley of Strand Associates (phone no. 212-2084).

**SECTION 105.13: ORDER OF COMPLETION**

The order of doing the work is subject to the review of the City. Prior to beginning construction, the Contractor shall submit to the City a detailed construction schedule showing the sequence and anticipated dates of all construction operations, as well as a Staging/Phasing Plan for approval by the City. The sequence of scheduled operations may be modified by the City to accommodate specific needs.

**SECTION 107.2      PROTECTION AND RESTORATION OF PROPERTY AND PROPERTY MONUMENTS**

Contractor shall protect existing property monuments. If monuments are disturbed contractor shall be responsible for hiring a WI Registered Land Surveyor to properly re-establish any monuments that are disturbed, with no additional compensation.

**SECTION 107.7:      MAINTENANCE OF TRAFFIC**

No construction equipment or materials shall be stored in public street right-of-way adjacent to the project.

Any necessary work zone signing and barricading shall conform to Part VI of the Federal Highways Administration's "Manual on Uniform Traffic Control Devices" (MUTCD), The City of Madison Standards for Sidewalk and Bikeway Closures, and the State of Wisconsin Standard Detail Drawings, including S.D.D. 15 C 3-1 Barricades and Signs for Side road Closures and 15D 30-1 Traffic Control, Sidewalk Closure.

**SECTION 107.14:      WEAPONS PROHIBITION**

Contractor shall prohibit, and shall require its subcontractors to prohibit, its employees from carrying weapons, including concealed weapons, in the course of performance of work under this Contract, other than while at the Contractor's or subcontractor's own business premises. This requirement shall apply to vehicles used at any City work site and vehicles used to perform any work under this Contract, except vehicles that are an employee's "own motor vehicle" pursuant to Wis. Stat. sec. 175.60(15m).

**SECTION 108.2:      PERMITS**

The following permits have been applied for:

1. Army Corps of Engineers Permit (covered under non-reporting permit)
2. WI-DNR Chapter 30 Permit – A permit was obtained for the original pond construction, and a permit amendment has been obtained for this work. Copies of the original permit and the permit amendment are included with these Special Provisions.
3. City of Madison Erosion Control

A WI-DNR WRAPP (formerly Notice of Intent – NOI) Stormwater Discharges Associated with Land Disturbing Construction Activities Permit is not required for this project because land disturbance is < 1 Acre.

A City of Monona Erosion Control permit is not required for this project.

It shall be the responsibility of the Contractor to obtain the permits listed below, if required, and to pay all applicable charges and fees associated with these permits.

- Wisconsin DNR Dewatering

All permit costs shall be considered incidental to the various Mobilization bid items for the Contract.

The Contractor shall meet the conditions of all permits and must keep a copy of each individual permit on site at all times throughout construction.

With regard to Control of Invasive or Exotic Species, the Chapter 30 permit stipulates that any equipment or materials that may be in contact with invasive or exotic species must be decontaminated prior to and after work at the project site. It shall be the Contractor's responsibility to comply with decontamination requirements.

The Contractor shall meet the conditions of the permits involving including properly installing and maintaining the erosion control measures shown on the plans, specified in these Special Provisions, or as directed by the Construction Engineer or his designees. This work will be paid for under the appropriate bid items, or if appropriate items are not included in the contract, they shall be paid for as Extra Work.

The City's obtaining these permits is not intended to be exhaustive of all permits that may be required to be obtained by the Contractor for construction of this project. It shall be the responsibility of the Contractor to identify and obtain any other permits needed for construction.

**SECTION 109.2: PROSECUTION OF WORK**

The Contractor shall begin work on or around **JULY 30, 2012**. The time of completion shall be **THIRTY-THREE (33) CALENDAR DAYS**.

The fixed, agreed upon, liquidated damages for failure to complete all work within the contract, unless otherwise specified in this section, shall be calculated in accordance with Article 109 of the Standard Specifications. The Contractor shall limit workdays from 7:00 am to 7:00 pm, unless approved by the Engineer in writing.

**BID ITEM 10911 – MOBILIZATION**

**DESCRIPTION**

Work under this item shall include all costs associated with mobilization of the Contractor to the site. A single mobilization shall be paid, i.e., no additional mobilizations shall be paid should Contractor suspend work due to weather conditions.

**METHOD OF MEASUREMENT**

Mobilization shall be paid as a lump sum.

**BASIS OF PAYMENT**

Mobilization shall be measured as described above which shall be full payment for all work as described above.

## **BID ITEM 20101 – EXCAVATION CUT**

### **DESCRIPTION**

Excavation Cut shall include all earthwork cut required to prepare the existing basin for the specified repair. This includes the removal of all rock and soil, as indicated on the plans or as directed in the field by the Engineer. The Contractor shall be responsible for determining a suitable off-site disposal location for excavated materials that are deemed unusable as fill in on-site fill areas or are considered surplus, and for hauling to and placement at the disposal site.

Suitable materials may be reused as fill within the project limits. Placement of these fill materials shall be considered incidental to this bid item and shall not be compensated separately.

Contractor shall note that the temporary limestone riprap placed as a field repair on the berm failure area shall not be reused in the berm or as shoreline protection, and shall be removed from the site.

Care shall be taken to protect all tree roots of those trees not marked for removal.

### **METHOD OF MEASUREMENT**

Excavation Cut within the limits shown on the plans will be paid for based on the “plan quantity” as shown in the Contract without measurement thereof.

If Construction Engineer determines that substantial changes are required to excavation limits, additional undercut or excavation directed by the Engineer, beyond the limits shown on the plans shall be measured in the field by cubic yards in place, and paid for as Excavation Cut. For purposes of this item, “substantial” shall mean changes over 10% of the estimated quantity.

No adjustments to the estimated earthworks quantities on the proposal page were made for topsoil. No bulking/expansion or shrink factors were used when determining earthworks quantities for this project.

### **BASIS OF PAYMENT**

Excavation shall be paid at the contract price for work as described and measured above which shall be full compensation for all labor, tools, equipment, and incidentals necessary to complete this item of work.

## **BID ITEM 20203 – SELECT FILL CLAY IMPORT**

### **DESCRIPTION**

Work under this item shall include importing and placement of clay fill to repair the berm and regrade the basin as shown on the plans. The Contractor shall place fill in compliance with Section 202 – Fill of the Standard Specifications. Materials shall meet the requirements of the Standard Specifications of Sections 202(a) Fill, with the additional requirement that they shall be a clayey material, as approved by the Construction Engineer. Clay fill for construction of the

basin shall be compacted in accordance with the requirements for Special Compaction. Clay shall be placed in 8” to 12” lifts and compacted with a sheepsfoot roller (or other equipment deemed acceptable by the Construction Engineer).

#### **METHOD OF MEASUREMENT**

Select Fill Clay Import within the limits shown on the plans will be paid for by the cubic yard based on the “plan quantity” without measurement thereof. The plan quantity includes all fill to be placed to repair the berm or regrade the basin (with the exception of riprap and topsoil) - it is assumed that none of the excavation cut will be suitable for reuse as fill.

If Construction Engineer determines that substantial changes are required to fill limits, additional clay fill beyond the limits shown on the plans shall be measured in the field by cubic yards in place. For purposes of this item, “substantial” shall mean changes over 10% of estimated quantity.

No adjustments to the estimated earthworks quantities on the proposal page were made for topsoil. No bulking/expansion or shrink factors were used when determining earthworks quantities for this project.

#### **BASIS OF PAYMENT**

Select Fill Clay Import shall be measured as described above and shall be full compensation for furnishing, hauling, placing, and compacting the specified material including all equipment, tools, labor, and incidentals necessary to complete the work as specified.

#### **BID ITEM 20221 – TOPSOIL**

##### **DESCRIPTION**

This item shall include placement of topsoil within the seeding limits shown on the plans or as directed by the Engineer in the field. Topsoil shall be placed four (4) inches thick per the Standard Specifications. Salvaged topsoil from on site meeting the specifications may be reused. Topsoil materials and placement shall be in accordance with Article 202 – Fill.

Any required topsoil stripping and stockpiling shall be considered incidental to this bid item.

##### **METHOD OF MEASUREMENT**

Topsoil shall be measured by the square yard.

##### **BASIS OF PAYMENT**

Topsoil shall be paid at the contract price for work as described and measured above which shall be full compensation for all labor, tools, equipment, and incidentals necessary to complete this item of work.

