

Application for Street Occupancy Permit
Applicant: City Engineering, Facility Management
Contact: Randy Wiesner;
RWiesner@cityofmadison.com
608-267-8679
Purpose: Provide dumpster location and loading zone for contractors working on Public Works Contract 9226 which is an interior remodeling project inside the CCB adjacent to the area being requested.

Additional Notes:
1. General Contractor to review Contract Section D-Special Provisions, Section 107.1 and Exhibit B Specification 01 50 00 Temporary Facilities and Controls for additional information.
2. Contractor to provide flag person and spotter as needed when utilizing the permit area for loading and unloading.
3. Contractor shall keep the permit area and building area free of construction debris.
