

OUR TEAM, OUR APPROACH:

Our MARI Resource Team (MARI-RT) is composed of MPD outreach officers and Safe Communities Peer Specialists.

Together we conduct home visits and make phone calls to community members. All services are voluntary and person-centered.

We are here to help. We want to connect you with resources to address substance use concerns. We will not share confidential information about you with anyone outside of this program.

CONTACT US

If you would like to request a MARI-RT visit for you or somebody you know:

call or text 608-416-9478

MADISON AREA RECOVERY INITIATIVE SERVICES INCLUDE:

- Our pre-arrest diversion program allows eligible individuals to enter a treatment program instead of facing criminal charges. MPD Officers investigate the incident and make referrals, then our partners treat and support the participant.
- We conduct weekly tabling outreach at locations around the city.
- We welcome self-referrals for home visits and MARI-RT follow-up.
- We provide naloxone, fentanyl test strips and xylazine test strips free of charge to those in need.
- We provide community education upon request - call or email us!