**BID ITEM 20228 – HEAVY RIPRAP (GLACIAL STONE) IMPORT**

**DESCRIPTION**

This item shall include the provision and installation of natural glacial rock or field stone (non-sedimentary rock). The rock shall be durable stone hauled in from an off-site source. The stone shall be sound, hard, dense, resistant to the action of air and water, and free from seams, cracks, or other structural defects. The stone shall consist of varying sizes and weights. Any stone that has been cracked either by shipping, handling, or placing and does not meet the specified size range shall be removed from the project and replaced. The Engineer shall review and approve stone before Contractor brings it on-site. Stone shall be “hand picked” at the pit.

The stone shall have the following dimensions:

D50 (inches)	Min D (inches)	Max D (inches)
16	12	20

Stone shall be placed at the locations shown on the drawings, to the thicknesses shown. Filter fabric shall be installed beneath the stone, and shall be paid under BID ITEM #20233. A suitable foundation, as approved by the Engineer, shall be provided to preclude settlement. Some chinking may be required to secure stability of the stones

It is anticipated that the Contractor will need to remove and reposition some of the existing stone riprap on the lake side of the berm to the south of the failure area in order to transition from the new riprap on the repair area to the existing riprap to the south. Placement of some new riprap over or alongside the existing riprap may also be required in order to blend the new repair with the existing berm. This work shall also be considered incidental to this bid item.

Contractor shall note that the temporary limestone riprap placed as a field repair on the berm failure area shall not be reused as shoreline protection, and shall be removed from the site. This removal is included with the excavation cut quantity.

**METHOD OF MEASUREMENT**

Heavy Riprap (Glacial Stone) Import will be measured by the ton of stone brought to the site and placed. The actual quantity may vary. No change in the bid price shall be approved should this item be increased or decreased beyond the specifications in Section 104 in the Standard Specifications.

**BASIS OF PAYMENT**

Heavy Riprap (Glacial Stone) Import shall be paid at the contract price for work as described and measured above, which shall be full compensation for all material, labor, tools, equipment and incidentals necessary to complete this item of work.

## **BID ITEM 20233 – HEAVY RIPRAP FILTER FABRIC**

### **DESCRIPTION**

This item shall include furnishing and placing Heavy Riprap Filter Fabric at all locations required for the project. Heavy Riprap Filter Fabric material and placement shall be as described in Section 202 of the Standard Specifications. Fabric shall conform to requirements for Geotextile Fabric Type HR contained in the latest edition of the Standard Specifications for Highway and Structure Construction for the State of Wisconsin, Department of Transportation. Fabric shall be synthetic, non-woven needle punched fabric that is resistant to chemicals and mildew, stable under freeze-thaw cycles, does not shrink or expand under wet conditions, and that does not unravel during use.

Placement of filter fabric shall conform to manufacturer's requirements to assure a continuous layer unbroken by rips, tears, punctures, or other physical damage from placement of the fabric or placement of materials over the fabric.

Seams between individual pieces of filter fabric shall be joined or overlapped to provide a continuous layer. Fabric shall be overlapped at a minimum of 18 inches.

### **METHOD OF MEASUREMENT**

Heavy Riprap Filter Fabric shall be measured by the square yard, according to the yardage provided in each roll. The total yardage shall be measured by multiplying the number of complete rolls used by the yardage of each roll. The last roll, if partially used, shall be paid, but the remainder of the roll shall be delivered by the Contractor to the Engineering Service Building on Emil Street.

The quantity on the proposal page was calculated using the cross sections, and includes a 10% allowance for overlap and waste.

### **BASIS OF PAYMENT**

Heavy Riprap Filter Fabric shall be paid at the contract price for work as described and measured above which shall be full compensation for all labor, tools, equipment, and incidentals necessary to complete this item of work.

## **BID ITEM 21083 - EROSION MATTING CLASS III, TYPE C**

### **DESCRIPTION**

Work under this bid item shall include provision and installation of Turf Reinforcement Mat (TRM) to be installed in the locations shown on the drawings, (or as directed by the Construction Engineer). This item is intended for installation on all surfaces of the berm separating the berm from Lake Monona that are not covered with riprap. Placement of TRM shall also be required in areas of the existing berm covered with TRM that is disturbed during installation of the sheet piling. The Class III Type C Erosion Control Re-vegetative Mat (ECRM) shall be Enkamat 7020, or Engineer-approved equivalent. Any product used shall be listed in the Wisconsin Department

of Transportation Erosion Control Product Acceptability List (PAL), under the category "Erosion Mat, Class III, Type C." Erosion matting supplied shall conform to Wisconsin Department of Transportation requirements for this category of erosion mat.

Overlap and staple pattern shall be in accordance with the manufacturer's recommendations. Contractor shall provide to the City the Manufacturer's recommended staple pattern.

Areas to receive TRM (as shown on the plan set or as directed by the Construction Engineer) shall be prepared for seeding, the TRM shall be installed, one half inch (1/2") of topsoil shall be placed on the TRM, the area shall be seeded, and the Class 1 Urban Type A Erosion Mat shall be placed and secured above the topsoil. Seeding and the Class 1 Urban Type A, Mat shall be paid separately, but topsoil filling of the TRM shall be included with this bid item.

#### **METHOD OF MEASUREMENT**

TRM shall be measured by the S.Y. in place, not including run out in anchor trenches or overlap. No adjustment shall be made for slope.

#### **BASIS OF PAYMENT**

TRM shall be measured as stated above and shall be paid at the contract price in accordance with the following payment schedule. Seeding and Class 1 Urban Type A Erosion mat to cover the TRM shall be paid separately.

#### **PAYMENT SCHEDULE**

ECRM installed correctly with correct anchorage, staple pattern, and overlap shall be paid at the contract price. To verify the staple pattern, the Contractor shall provide to the City a Manufacturer's recommended staple pattern for the type of matting installed.

#### **BID ITEM 90030 - STEEL SHEET PILE**

#### **DESCRIPTION**

These items of work consist of furnishing and installing permanent steel sheet piling (SZ-12 sections or Engineer-approved equivalent) within the berm along the lake as shown on the plans and as provided below. Temporary sheeting for dewatering or shoring and bracing is not part of this item.

Contractor shall cut existing Turf Reinforcement Mat (TRM) located along the length of the berm as needed prior to driving sheeting. Reseeding and topsoiling the area disturbed shall be paid separately, but any incidental earthwork needed for driving or restoring grade to sheet pile areas following driving shall be considered incidental to this item.

## **MATERIALS**

### **Sheet Piles**

Steel sheet piles shall be new piling, conforming to ASTM A328. Sheet piles shall be standard interlocking type having positive interlocks effective in both longitudinal and transverse directions, and continuous throughout length of pile. Sheet piles shall have a galvanized finish. Fabrication of piles from shorter lengths will not be permitted. Also included in this item are bent corners needed to accommodate bends in the piling alignment shown on the plan.

### **Hammer**

Provide low frequency, vibratory driving hammer, or other installation method as approved by Construction Engineer.

## **CONSTRUCTION METHODS**

### **Site Preparation**

Complete grading adjacent to piles before piles are driven.

### **Protection of Adjoining Property**

Protect structures, underground utilities, and other construction from damage caused by pile driving operations.

Contractor shall notify all property owners immediately adjacent to or abutting project. An inspection of each property shall be made jointly by property owner, Contractor, and Engineer to document existing conditions prior to construction as well as after construction is complete.

Claims of damage arising from driving or withdrawal of piling shall be the responsibility of and settled by Contractor.

### **Protection of Pile Heads**

Protect heads of piles by suitable caps, heads, blocks, mandrels, and other devices. Cut heads of steel piles square and fit with a steel driving cap. Provide driving heads, mandrels, and other devices as needed for special types of piles conforming to recommendations of pile manufacturer.

### **Driving Sheet Piling**

Drive piling in a manner to insure perfect interlocking throughout entire length of each pile. Hold piles in proper alignment during driving by means of assembling frames or other suitable temporary guide structures. Remove temporary guide structures when they have served their purpose.

Any time that forward edge of sheet pile wall is found to be out of correct alignment, piling already assembled and partly driven shall be driven to required depth, and taper piles shall then be driven to bring forward edge into correct alignment before additional regular piling is assembled and driven. Maximum permissible taper in a single pile shall be 1/4 in. per ft of length.

