  - Unanimous likes and it passes
  - Chara will make whoever is making the request the co-host.
- **Discussion & Action Item (continued from March meeting):** Federal Funding Updates & Discussion of Implications –Torrie Kopp Mueller

- COC projects, HUD started to release grant agreements then rescinded them and then reissued with new language, can't use money to pay for abortions, promote gender ideology, how to report abuse, only sent grant agreements for the first part of the year, our community will have one next in July 2025, must use a federally approved database for immigration status, it is unknown what databases they are as they have not been shared
- This is a way to cut and slash so it doesn't matter as long as what we decide is something we can live with, there is Confusion & Chaos leading to fear, harmful loss of funding, fair housing contracts have been temporary funding has been restored, then another issue is new funding, new language has been focusing on immigration and gender, antidiscrimination laws – who are programs targeting
- **Action:** Determine HSC's response to federal landscape. Options:
  - No change, the administration's values have changed but ours haven't
    - Like 1 Live 10 Uncertain 1 Uncomfortable 2
  - Begin an effort to change language simply with a review of the current language ~~so that we are less likely to experience consequences that impact our work~~  
Form a work group that will identify and review language in public facing documents owned by the CoC to determine where changes may be required and report back to the HSC Board of Directors.  
**Form a workgroup to create a list of documents, identify those that have language that may be flagged, and report back to the Board.**  
**Likes 14 Live 0 Uncertain 0 Uncomfortable 0**
  - Remove things that may flag us, and add them back once language is changed  
Like 0 Live 1 Uncertain 0 Uncomfortable 12

  - Potential fiscal sponsor
  - **Action:** Determine how to move forward with Embolden.
  - **Likes 14 passes unanimously**
