## SECTION D: SPECIAL PROVISIONS

### ANNUAL HORIZONTAL SAWCUTTING OF CONCRETE SIDEWALK AND INCIDENTAL WORK (DISTRICT 3) – 2018 CONTRACT NO. 8076

It is the intent of these Special Provisions to set forth the final contractual intent as to the matter involved and shall prevail over the Standard Specifications and plans whenever in conflict therewith. In order that comparisons between the Special Provisions can be readily made, the numbering system for the Special Provisions is equivalent to that of the Specifications.

Whenever in these Specifications the term "Standard Specifications" appears, it shall be taken to refer to the City of Madison Standard Specifications for Public Works Construction and Supplements thereto.

#### **SECTION 102.12: BEST VALUE CONTRACTING**

This Contract shall be considered a Best Value Contract if the Contractor's bid is equal to or greater than \$61,000 for a single trade contract; or equal to or greater than \$297,500 for a multi-trade contract pursuant to MGO 33.07(7).

#### **SECTION 104 SCOPE OF WORK**

The Contractor shall perform repair work primarily throughout the 3rd Aldermanic District. A list of approved repair locations and an area map of Aldermanic District 3 have been provided within these Special Provisions for reference. The list, however, is not a final list. Additional locations may be added. Horizontal sawcuts have been marked in the field with a pink line and a white "C". The Contractor shall horizontally sawcut sidewalk to eliminate trip hazards at those locations designated by the Common Council, and as directed by the Engineer.

Additional horizontal sawcutting may be required within the project limits of City of Madison Reconstruction Projects and may be city wide, primarily east of Park Street, as part of the Sidewalk Request Program. The Contractor shall be paid one mobilization to complete the horizontal sawcutting in the 3rd Aldermanic District. The Contractor shall be paid one mobilization for each Reconstruction Project that horizontal sawcutting is requested. The Contractor shall be paid one mobilization for each list of locations as part of the Citywide program. If a list of locations and/or a Reconstruction Project can be completed back to back or simultaneously then only one mobilization will be paid.

#### **SECTION 104.3 CHANGES IN THE WORK**

The quantities of the items listed in this Contract are estimates only, based upon sawcuts marked in the 3rd Aldermanic District and past year's reconstruction and request work. The quantities of the items are subject to change.

The City reserves the right to decrease or increase any of the quantities of the items bid upon without any change in the unit price bid, unless by mutual agreement by both the Contractor and the City.

If the quantity of any item is reduced, such decrease **SHALL NOT** constitute a claim for damages by the Contractor for loss of anticipated profits, **NOR** shall the Contractor be compensated for any overhead, equipment, material, and labor charges, or any other costs incurred in the expectation of any quantity of work originally estimated in the Contract.

#### **SECTION 104.4 INCREASE OR DECREASE QUANTITIES**

The Contractor shall note that some bid item quantities may increase or decrease based on what is encountered in the field. If the actual field conditions vary from the plan quantity, no additional compensation shall be given for increasing or decreasing quantities. Any overruns shall be paid for under the appropriate bid item(s) without any penalty or change to the bid item price for the associated bit item.

The Contractor shall not be reimbursed for any deletions to the contract. No change to the unit bid price will be allowed for changes to the quantities.

The City reserves the authority to delete or add any number of these systems from the Contract. Should this occur the Contractor shall not be eligible for any additional compensation for the remainder of the systems.

**SECTION 104.10      CLEANING UP**

Excess concrete, slurry, debris, dust or residue left from sawcutting operations including on adjacent sidewalk and/or property shall be removed immediately.

On-street parking may be removed by the Contractor to facilitate sidewalk repair and to maintain traffic flow. The Contractor shall notify the Traffic Engineering Department forty-eight (48) hours in advance of proposed parking removal. The Contractor shall obtain from the City and place "No Parking" portables, "No Parking" cardboard signs or meter bags whichever is applicable for the particular street. "No Parking" must be posted in advance of construction.