**Cutoff**

Cut piles at specified elevations. Length of pile cut off shall be sufficient to permit removal of damaged material.

**METHOD OF MEASUREMENT**

Measurement for payment for each bid item will be to the number of square foot of piling acceptably installed. Measurement of piling lengths will be made prior to driving and square footage of installed piling determined by deducting the amount cut-off from each piling sheet. Each cut-off end will be marked when measured and must be removed from site.

**BASIS OF PAYMENT**

Payment for measured quantities for each bid item will be made at the contract unit price per square foot, which payment shall be full compensation for furnishing, installing, and cutting-off sheet piling, and for providing all labor, tools, equipment, and incidentals required to perform the work.

**BID ITEM 90031 - REMOVE ARTICULATING CONCRETE MAT****DESCRIPTION**

This item shall consist of removal of the existing articulating concrete mat that is located on the floor of the basin, only in the locations where it is beneath the footprint of the regraded berms. Approximate limits of removal are shown on the plans. The articulated concrete mat that was installed during the original basin construction is Armorflex 30S. Removal shall also include underlying geotextile and any underlying clear stone. Removal shall be achieved in accordance with guidance provided by the manufacturer, including any work to secure cable ends, and care shall be taken not to damage adjacent articulating concrete mat, which is to remain on the floor of the basin. Any damage to articulating concrete mat outside of the removal area shall be repaired by Contractor at Contractor's expense.

**METHOD OF MEASUREMENT**

Remove Articulating Concrete Mat shall be measured by the square yard of mat removed.

**BASIS OF PAYMENT**

Remove Articulating Concrete Mat shall be paid at the contract price for work as described and measured above which shall be full compensation for all labor, tools, equipment, and incidentals necessary to complete this item of work.

**BID ITEM 90032 – TURBIDITY BARRIER****DESCRIPTION**

The Contractor shall provide sediment control for berm construction consisting of a turbidity barrier to fully enclose the area where sediment may enter the water.

## **MATERIALS**

Turbidity Barrier shall conform to the WI DNR Conservation Practice Standard 1069 – Turbidity Barrier.

## **CONSTRUCTION METHOD**

Turbidity Barrier shall be installed and maintained conforming to WI DNR Conservation Practice Standard 1069-Turbidity Barrier. Remove turbidity barrier as soon as practicable following construction.

## **METHOD OF MEASUREMENT**

Turbidity Barrier shall be measured at the contract unit price per linear foot for the amount of Turbidity Barrier necessary for the Contractor to complete the work.

## **BASIS OF PAYMENT**

Cost for Turbidity Barrier shall be paid for according to the contract unit price. Price shall include payment for providing turbidity barrier and appurtenances and removal of turbidity barrier and appurtenances including furnishing all labor, tools, equipment, and incidentals necessary to perform the work.

## **BID ITEM 90033 – STORM CONTROL, LAKE CONTROL & DEWATERING**

### **DESCRIPTION**

Work under this item shall include all work, materials, equipment, and incidentals required to control dry and wet weather flow in the storm sewer and into the basin. The contractor should expect only minor stormwater flows into the basin during dry weather, however the basin can be expected to fill rapidly during rain events. The Contractor shall take all necessary steps to protect the new basin repairs from damage during construction and to accommodate the existing flows during construction.

This item includes all storm control necessary for all aspects of the Construction.

Work under this item also includes control of backwater from the lake during construction of the basin repair on this project. The Contractor is advised that sustained high water levels in Lake Monona are possible. Lake level data is available from Dane County at:

<http://www.countyofdane.com/lwr/landconservation/lakelevelsearchpg.aspx>

The Contractor shall be responsible for control of the lake backwater while accommodating runoff through the site during construction. If the Contractor wishes to pursue placement of any structures on the bed of the lake beyond what is shown on the plans, the Contractor shall be responsible for obtaining all necessary permits for that work and compliance with all conditions of those permits. All work, materials, labor and incidentals necessary to control lake backwater, and any necessary work to comply with any necessary permits are included in this bid item.

This item shall also include any work, materials, equipment, permitting, and incidentals needed to achieve any dewatering needed to construct the project as shown on the plans, including excluding lake water from work area, dewatering of groundwater, surface water runoff, and any other dewatering the Contractor deems necessary to satisfactorily complete the work. Dewatering shall be in accordance with Article 502 of the Standard Specifications. Contractor shall be responsible for obtaining required permits and for performing discharge sampling and reporting if required by WDNR, and for complying with any discharge limits for total suspended solids specified by the permit.

The Contractor shall be solely responsible for choosing a method of water control that is compatible with the constraints defined. The Contractor shall be responsible for the adequacy of the water control system and shall take all necessary measures to insure that the water control operation will not endanger or damage any existing adjacent utility or structure. The methods and systems shall be designed so as to avoid settlement or damage to adjacent property in accordance with the applicable legislative statutes and judicial decisions of the State of Wisconsin.

A copy of all dewatering permits shall be filed with the City of Madison 48 hours prior to commencement of any dewatering.

#### **METHOD OF MEASUREMENT**

Storm Control, Lake Control & Dewatering shall be measured as a single lump sum for all dewatering necessary throughout construction.

#### **BASIS OF PAYMENT**

Storm Control, Lake Control, & Dewatering will be paid for at the contract price, which shall be full compensation for all work as provided in the description.

Monona, WI 53716

Dear Sir or Madam:

We have reviewed your application for a storm water pond adjacent to Lake Monona, located in Lake Edge Park, City of Monona, Dane County. You will be pleased to know your application is approved with a few limitations.

I am attaching a copy of your permit which lists the conditions which must be followed. A copy of the permit must be posted for reference at the project site. Please read your permit conditions carefully so that you are fully aware of what is expected of you.

Please note you are required to submit photographs of the completed project within 7 days after you've finished construction. This helps both of us to document the completion of the project and compliance with the permit conditions.

Your next step will be to notify me of the date on which you plan to start construction and again after your project is complete.

If you have any questions about your permit, please call me at 608-275-3208.

Sincerely,

Cami Peterson  
Water Management Specialist

STATE OF WISCONSIN  
DEPARTMENT OF NATURAL RESOURCES

Pond-unconnected PERMIT  
IP-SC-2006-13-6080LR

City of Monona is hereby granted under Section 30.19(1g)(am), Wisconsin Statutes, a permit to construct a pond adjacent to Lake Monona, Lake Edge Park, City of Monona, Dane County, also described as the SW $\frac{1}{4}$ -SW $\frac{1}{4}$  S9, T7N, R10E, subject to the following conditions:

PERMIT

1. You must notify Cami Peterson at phone 608-275-3208 before starting construction and again not more than 5 days after the project is complete.
2. You must complete the project as described on or before November 1, 2007. If you will not complete the project by this date, you must submit a written request for an extension prior to the expiration date of the permit. Your request must identify the requested extension date and the reason for the extension. A permit extension may be granted, for good cause, by the Department. You may not begin or continue construction after the original permit expiration date unless the Department grants a new permit or permit extension in writing.
3. This permit does not authorize any work other than what you specifically describe in your application and plans, and as modified by the conditions of this permit. If you wish to alter the project or permit conditions, you must first obtain written approval of the Department.
4. You are responsible for obtaining any permit or approval that may be required for your project by local zoning ordinances or by the U.S. Army Corps of Engineers before starting your project.
5. Upon reasonable notice, you shall allow access to your project site during reasonable hours to any Department employee who is investigating the project's construction, operation, maintenance or permit compliance.
6. The Department may modify or revoke this permit if the project is not completed according to the terms of the permit, or if the Department determines the activity is detrimental to the public interest.
7. You must post a copy of this permit at a conspicuous location on the project site, visible from the waterway, for at least five days prior to construction, and remaining at least five days after construction. You must also have a copy of the permit and approved plan available at the project site at all times until the project is complete.
8. Your acceptance of this permit and efforts to begin work on this project signify that you have read, understood and agreed to follow all conditions of this permit.
9. You must submit a series of photographs to the Department, within one week of completion of work on the site. The photographs must be taken from different vantage points and depict all work authorized by this permit.
10. You, your agent, and any involved contractors or consultants may be considered a party to the violation pursuant to Section 30.292, Wis. Stats., for any violations of Chapter 30, Wisconsin Statutes or this permit.

