WALL SECTION AND ENLARGED DETAILS
EXHIBIT F

BE304.1

Architectural section drawing of a building corner, showing structural details, insulation, and a key.

The drawing illustrates a corner of a building, likely a basement or crawlspace, showing the intersection of walls and a floor. The structure is composed of several layers: an exterior wall, a thick insulation layer (indicated by diagonal hatching), and an interior wall. The floor is shown with a concrete slab and a layer of insulation (indicated by a stippled pattern). A key is provided on the right side of the drawing, identifying the materials used:

- MA (Mass Concrete)
- WC (Weatherstripping)
- GC (Grout)

Dimensions and notes are included:

- A dimension of 2" N.I.C. (Not in Contact) is shown at the top left corner.
- A dimension of 2" N.I.C. is shown at the bottom left corner.

GOVERNS - SCOPE MAY VARY

ENLARGED DETAIL @ WINDOW SILL
SCALE: 3" = 1'-0"

A technical line drawing of a door handle assembly. The drawing shows a rectangular door panel with a handle mounted on its right side. The handle consists of a cylindrical grip and a rectangular base plate. A small circular detail, possibly a screw or a pin, is shown on the door panel near the handle. A large, bold, black diagonal watermark reading "NOT USED" is superimposed over the entire drawing.
