Feet

\*Absorbed into City of Madison. Number denotes planned alder district. New wards are expected to be needed for each town island because the draft State Legislative district map has placed the Town of Madison in a separate Assembly District than the rest of South Madison. Final ward and alder district designations depend upon formal City Council action, which is expected in July 2022. Polling places will be assigned at the same time.  
Note: The Town island along Sherman Avenue (not shown) is planned to be absorbed into Alder District 12 and Ward 30.