11. Construction shall be accomplished in such a manner as to minimize erosion and siltation into surface waters. Erosion control measures such as silt fence and straw bales must meet or exceed the standards in the Wisconsin Construction Site Best Management Practices Handbook.
12. You must not deposit or store any of the graded materials in any wetland or below the ordinary high water mark of any waterway.
13. Appropriate erosion control measures must be in-place and effective during every phase of this project.
14. Erosion control measures must be in place at the end of each working day.
15. Erosion control measures must be inspected, and any necessary repairs or maintenance performed, after every rainfall exceeding 1/2 inch and at least once per week.
16. You must supply a copy of this permit to every contractor associated with this project.

#### FINDINGS OF FACT

1. City of Monona has filed an application for a pond adjacent to Lake Monona, located in Lake Edge Park, City of Monona, Dane County, also described as in the SW¼ of the SW¼ of Section 9, Township 7 North, Range 10 East.
2. The project will consist of construction of a basin to control storm water entering into Lake Monona from a 64-inch by 80-inch corrugated metal pipe arch culvert.
3. The Department has completed an investigation of the project site and has evaluated the project as described in the application and plans.
4. The proposed project, if constructed in accordance with this permit will not adversely affect water quality, will not increase water pollution in surface waters and will not cause environmental pollution as defined in s. 283.01(6m), Wis. Stats.
5. The proposed project will not impact wetlands if constructed in accordance with this permit.
6. The Department of Natural Resources and the applicant have completed all procedural requirements and the project as permitted will comply with all applicable requirements of Sections 1.11, 30.19(1g)(am), Wisconsin Statutes and Chapters NR 102, 103, 115, 116, 117, 150, 299 and 343 of the Wisconsin Administrative Code.

#### CONCLUSIONS OF LAW

1. The Department has authority under the above indicated Statutes and Administrative Codes, to issue a permit for the construction and maintenance of this project.

NOTICE OF APPEAL RIGHTS

4/4

If you believe that you have a right to challenge this decision, you should know that the Wisconsin statutes and administrative rules establish time periods within which requests to review Department decisions shall be filed. For judicial review of a decision pursuant to sections 227.52 and 227.53, Wis. Stats., you have 30 days after the decision is mailed, or otherwise served by the Department, to file your petition with the appropriate circuit court and serve the petition on the Department. Such a petition for judicial review shall name the Department of Natural Resources as the respondent.

To request a contested case hearing of any individual permit decision pursuant to section 30.209, Wis. Stats., you have 30 days after the decision is mailed, or otherwise served by the Department, to serve a petition for hearing on the Secretary of the Department of Natural Resources, P.O. Box 7921, Madison, WI, 53707-7921. The petition shall be in writing, shall be dated and signed by the petitioner, and shall include as an attachment a copy of the decision for which administrative review is sought. If you are not the applicant, you must simultaneously provide a copy of the petition to the applicant. If you wish to request a stay of the project, you must provide information, as outlined below, to show that a stay is necessary to prevent significant adverse impacts or irreversible harm to the environment. The filing of a request for a contested case hearing is not a prerequisite for judicial review and does not extend the 30-day period for filing a petition for judicial review. If you are not the permit applicant, you must provide a copy of the petition to the permit applicant at the same time that you serve the petition on the Department.

A request for contested case hearing must meet the requirements of section 30.209, Wis. Stats., and section NR 310.18, Wis. Adm. Code, and must include the following information:

1. A description of the Department's action or inaction which is the basis for the request; and,
2. A description of the objection to the decision that is sufficiently specific to allow the department to determine which provisions of Chapter 30, Wis. Stats., may be violated; and
3. A description of the facts supporting the petition that is sufficiently specific to determine how you believe the project may result in a violation of Chapter 30, Wis. Stats.; and,
4. Your commitment to appear at the contested case hearing, if one is granted, and present information supporting your objection.
5. If the petition contains a request for a stay of the project, the petition must also include information showing that a stay is necessary to prevent significant adverse impacts or irreversible harm to the environment.

CH 30 PERMIT AMENDMENT

09/28/2011

IP-SC-2006-13-6080LR

City of Monona  
5211 Schluter Road  
Monona, WI 53716

Dear Sir or Madam:

Re: Amendment to Permit for an unconnected pond within five hundred feet of Lake Monona, Dane County

We have reviewed the request submitted by the City of Madison Engineering Department on your behalf to amend permit IP-SC-2006-13-6080LR, which was granted to construct an unconnected pond within five hundred feet of Lake Monona at Lake Edge Park, City of Monona, Dane County.

Your request is approved with certain conditions and limitations. Attached is a copy of the Permit Amendment containing new conditions, along with a copy of your original permit which is still in effect unless otherwise noted.

If you have any questions about this permit amendment, please call me at (608) 275-3208.

Sincerely,

A handwritten signature in cursive script that reads 'Cami Peterson'.

Lisa Coleman, City of Madison  
Conservation Warden

PERMIT AMENDMENT

City of Monona, 5211 Schluter Road, Monona, WI 53716 is hereby granted under Section 30.19(4), Wisconsin Statutes, an amendment to permit number IP-SC-2006-13-6080LR, which authorized construction of an unconnected pond within five hundred feet of Lake Monona, located in Lake Edge Park in the SW1/4 of the SW1/4 of Section 9, Township 7 North, Range 10 East, City of Monona, Dane County. This is an approved amendment to repair a portion of the berm on the lake side of the pond that failed in 2010. The applicant is bound by the conditions of the original permit and by any conditions of this amendment.

AMENDED PERMIT CONDITIONS

1. All original permit conditions remain in effect, except where modified by the amended permit conditions below.
2. Repairs will be carried out according to the description and plans submitted on September 22, 2010.

FINDINGS OF FACT

1. City of Madison, on behalf of the City of Monona filed a request with the Department on September 22, 2011, for an amendment to a permit granted to construct an unconnected pond within five hundred feet of Lake Monona, located in Lake Edge Park in the SW1/4 of the SW1/4 of Section 9, Township 7 North, Range 10 East, City of Monona, Dane County under Section 30.19(4), Wisconsin Statutes.
2. City of Monona was granted Permit Number IP-SC-2006-13-6080LR for construction of the original storm water pond adjacent to Lake Monona.
3. City of Monona filed a request to amend the original permit on September 22, 2011 to repair the portion of the berm that failed in a storm event in 2010 and fix some of the pipe system in the pond that leads to the failure.
4. The Department has determined that the proposed amendment to the permit will not affect the Findings of Fact and Conclusions of Law of the original permit. A copy of the original permit is attached to this amendment.

CONCLUSIONS OF LAW

1. The Department has authority under Section 30.19(4), Wisconsin Statutes, and the foregoing Findings of Fact, to issue an order granting the permit amendment requested.
2. The Department has complied with Section 1.11, Wisconsin Statutes and NR 150, Wisconsin Administrative Code.

Dated at South Central Region Headquarters, Wisconsin on 09/28/2011.

STATE OF WISCONSIN DEPARTMENT OF NATURAL RESOURCES  
For the Secretary

**SECTION E: PROPOSAL**

**LAKE EDGE BASIN REPAIR  
CONTRACT NO. 6744**

Bidder must state a Unit Price and Total Bid for each item. The Total Bid for each item must be the product of quantity, by Unit Price. The Grand Total must be the sum of the Total Bids for the various items. In case of multiplication errors or addition errors, the Grand Total with corrected multiplication and/or addition shall determine the Grand Total bid for each contract. The Unit Price and Total Bid must be entered numerically in the spaces provided. All words and numbers shall be written in ink.

