SECTION D: SPECIAL PROVISIONS

ANNUAL HORIZONTAL SAWCUTTING OF CONCRETE SIDEWALK AND INCIDENTAL WORK (DISTRICT 7) - 2019 CONTRACT NO. 8370

It is the intent of these Special Provisions to set forth the final contractual intent as to the matter involved and shall prevail over the Standard Specifications and plans whenever in conflict therewith. In order that comparisons between the Special Provisions can be readily made, the numbering system for the Special Provisions is equivalent to that of the Specifications.

Whenever in these Specifications the term "Standard Specifications" appears, it shall be taken to refer to the City of Madison Standard Specifications for Public Works Construction and Supplements thereto.

SECTION 102.11 BEST VALUE CONTRACTING

This Contract shall be considered a Best Value Contract if the Contractor's bid is equal to or greater than \$62,500 for a single trade contract; or equal to or greater than \$306,000 for a multi-trade contract pursuant to MGO 33.07(7).

SECTION 104 SCOPE OF WORK

The Contractor shall perform repair work primarily throughout the 7th Aldermanic District. A list of approved repair locations and an area map of Aldermanic District 7 have been provided within these Special Provisions for reference. The list, however, is not a final list. Additional locations may be added. Horizontal sawcuts have been marked in the field with a pink line and a white "C". The Contractor shall horizontally sawcut sidewalk to eliminate trip hazards at those locations designated by the Common Council, and as directed by the Engineer.

Additional horizontal sawcutting may be required within the project limits of City of Madison Reconstruction Projects and may be city wide, primarily east of Park Street, as part of the Sidewalk Request Program. The Contractor shall be paid one mobilization to complete the horizontal sawcutting in the 7th Aldermanic District. The Contractor shall be paid one mobilization for each Reconstruction Project that horizontal sawcutting is requested. The Contractor shall be paid one mobilization for each list of locations as part of the Citywide program. If a list of locations and/or a Reconstruction Project can be completed back to back or simultaneously then only one mobilization will be paid.

SECTION 104.3 CHANGES IN THE WORK

The quantities of the items listed in this Contract are estimates only, based upon sawcuts marked in the 7th Aldermanic District and past year's reconstruction and request work. The quantities of the items are subject to change.

The City reserves the right to decrease or increase any of the quantities of the items bid upon without any change in the unit price bid, unless by mutual agreement by both the Contractor and the City.

If the quantity of any item is reduced, such decrease **SHALL NOT** constitute a claim for damages by the Contractor for loss of anticipated profits, **NOR** shall the Contractor be compensated for any overhead, equipment, material, and labor charges, or any other costs incurred in the expectation of any quantity of work originally estimated in the Contract.

SECTION 104.4 INCREASE OR DECREASE QUANTITIES

The Contractor shall note that some bid item quantities may increase or decrease based on what is encountered in the field. If the actual field conditions vary from the plan quantity, no additional compensation shall be given for increasing or decreasing quantities. Any overruns shall be paid for under the appropriate bid item(s) without any penalty or change to the bid item price for the associated bit item.

The Contractor shall not be reimbursed for any deletions to the contract. No change to the unit bid price will be allowed for changes to the quantities.

The City reserves the authority to delete or add any number of these systems from the Contract. Should this occur the Contractor shall not be eligible for any additional compensation for the remainder of the systems.

SECTION 104.10 CLEANING UP

Excess concrete, slurry, debris, dust or residue left from sawcutting operations including on adjacent sidewalk and/or property shall be removed immediately.

SECTION 105.12 COOPERATION OF THE CONTRACTOR

The City of Madison has been given to understand that work may be undertaken by others in approximately the same time frame in District 7 as this proposed project. It shall be the Contractor's responsibility to verify this information and subsequent changes in the scheduling of the work by others and to make corrections in his/her construction timetable as required. The Contractor shall coordinate the work under this contract with the work by others stated below.

Sidewalk and curb repair/replacement projects including:

The City of Madison shall prepare a list of locations for horizontal sawcutting as part of the Sidewalk Request Program. The Contractor shall have one week to mobilize and begin sawcutting the identified locations and continue working until complete unless other arrangements are made in advance with the City Engineer.

The Contractor shall schedule the operations so as to cause a minimum of interruption, interference or disturbance to the operation of stores, businesses, office buildings, hotels, churches, etc., and to allow access by pedestrians and emergency, delivery and service vehicles at all times.

If sidewalk exists on both sides of any given block, the Contractor shall complete all repairs and reopen the sidewalk on one side of the block before beginning repairs on the opposite side of the block.

The Contractor shall not progress through the Aldermanic District in a random fashion. A single ward of the district shall be completed before moving into another ward unless otherwise directed by the Engineer.

The Contractor shall properly barricade all work areas. Sidewalk repair equipment and all other items incidental to the work shall not be left or stored on the sidewalk or on private property.

Access to all driveways within the project limits shall be maintained whenever possible. During times when work will prevent access to driveways, the Contractor shall notify all residents, a minimum of 48

hours in advance, if vehicular access cannot be provided to their property. All driveway access shall be restored within 2 hours.

The contractor shall not close any lanes of traffic at any time.

The work shall be arranged so that there is a minimum of interference with ingress and egress to private property.

On-street parking may be removed by the Contractor to facilitate sidewalk repair and to maintain traffic flow. The Contractor shall notify the Traffic Engineering Department forty-eight (48) hours in advance of proposed parking removal. The Contractor shall obtain from the City and place "No Parking" portables, "No Parking" cardboard signs or meter bags whichever is applicable for the particular street. "No Parking" must be posted in advance of construction.

On streets without time restricted parking, the Contractor shall post said streets at least forty eight (48) hours prior to beginning work with "No Parking" signs legibly marked with the date and time of restricted parking. The Contractor shall notify the Police Department Traffic Bureau at 266-4622 during regular hours or the Police Dispatcher after regular hours stating the construction company name, the contract number, the street or streets posted, the time and date posted, and shall request the police department personnel check the posting.

Traffic control shall consist of furnishing and maintaining all provisions for traffic control in accordance with the Federal Highway Administrations "Manual on Uniform Traffic Control Devices"(MUTCD).

The Contractor shall maintain two-way traffic during the performance of all work covered by the contract.

No work shall occur during peak hour traffic times on collector and arterial streets and as directed by the Engineer. Peak hour traffic times are 7:00 a.m. to 8:30 a.m. and 4:00 p.m. to 5:30 p.m.
