NOTICE OF ADDENDUM
ADDENDUM NO. 1
TENNEY PARK MAINTENANCE BRIDGE
CONTRACT NO. 6656

Revise and amend the contract document(s) for the above project as stated in this addendum, otherwise, the original document shall remain in effect.

1. SECTION E PROPOSAL

Delete: the original proposal pages E-5 and E-6

Add: the revised proposal pages E-5 and E-6 (note – Bid Item # 90017 Turbidity Barrier was added to the revised proposal page), titled **REVISED PROPOSAL**.

2. SECTION D: SPECIAL PROVISIONS - Add the following bid item:

BID ITEM # 90017 – TURBIDITY BARRIER

DESCRIPTION

The Contractor shall provide sediment control for bridge construction consisting of a turbidity barrier to fully enclose the area where sediment may enter the water.

MATERIALS

Turbidity Barrier shall conform to the WI DNR Conservation Practice Standard 1069 – Turbidity Barrier.

CONSTRUCTION METHOD

Turbidity Barrier shall be installed and maintained conforming to WI DNR Conservation Practice Standard 1069-Turbidity Barrier. Remove turbidity barrier as soon as practicable following construction.

METHOD OF MEASUREMENT

Turbidity Barrier shall be measured at the contract unit price per linear foot for the amount of Turbidity Barrier necessary for the Contractor to complete the work. It is estimated that there will be appx 40' used on each side.

BASIS OF PAYMENT

Cost for Turbidity Barrier shall be paid for according to the contract unit price. Price shall include payment for providing turbidity barrier and appurtenances and removal of turbidity barrier and appurtenances including furnishing all labor, tools, equipment, and incidentals necessary to perform the work.

August 29, 2012

3. SECTION 108.2: PERMITS

Delete item #2:

2. WI-DNR Chapter 30 Permit

~~Chapter 30 permit has been applied for and will be available prior to the start of this project. No work will be done on this project prior to the arrival of this permit.~~

Add:

2. Attached as a part of this addendum is the Chapter 30 permit for this project. This permit is to be considered a part of these Special Provisions and must be adhered to by the contractor.

Please acknowledge this addendum on page E1 of the contract documents.

Electronic version of these documents can be found on the City of Madison web site at:

City of Madison
Kay Rutledge
210 MLK Jr. Blvd. Rm 104
Madison, WI 53703

Dear Ms. Rutledge:

We have reviewed your application for a permit to reconstruct a bridge over the Tenney Park Lagoon, in the City of Madison, Dane County. You will be pleased to know your application is approved with a few limitations.

I am attaching a copy of your permit which lists the conditions which must be followed. A copy of the permit must be posted for reference at the project site. Please read your permit conditions carefully so that you are fully aware of what is expected of you.

Please note you are required to submit photographs of the completed project within 7 days after you've finished construction. This helps both of us to document the completion of the project and compliance with the permit conditions.

Your next step will be to notify me of the date on which you plan to start construction and again after your project is complete.

If you have any questions about your permit, please call me at (920) 387-7878.

Sincerely,

A handwritten signature in black ink, appearing to read 'Dan Hunt'.

Dan Hunt
Water Management Specialist

**STATE OF WISCONSIN
DEPARTMENT OF NATURAL RESOURCES**

**Bridge PERMIT
IP-SC-2012-13-01665**

Kay Rutledge is hereby granted under Section 30.123(8), Wisconsin Statutes, a permit to construct a bridge over the Tenney Park Lagoon, in the City of Madison, Dane County, also described as in the SE1/4 of the SE1/4 of Section 12, Township 7 North, Range 9 East, subject to the following conditions:

PERMIT

1. You must notify Dan Hunt at phone (920) 387-7878 before starting construction and again not more than 5 days after the project is complete.
2. You must complete the project as described on or before August 27, 2015. If you will not complete the project by this date, you must submit a written request for an extension prior to the expiration date of the permit. Your request must identify the requested extension date and the reason for the extension. A permit extension may be granted, for good cause, by the Department. You may not begin or continue construction after the original permit expiration date unless the Department grants a new permit or permit extension in writing.
3. This permit does not authorize any work other than what you specifically describe in your application and plans, and as modified by the conditions of this permit. If you wish to alter the project or permit conditions, you must first obtain written approval of the Department.
4. You are responsible for obtaining any permit or approval that may be required for your project by local zoning ordinances and by the U.S. Army Corps of Engineers before starting your project.
5. Upon reasonable notice, you shall allow access to your project site during reasonable hours to any Department employee who is investigating the project's construction, operation, maintenance or permit compliance.
6. The Department may modify or revoke this permit if the project is not completed according to the terms of the permit, or if the Department determines the activity is detrimental to the public interest.
7. You must post a copy of this permit at a conspicuous location on the project site, visible from the waterway, for at least five days prior to construction, and remaining at least five days after construction. You must also have a copy of the permit and approved plan available at the project site at all times until the project is complete.
8. Your acceptance of this permit and efforts to begin work on this project signify that you have read, understood and agreed to follow all conditions of this permit.