1. The undersigned having familiarized himself/herself with the Contract documents, including Advertisement for Bids, Instructions to Bidders, Form of Proposal, City of Madison Standard Specifications for Public Works Construction - 2012 Edition thereto, Form of Agreement, Form of Bond, and Addenda issued and attached to the plans and specifications on file in the office of the City Engineer, hereby proposes to provide and furnish all the labor, materials, tools, and expendable equipment necessary to perform and complete in a workmanlike manner the specified construction on this project for the City of Madison; all in accordance with the plans and specifications as prepared by the City Engineer, including Addenda to the Contract Nos. \_\_\_\_\_ through \_\_\_\_\_ issued thereto, at the prices for said work as contained in this proposal.
2. If awarded the Contract, we will initiate action within seven (7) days after notification or in accordance with the date specified in the contract to begin work and will proceed with diligence to bring the project to full completion within the number of work days allowed in the Contract or by the calendar date stated in the Contract.
3. The undersigned Bidder or Contractor certifies that he/she is not a party to any contract, combination in form of trust or otherwise, or conspiracy in restraint of trade or commerce or any other violation of the anti-trust laws of the State of Wisconsin or of the United States, with respect to this bid or contract or otherwise.
4. Accompanying this Proposal is  Bid Bond or  Certified Check in the amount of \_\_\_\_\_ Dollars (\$ \_\_\_\_\_) or  a Certificate of Biennial Bid Bond as required by the Advertisement for Bids.  
*(IF BID BOND IS USED, IT SHALL BE SUBMITTED ON THE FORMS PROVIDED BY THE CITY. FAILURE TO DO SO MAY RESULT IN REJECTION OF THE BID).*
5. I hereby certify that all statements herein are made on behalf of \_\_\_\_\_  
(name of corporation, partnership, or person submitting bid)  
a corporation organized and existing under the laws of the State of \_\_\_\_\_ a  
partnership consisting of \_\_\_\_\_; an individual trading as \_\_\_\_\_; of  
the City of \_\_\_\_\_; State of \_\_\_\_\_; that I have examined and carefully prepared this  
Proposal, from the plans and specifications and have checked the same in detail before submitting  
this Proposal; that I have fully authority to make such statements and submit this Proposal in (its,  
their) behalf; and that the said statements are true and correct.

**Disclosure of Ownership**

**Notice required under Section 15.04(1)(m), Wisconsin Statutes.** The statutory authority for the use of this form is prescribed in Sections 66.0903(12)(d) and 103.49(7)(d), Wisconsin Statutes. The use of this form is mandatory. The penalty for failing to complete this form is prescribed in Section 103.005(12), Wisconsin Statutes. Personal information you provide may be used for secondary purposes.

- (1) On the date a contractor submits a bid to or completes negotiations with a state agency or local governmental unit, on a project subject to Section 66.0903 or 103.49, Wisconsin Statutes, the contractor shall disclose to such state agency or local governmental unit the name of any "other construction business", which the contractor, or a shareholder, officer or partner of the contractor, owns or has owned within the preceding three (3) years.
- (2) The term "other construction business" means any business engaged in the erection, construction, remodeling, repairing, demolition, altering or painting and decorating of buildings, structures or facilities. It also means any business engaged in supplying mineral aggregate, or hauling excavated material or spoil as provided by Sections 66.0903(3), 103.49(2) and 103.50(2), Wisconsin Statutes.
- (3) This form must **ONLY** be filed, with the state agency or local governmental unit that will be awarding the contract, if **both (A) and (B) are met.**
  - (A) The contractor, or a shareholder, officer or partner of the contractor:
    - (1) Owns at least a 25% interest in the "other construction business", indicated below, on the date the contractor submits a bid or completes negotiations.
    - (2) Or has owned at least a 25% interest in the "other construction business" at any time within the preceding three (3) years.
  - (B) The Wisconsin Department of Workforce Development (DWD) has determined that the "other construction business" has failed to pay the prevailing wage rate or time and one-half the required hourly basic rate of pay, for hours worked in excess of the prevailing hours of labor, to any employee at any time within the preceding three (3) years.

CONTRACT NO. 6744**

**Best Value Contracting**

1. The Contractor shall indicate the non-apprenticeable trades used on this contract.

---

---

---

---

---

---

---

---

2. Some Contractors are exempt due to the size of the work force. Apprenticeable trades are those trades considered apprenticeable by the State of Wisconsin.

Check Here if the Contractor has a total skilled work force of four or less individuals in all apprenticeable trades combined. This contractor is exempt from Best Value Contracting.

3. The Contractor shall indicate on page E-4 which apprenticeable trades are to be used on this Contract and shall indicate by checking the appropriate box for the trades used, how the contractor will comply with Madison General Ordinance 33.07(7).

Legend

Number of Journeyworkers	The Contractor shall indicated for trades to be used on this Contract only, the number of journeyworkers that the Contractor has employed company wide.
W-ATT	The Contractor is an active trade trainer in the State of Wisconsin for the trade indicated.
US-ATT	The Contractor is an active trade trainer in an apprenticeship program approved by the U.S. Department of Labor or another state apprenticeship agency in the trade indicated.
SB-ATT	The Contractor shall become an active trade trainer prior to beginning work on the Contract in the trade indicated.

The Contractor has reviewed the list on page E-4 and shall not use any apprenticeable trades on this project.

The Contractor has reviewed this list on E-4 and has checked the appropriate box by each apprenticeable trade to be used on the project.

**LAKE EDGE BASIN REPAIR  
CONTRACT NO. 6744**

**Apprenticeable Trades**

Check the box in the column "Trade Used on This Project" for each apprenticeable trades used on this project. For those trades used on the project indicated the number of journeyworkers that are employed company wide and check a box to the right of the trade as to how the Contractor will comply MGO 33.07(7). Refer to the legend on page E-3 for the meaning associated with each heading. The Contractor must check one of the boxes on the right for each apprenticeable trade used and checked on the left.

## SECTION F: BID BOND

KNOW ALL MEN BY THESE PRESENT, THAT \_\_\_\_\_  
(a corporation of the State of \_\_\_\_\_) (individual), (partnership), hereinafter referred to as the "Principal") and \_\_\_\_\_, a corporation of the State of \_\_\_\_\_ (hereinafter referred to as the "Surety") and licensed to do business in the State of Wisconsin, are held and firmly bound unto the City of Madison, (hereinafter referred to as the "Obligee"), in the sum of five per cent (5%) of the amount of the total bid or bids of the Principal herein accepted by the Obligee, for the payment of which the Principal and the Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents.

The conditions of this obligation are such that, whereas the Principal has submitted, to the City of Madison a certain bid, including the related alternate, and substitute bids attached hereto and hereby made a part hereof, to enter into a contract in writing for the construction of:

### LAKE EDGE BASIN REPAIR CONTRACT NO. 6744

1. If said bid is rejected by the Obligee, then this obligation shall be void.
2. If said bid is accepted by the Obligee and the Principal shall execute and deliver a contract in the form specified by the Obligee (properly completed in accordance with said bid) and shall furnish a bond for his/her faithful performance of said contract, and for the payment of all persons performing labor or furnishing materials in connection therewith, and shall in all other respects perform the agreement created by the acceptance of said bid, then this obligation shall be void.

If said bid is accepted by the Obligee and the Principal shall fail to execute and deliver the contract and the performance and payment bond noted in 2. above executed by this Surety, or other Surety approved by the City of Madison, all within the time specified or any extension thereof, the Principal and Surety agree jointly and severally to forfeit to the Obligee as liquidated damages the sum mentioned above, it being understood that the liability of the Surety for any and all claims hereunder shall in no event exceed the sum of this obligation as stated, and it is further understood that the Principal and Surety reserve the right to recover from the Obligee that portion of the forfeited sum which exceed the actual liquidated damages incurred by the Obligee.

The Surety, for value received, hereby stipulates and agrees that the obligations of said Surety and its bond shall be in no way impaired or affected by an extension of the time within which the Obligee may accept such bid, and said Surety does hereby waive notice of any such extension.

IN WITNESS WHEREOF, the Principal and the Surety have hereunto set their hands and seals, and such of them as are corporations have caused their corporate seals to be hereto affixed and these presents to be signed by their proper officers, on the day and year set forth below.

## SECTION G: AGREEMENT

THIS AGREEMENT made this \_\_\_\_\_ day of \_\_\_\_\_ in the year Two Thousand and Twelve between \_\_\_\_\_ hereinafter called the Contractor, and the City of Madison, Wisconsin, hereinafter called the City.

WHEREAS, the Common Council of the said City of Madison under the provisions of a resolution adopted \_\_\_\_\_, and by virtue of authority vested in the said Council, has awarded to the Contractor the work of performing certain construction.

