Article 109.2 PROSECUTION OF WORK

The Contractor shall begin work on this project on **October 20, 2022** to minimize impact on the boating season and in accordance with our WDNR permit. All dredge material as part of this contract shall be removed completely from MMSD by September 15, 2023, or at a later date as established by the City Engineer, that would correspond with the landfill's ability to manage the materials. **All work under this contract shall be completed by October 31, 2023.**