9. You must submit a series of photographs to the Department, within one week of completion of work on the site. The photographs must be taken from different vantage points and depict all work authorized by this permit.
10. You, your agent, and any involved contractors or consultants may be considered a party to the violation pursuant to Section 30.292, Wis. Stats., for any violations of Chapter 30, Wisconsin Statutes or this permit.
11. Heavy equipment must not be used below the ordinary high water mark during construction or for maintenance.
12. Your bridge must provide a minimum of 5 feet of navigational clearance above the ordinary high water mark.
13. Construction shall be accomplished in such a manner as to minimize erosion and siltation into surface waters. Erosion control measures (such as silt fence and straw bales) must meet or exceed the technical standards of ch. NR 151, Wis. Adm. Code. The technical standards are found at:
<http://dnr.wi.gov/runoff/stormwater/techstds.htm> .
14. All equipment used for the project including but not limited to tracked vehicles, barges, boats, hoses, sheet pile and pumps shall be de-contaminated for invasive and exotic viruses and species prior to use and after use.

The following steps must be taken every time you move your equipment to avoid transporting invasive and exotic viruses and species. To the extent practicable, equipment and gear used on infested waters shall not be used on other non-infested waters.

1. **Inspect and remove** aquatic plants, animals, and mud from your equipment.
2. **Drain all water** from your equipment that comes in contact with infested waters, including but not limited to tracked vehicles, barges, boats, hoses, sheet pile and pumps.
3. **Dispose** of aquatic plants, animals in the trash. Never release or transfer aquatic plants, animals or water from one waterbody to another.
4. **Wash your equipment** with hot (>104° F) and/or high pressure water,

- OR -

Allow your equipment to **dry thoroughly for 5 days.**

FINDINGS OF FACT

1. Kay Rutledge has filed an application for a permit to construct a bridge over Tenney Park Lagoon, in the City of Madison, Dane County, also described as part of the SE1/4 of the SE1/4 of Section 12, T 7 N-R 9 E.
2. The project will replace an existing bridge with a new bridge.
3. The Department has completed an investigation of the project site and has evaluated the project as described in the application and plans.
4. The proposed project, if constructed in accordance with this permit will not adversely affect water quality, will not increase water pollution in surface waters and will not cause environmental pollution as defined in s. 283.01(6m), Wis. Stats.
5. The project will not impact wetlands.
6. The Department of Natural Resources and the applicant have completed all procedural requirements and the project as permitted will comply with all applicable requirements of Sections 1.11, 30.123(8), Wisconsin Statutes and Chapters NR 103, 150, 299 and 320 of the Wisconsin Administrative Code.

CONCLUSIONS OF LAW

1. The Department has authority under the above indicated Statutes and Administrative Codes, to issue a permit for the construction and maintenance of this project.

NOTICE OF APPEAL RIGHTS

If you believe that you have a right to challenge this decision, you should know that the Wisconsin statutes and administrative rules establish time periods within which requests to review Department decisions shall be filed. For judicial review of a decision pursuant to sections 227.52 and 227.53, Wis. Stats., you have 30 days after the decision is mailed, or otherwise served by the Department, to file your petition with the appropriate circuit court and serve the petition on the Department. Such a petition for judicial review shall name the Department of Natural Resources as the respondent.

To request a contested case hearing of any individual permit decision pursuant to section 30.209, Wis. Stats., you have 30 days after the decision is mailed, or otherwise served by the Department, to serve a petition for hearing on the Secretary of the Department of Natural Resources, P.O. Box 7921, Madison, WI, 53707-7921. The petition shall be in writing, shall be dated and signed by the petitioner, and shall include as an attachment a copy of the decision for which administrative review is sought. If you are not the applicant, you must simultaneously provide a copy of the petition to the applicant. If you wish to request a stay of the project, you must provide information, as outlined below, to show that a stay is necessary to prevent significant adverse impacts or irreversible harm to the environment. The filing of a request for a contested case hearing is not a prerequisite for judicial review and does not extend the 30-day period

for filing a petition for judicial review. If you are not the permit applicant, you must provide a copy of the petition to the permit applicant at the same time that you serve the petition on the Department.

The filing of a request for a contested case hearing does not extend the 30 day period for filing a petition for judicial review.

A request for contested case hearing must meet the requirements of section 30.209, Wis. Stats., and section NR 310.18; Wis. Adm. Code, and must include the following information:

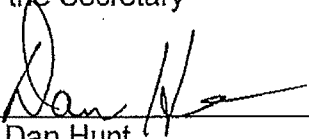

1. A description of the Department's action or inaction which is the basis for the request; and,
2. A description of the objection to the decision that is sufficiently specific to allow the department to determine which provisions of Chapter 30, Wis. Stats., may be violated; and
3. A description of the facts supporting the petition that is sufficiently specific to determine how you believe the project may result in a violation of Chapter 30, Wis. Stats.; and,
4. Your commitment to appear at the contested case hearing, if one is granted, and present information supporting your objection.
5. If the petition contains a request for a stay of the project, the petition must also include information showing that a stay is necessary to prevent significant adverse impacts or irreversible harm to the environment.

Dated at Horicon Service Center, Wisconsin on August 27, 2012.