NOW, THEREFORE, the Contractor and the City, for the consideration hereinafter named, agree as follows:

1. **Scope of Work.** The Contractor shall, perform the construction, execution and completion of the following listed complete work or improvement in full compliance with the Plans, Specifications, Standard Specifications, Supplemental Specifications, Special Provisions and contract; perform all items of work covered or stipulated in the proposal; perform all altered or extra work; and shall furnish, unless otherwise provided in the contract, all materials, implements, machinery, equipment, tools, supplies, transportation, and labor necessary to the prosecution and completion of the work or improvements:

### LAKE EDGE BASIN REPAIR CONTRACT NO. 6744

2. **Completion Date/Contract Time.** Construction work must begin within seven (7) calendar days after the date appearing on mailed written notice to do so shall have been sent to the Contractor and shall be carried on at a rate so as to secure full completion SEE SPECIAL PROVISIONS, the rate of progress and the time of completion being essential conditions of this Agreement.
3. **Contract Price.** The City shall pay to the Contractor at the times, in the manner and on the conditions set forth in said specifications, the sum of \_\_\_\_\_ (\$ \_\_\_\_\_) Dollars being the amount bid by such Contractor and which was awarded to him/her as provided by law.
4. **Wage Rates for Employees of Public Works Contractors**

**General and Authorization.** The Contractor shall compensate its employees at the prevailing wage rate in accordance with section 66.0903, Wis. Stats., DWD 290 of the Wisconsin Administrative Code and as hereinafter provided.

“Public Works” shall include building or work involving the erection, construction, remodeling, repairing or demolition of buildings, parking lots, highways, streets, bridges, sidewalks, street lighting, traffic signals, sanitary sewers, water mains and appurtenances, storm sewers, and the grading and landscaping of public lands.

“Building or work” includes construction activity as distinguished from manufacturing, furnishing of materials, or servicing and maintenance work, except for the delivery of mineral aggregate such as sand, gravel, bituminous asphaltic concrete or stone which is incorporated into the work under contract with the City by depositing the material directly in final place from transporting vehicle.

“Erection, construction, remodeling, repairing” means all types of work done on a particular building or work at the site thereof in the construction or development of the project, including without limitation, erecting, construction, remodeling, repairing, altering, painting, and decorating, the transporting of materials and supplies to or from the building or work done by the employees of the Contractor, Subcontractor, or Agent thereof, and the manufacturing or furnishing of materials, articles, supplies or equipment on the site of the building or work, by persons employed by the Contractor, Subcontractor, or Agent thereof.

“Employees working on the project” means laborers, workers, and mechanics employed directly upon the site of work.

“Laborers, Workers, and Mechanics” include preapprentices, helpers, trainees, learners and properly registered and indentured apprentices but exclude clerical, supervisory, and other personnel not performing manual labor.

**Establishment of Wage Rates.** The Department of Public Works shall periodically obtain a current schedule of prevailing wage rates from DWD. The schedule shall be used to establish the City of Madison Prevailing Wage Rate Schedule for Public Works Construction (prevailing wage rate). The Department of Public Works may include known increases to the prevailing wage rate which can be documented and are to occur on a future specific date. The prevailing wage rate shall be included in public works contracts subsequently negotiated or solicited by the City. Except for known increases contained within the schedule, the prevailing wage rate shall not change during the contract. The approved wage rate is attached hereto.

**Workforce Profile.** The Contractor shall, at the time of signature of the contract, notify the City Engineer in writing of the names and classifications of all the employees of the Contractor, Subcontractors, and Agents proposed for the work. In the alternative, the Contractor shall submit in writing the classifications of all the employees of the Contractor, Subcontractors and Agents and the total number of hours estimated in each classification for the work. This workforce profile(s) shall be reviewed by the City Engineer who may, within ten (10) days, object to the workforce profile(s) as not being reflective of that which would be required for the work. The Contractor may request that the workforce profile, or a portion of the workforce profile, be submitted after the signature of the contract but at least ten (10) days prior to the work commencing. Any costs or time loss resulting from modifications to the workforce profile as a result of the City Engineer’s objections shall be the responsibility of the Contractor.

**Payrolls and Records.** The Contractor shall keep weekly payroll records setting forth the name, address, telephone number, classification, wage rate and fringe benefit package of all the employees who work on the contract, including the employees of the Contractor’s subcontractors and agents. Such weekly payroll records must include the required information for all City contracts and all other contracts on which the employee worked during the week in which the employee worked on the contract. The Contractor shall also keep records of the individual time each employee worked on the project and for each day of the project. Such records shall also set forth the total number of hours of overtime credited to each such employee for each day and week and the amount of overtime pay received in that week. The records shall set forth the full weekly wages earned by each employee and the actual hourly wage paid to the employee.

The Contractor shall submit the weekly payroll records, including the records of the Contractor’s subcontractors and agents, to the City Engineer for every week that work is being done on the contract. The submittal shall be within twenty-one (21) calendar days of the end of the Contractor’s weekly pay period.

Employees shall receive the full amounts accrued at the time of the payment, computed at rates not less than those stated in the prevailing wage rate and each employee's rate shall be determined by the work that is done within the trade or occupation classification which should be properly assigned to the employee.

An employee's classification shall not be changed to a classification of a lesser rate during the contract. If, during the term of the contract, an employee works in a higher pay classification than the one which was previously properly assigned to the employee, then that employee shall be considered to be in the higher pay classification for the balance of the contract, receive the appropriate higher rate of pay, and she/he shall not receive a lesser rate during the balance of the contract. For purposes of clarification, it is noted that there is a distinct difference between working in a different classification with higher pay and doing work within a classification that has varying rates of pay which are determined by the type of work that is done within the classification. For example, the classification "Operating Engineer" provides for different rates of pay for various classes of work and the Employer shall compensate an employee classified as an "Operating Engineer" based on the highest class of work that is done in one day. Therefore, an "Operating Engineer's" rate may vary on a day to day basis depending on the type of work that is done, but it will never be less than the base rate of an "Operating Engineer". Also, as a matter of clarification, it is recognized that an employee may work in a higher paying classification merely by chance and without prior intention, calculation or design. If such is the case and the performance of the work is truly incidental and the occurrence is infrequent, inconsequential and does not serve to undermine the single classification principle herein, then it may not be required that the employee be considered to be in the higher pay classification and receive the higher rate of pay for the duration of the contract. However, the Contractor is not precluded or prevented from paying the higher rate for the limited time that an employee performs work that is outside of the employee's proper classification.

Questions regarding an employee's classification, rate of pay or rate of pay within a classification, shall be resolved by reference to the established practice that predominates in the industry and on which the trade or occupation rate/classification is based. Rate of pay and classification disputes shall be resolved by relying upon practices established by collective bargaining agreements and guidelines used in such determination by appropriate recognized trade unions operating within the City of Madison.

The Contractor, its Subcontractors and Agents shall submit to interrogation regarding compliance with the provisions of this ordinance.

Mulcting of the employees by the Contractor, Subcontractor, and Agents on Public Works contracts, such as by kickbacks or other devices, is prohibited. The normal rate of wage of the employees of the Contractor, Subcontractor, and Agents shall not be reduced or otherwise diminished as a result of payment of the prevailing wage rate on a public works contract.

**Hourly contributions.** Hourly contributions shall be determined in accordance with the prevailing wage rate and with DWD. 290.01(10), Wis. Admin. Code.

**Apprentices and Subjourneypersons.** Apprentices and subjourneypersons performing work on the project shall be compensated in accordance with the prevailing wage rate and with DWD 290.02, and 290.025, respectively, Wis. Admin. Code.

**Straight Time Wages.** The Contractor may pay straight time wages as determined by the prevailing wage rate and DWD 290.04, Wis. Admin. Code.

**Overtime Wages.** The Contractor shall pay overtime wages as required by the prevailing wage rate and DWD 290.05, Wis. Admin. Code.

**Posting of Wage Rates and Hours.** A clearly legible copy of the prevailing wage rate, together with the provisions of Sec. 66.0903(10)(a) and (11)(a), Wis. Stats., shall be kept posted in at least one conspicuous and easily accessible place at the project site by the Contractor and such notice shall remain posted during the full time any laborers, workers or mechanics are employed on the contract.

**Evidence of Compliance by Contractor.** Upon completion of the contract, the Contractor shall file with the Department of Public Works an affidavit stating:

- a. That the Contractor has complied fully with the provisions and requirements of Sec. 66.0903(3), Wis. Stats., and Chapter DWD 290, Wis. Admin. Code; the Contractor has received evidence of compliance from each of the agents and subcontractors; and the names and addresses of all of the subcontractors and agents who worked on the contract.
- b. That full and accurate records have been kept, which clearly indicate the name and trade or occupation of every laborer, worker or mechanic employed by the Contractor in connection with work on the project. The records shall show the number of hours worked by each employee and the actual wages paid therefor; where these records will be kept and the name, address and telephone number of the person who will be responsible for keeping them. The records shall be retained and made available for a period of at least three (3) years following the completion of the project of public works and shall not be removed without prior notification to the municipality.

**Evidence of Compliance by Agent and Subcontractor.** Each agent and subcontractor shall file with the Contractor, upon completion of their portion of the work on the contract an affidavit stating that all the provisions of Sec. 66.0903(3), Wis. Stats., have been fully complied with and that full and accurate records have been kept, which clearly indicate the name and trade or occupation of every laborer, worker or mechanic employed by the Contractor in connection with work on the project. The records shall show the number of hours worked by each employee and the actual wages paid therefor; where these records shall be kept and the name, address and telephone number of the person who shall be responsible for keeping them. The records shall be retained and made available for a period of at least three (3) years following the completion of the project of public works and shall not be removed without prior notification to the municipality.

**Failure to Comply with the Prevailing Wage Rate.** If the Contractor fails to comply with the prevailing wage rate, she/he shall be in default on the contract.

5. **Affirmative Action.** In the performance of the services under this Agreement the Contractor agrees not to discriminate against any employee or applicant because of race, religion, marital status, age, color, sex, disability, national origin or ancestry, income level or source of income, arrest record or conviction record, less than honorable discharge, physical appearance, sexual orientation, political beliefs, or student status. The Contractor further agrees not to discriminate against any subcontractor or person who offers to subcontract on this contract because of race, religion, color, age, disability, sex or national origin.

The Contractor agrees that within thirty (30) days after the effective date of this agreement, the Contractor will provide to the City Affirmative Action Division certain workforce utilization statistics, using a form to be furnished by the City.

If the contract is still in effect, or if the City enters into a new agreement with the Contractor, within one year after the date on which the form was required to be provided, the Contractor will provide updated workforce information using a second form, also to be furnished by the City. The second form will be submitted to the City Affirmative Action Division no later than one year after the date on which the first form was required to be provided.

The Contractor further agrees that, for at least twelve (12) months after the effective date of this contract, it will notify the City Affirmative Action Division of each of its job openings at facilities in Dane County for which applicants not already employees of the Contractor are to be considered. The notice will include a job description, classification, qualifications and application procedures and deadlines. The Contractor agrees to interview and consider candidates referred by the Affirmative Action Division if the candidate meets the minimum qualification standards established by the Contractor, and if the referral is timely. A referral is timely if it is received by the Contractor on or before the date started in the notice.

#### Articles of Agreement Article I

The Contractor shall take affirmative action in accordance with the provisions of this contract to insure that applicants are employed, and that employees are treated during employment without regard to race, religion, color, age, marital status, disability, sex or national origin and that the employer shall provide harassment free work environment for the realization of the potential of each employee. Such action shall include, but not be limited to, the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation and selection for training including apprenticeship insofar as it is within the control of the Contractor. The Contractor agrees to post in conspicuous places available to employees and applicants notices to be provided by the City setting out the provisions of the nondiscrimination clauses in this contract.

#### Article II

The Contractor shall in all solicitations or advertisements for employees placed by or on behalf of the Contractor state that all qualified or qualifiable applicants will be employed without regard to race, religion, color, age, marital status, disability, sex or national origin.

#### Article III

The Contractor shall send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding a notice to be provided by the City advising the labor union or worker's representative of the Contractor's equal employment opportunity and affirmative action commitments. Such notices shall be posted in conspicuous places available to employees and applicants for employment.

#### Article V

The Contractor agrees that it will comply with all provisions of the Affirmative Action Ordinance of the City of Madison, including the contract compliance requirements. The Contractor agrees to submit the model affirmative action plan for public works contractors in a form approved by the Director of Affirmative Action.

## Article VI

The Contractor will maintain records as required by Section 39.02(9)(f) of the Madison General Ordinances and will provide the City Affirmative Action Division with access to such records and to persons who have relevant and necessary information, as provided in Section 39.02(9)(f). The City agrees to keep all such records confidential, except to the extent that public inspection is required by law.

## Article VII

In the event of the Contractor's or subcontractor's failure to comply with the Equal Employment Opportunity and Affirmative Action Provisions of this contract or Section 39.03 and 39.02 of the Madison General Ordinances, it is agreed that the City at its option may do any or all of the following:

1. Cancel, terminate or suspend this Contract in whole or in part.
2. Declare the Contractor ineligible for further City contracts until the Affirmative Action requirements are met.
3. Recover on behalf of the City from the prime Contractor 0.5 percent of the contract award price for each week that such party fails or refuses to comply, in the nature of liquidated damages, but not to exceed a total of five percent (5%) of the contract price, or five thousand dollars (\$5,000), whichever is less. Under public works contracts, if a subcontractor is in noncompliance, the City may recover liquidated damages from the prime Contractor in the manner described above. The preceding sentence shall not be construed to prohibit a prime Contractor from recovering the amount of such damage from the non-complying subcontractor.

## Article VIII

The Contractor shall include the above provisions of this contract in every subcontract so that such provisions will be binding upon each subcontractor. The Contractor shall take such action with respect to any subcontractor as necessary to enforce such provisions, including sanctions provided for noncompliance.

## Article IX

The Contractor shall allow the maximum feasible opportunity to small business enterprises to compete for any subcontracts entered into pursuant to this contract.

**LAKE EDGE BASIN REPAIR  
CONTRACT NO. 6744**

IN WITNESS WHEREOF, the Contractor has hereunto set his/her hand and seal and the City has caused these presents to be sealed with its corporate seal and to be subscribed by its Mayor and City Clerk the day and year first above written.

# MINIMUM WAGE SCALE

FOR

PUBLIC WORKS IMPROVEMENTS

APPROVED BY: BOARD OF PUBLIC WORKS

MADISON, WISCONSIN

February 7, 2012

The attached "Prevailing Wage Rate Determination: (Pages 1 through 30), issued February 7, 2012, is hereby approved as the Minimum Wage Scale of the City of Madison.

State of Wisconsin Department of Workforce Development Equal Rights Division	<b>DEPARTMENTAL ORDER</b>
<b>ISSUE DATE: 1/13/2012</b>	
<b>PROJECT:</b>	
ALL PUBLIC WORKS PROJECTS UNDER SEC 66.0903, STATS - CITY OF MADISON MADISON CITY, DANE COUNTY, WI Determination No. 201200105	
<b>PROJECT OWNER:</b>	<b>REQUESTER:</b>
ROBERT F. PHILLIPS, CITY ENGINEER CITY OF MADISON-ENGINEERING 210 MARTIN L KING JR BLVD, RM 115 MADISON, WI 53703	ROBERT F. PHILLIPS, CITY ENGINEER CITY OF MADISON-ENGINEERING 210 MARTIN L KING JR BLVD, RM 115 MADISON, WI 53703
<b>ADDITIONAL CONTACT:</b>	
NORMAN DAVIS, CONTRACT COMPLIANCE CITY OF MADISON-DEPT OF CIVIL RTS-AA DIV 210 MARTIN L KING JR BLVD, RM 523 MADISON, WI 537033342	
<p>The department received an application for prevailing wage rate determination for the above-captioned project. The department conducted a survey to determine the prevailing wage rate for the trade(s) or occupation(s) needed to complete the project. The survey's findings appear in the attached project determination.</p> <p>If you believe that the wage rate for any trade or occupation does not accurately reflect the prevailing wage rate in the city, village or town where the project is located, you may ask the department to conduct an administrative review of such wage rate. You must submit this request in writing within 30 days from the date indicated above. Additionally, your request must include wage rate information from at least three similar projects in the city, village or town where the proposed project is located and on which some work has been performed by the contested trade(s) during the current survey period and was previously considered by the department in issuing the attached determination. See DWD 290.10 of the Wisconsin Administrative Code and either s. 66.0903(3)(br), s. 66.0904(4)(e), or s. 103.49(3)(c), Stats., for a complete explanation of the administrative review process.</p> <p>Enclosures</p>	
<p>It is hereby ordered that the prevailing wage rates set forth in the attached project determination shall only be applicable to the above referenced project. This order is a <b>FINAL ORDER</b> of the department unless a timely request for an administrative review is filed with the department.</p> <p>ISSUED BY:</p> <p style="text-align: center;">         Equal Rights Division          Labor Standards Bureau          Construction Wage Standards Section          PO Box 8928 Madison, WI 53708-8928          (608)266-6861       </p> <p style="text-align: center;">         Web Site: <a href="http://dwd.wisconsin.gov/er/">http://dwd.wisconsin.gov/er/</a> </p>	

### PREVAILING WAGE RATE DETERMINATION

Issued by the State of Wisconsin  
Department of Workforce Development  
Pursuant to s. 66.0903, Wis. Stats.  
Issued On: 1/13/2012

**DETERMINATION NUMBER:** 201200105

**EXPIRATION DATE:** Prime Contracts MUST Be Awarded or Negotiated On Or Before 12/31/2012. If NOT, You MUST Reapply.

**PROJECT NAME:** ALL PUBLIC WORKS PROJECTS UNDER SEC 66.0903, STATS.-CITY OF MADISON

**PROJECT LOCATION:** MADISON CITY, DANE COUNTY, WI

**CONTRACTING AGENCY:** CITY OF MADISON-ENGINEERING

<b>CLASSIFICATION:</b>	Contractors are responsible for correctly classifying their workers. Either call the Department of Workforce Development (DWD) with trade or classification questions or consult DWD's Dictionary of Occupational Classifications & Work Descriptions on the DWD website at: <a href="http://dwd.wisconsin.gov/er/prevailing_wage_rate/Dictionary/dictionary_main.htm">dwd.wisconsin.gov/er/prevailing_wage_rate/Dictionary/dictionary_main.htm</a> .
<b>OVERTIME:</b>	<p>Time and one-half must be paid for all hours worked:</p> <ul style="list-style-type: none"><li>- over 10 hours per day on prevailing wage projects</li><li>- over 40 hours per calendar week</li><li>- Saturday and Sunday</li><li>- on all of the following holidays: January 1; the last Monday in May; July 4; the 1st Monday in September; the 4th Thursday in November; December 25;</li><li>- The day before if January 1, July 4 or December 25 falls on a Saturday;</li><li>- The day following if January 1, July 4 or December 25 falls on a Sunday.</li></ul> <p>Apply the time and one-half overtime calculation to whichever is higher between the Hourly Basic Rate listed on this project determination or the employee's regular hourly rate of pay. Add any applicable Premium or DOT Premium to the Hourly Basic Rate before calculating overtime.</p> <p>A DOT Premium (discussed below) may supersede this time and one-half requirement.</p>
<b>FUTURE INCREASE:</b>	When a specific trade or occupation requires a future increase, you MUST add the full hourly increase to the "TOTAL" on the effective date(s) indicated for the specific trade or occupation.
<b>PREMIUM PAY:</b>	If indicated for a specific trade or occupation, the full amount of such pay MUST be added to the "HOURLY BASIC RATE OF PAY" indicated for such trade or occupation, whenever such pay is applicable.
<b>DOT PREMIUM:</b>	This premium only applies to highway and bridge projects owned by the Wisconsin Department of Transportation and to the project type heading "Airport Pavement or State Highway Construction." DO NOT apply the premium calculation under any other project type on this determination.
<b>APPRENTICES:</b>	Pay apprentices a percentage of the applicable journey person's hourly basic rate of pay and hourly fringe benefit contributions specified in this determination. Obtain the appropriate percentage from each apprentice's contract or indenture.
<b>SUBJOURNEY:</b>	Subjourney wage rates may be available for some of the trades or occupations indicated below with the exception of laborers, truck drivers and heavy equipment operators. Any employer interested in using a subjourney classification on this project MUST complete Form ERD-10880 and request the applicable wage rate from the Department of Workforce Development PRIOR to using the subjourney worker on this project.

This document **MUST BE POSTED** by the **CONTRACTING AGENCY** in at least one conspicuous and easily accessible place on **the site of the project**. A local governmental unit may post this document at the place normally used to post public notices if there is no common site on the project. This document **MUST** remain posted during the entire time any worker is employed on the project and **MUST** be physically incorporated into the specifications and all contracts and subcontracts. If you have any questions, please write to the Equal Rights Division, Labor Standards Bureau, P.O. Box 8928, Madison, Wisconsin 53708 or call (608) 266-6861.

The following statutory provisions apply to local governmental unit projects of public works and are set forth below pursuant to the requirements of s. 66.0903(8), Stats.

s. 66.0903 (1) (f) & s. 103.49 (1) (c) "PREVAILING HOURS OF LABOR" for any trade or occupation in any area means 10 hours per day and 40 hours per week and may not include any hours worked on a Saturday or Sunday or on any of the following holidays:

1. January 1.
2. The last Monday in May.
3. July 4.
4. The first Monday in September.
5. The 4th Thursday in November.
6. December 25.
7. The day before if January 1, July 4 or December 25 falls on a Saturday.
8. The day following if January 1, July 4 or December 25 falls on a Sunday.

**s. 66.0903 (10) RECORDS; INSPECTION; ENFORCEMENT.**

(a) Each contractor, subcontractor, or contractor's or subcontractor's agent performing work on a project of public works that is subject to this section shall keep full and accurate records clearly indicating the name and trade or occupation of every person performing the work described in sub. (4) and an accurate record of the number of hours worked by each of those persons and the actual wages paid for the hours worked.

**s. 66.0903 (11) LIABILITY AND PENALTIES.**

- (a) 1. Any contractor, subcontractor, or contractor's or subcontractor's agent who fails to pay the prevailing wage rate determined by the department under sub. (3) or who pays less than 1.5 times the hourly basic rate of pay for all hours worked in excess of the prevailing hours of labor is liable to any affected employee in the amount of his or her unpaid wages or his or her unpaid overtime compensation and in an additional amount as liquidated damages as provided under subd. 2., 3., whichever is applicable.
2. If the department determines upon inspection under sub. (10) (b) or (c) that a contractor, subcontractor, or contractor's or subcontractor's agent has failed to pay the prevailing wage rate determined by the department under sub. (3) or has paid less than 1.5 times the hourly basic rate of pay for all hours worked in excess of the prevailing hours of labor, the department shall order the contractor to pay to any affected employee the amount of his or her unpaid wages or his or her unpaid overtime compensation and an additional amount equal to 100 percent of the amount of those unpaid wages or that unpaid overtime compensation as liquidated damages within a period specified by the department in the order.
3. In addition to or in lieu of recovering the liability specified in subd. 1. as provided in subd. 2., any employee for and in behalf of that employee and other employees similarly situated may commence an action to recover that liability in any court of competent jurisdiction. If the court finds that a contractor, subcontractor, or contractor's or subcontractor's agent has failed to pay the prevailing wage rate determined by the department under sub. (3) or has paid less than 1.5 times the hourly basic rate of pay for all hours worked in excess of the prevailing hours of labor, the court shall order the contractor, subcontractor, or agent to pay to any affected employee the amount of his or her unpaid wages or his or her unpaid overtime compensation and an additional amount equal to 100 percent of the amount of those unpaid wages or that unpaid overtime compensation as liquidated damages.
5. No employee may be a party plaintiff to an action under subd. 3. unless the employee consents in writing to become a party and the consent is filed in the court in which the action is brought. Notwithstanding s. 814.04 (1), the court shall, in addition to any judgment awarded to the plaintiff, allow reasonable attorney fees and costs to be paid by the defendant.

**BUILDING OR HEAVY CONSTRUCTION**

Includes sheltered enclosures with walk-in access for the purpose of housing persons, employees, machinery, equipment or supplies and non-sheltered work such as canals, dams, dikes, reservoirs, storage tanks, etc. A sheltered enclosure need not be "habitable" in order to be considered a building. The installation of machinery and/or equipment, both above and below grade level, does not change a project's character as a building. On-site grading, utility work and landscaping are included within this definition. Residential buildings of four (4) stories or less, agricultural buildings, parking lots and driveways are NOT included within this definition.

**RESIDENTIAL OR AGRICULTURAL CONSTRUCTION**

Includes single family houses or apartment buildings of no more than four (4) stories in height and all buildings, structures or facilities that are primarily used for agricultural or farming purposes, excluding commercial buildings. For classification purposes, the exterior height of a residential building, in terms of stories, is the primary consideration. All incidental items such as site work, driveways, parking lots, private sidewalks, private septic systems or sewer and water laterals connected to a public system and swimming pools are included within this definition. Residential buildings of five (5) stories and above are NOT included within this definition.

**SKILLED TRADES**
