RACE TO EQUITY
A Baseline Report on the State of Racial Disparities in Dane County
Equity is just and fair inclusion into a society in which all, including all racial and ethnic groups, can participate, prosper, and reach their full potential. Equity gives all people a just and fair shot in life despite historic patterns of racial and economic exclusion. [www.policylink.org](http://www.policylink.org)

How We Think

★ Humans need meaning.
   ★ Individual meaning
   ★ Collective meaning

★ We are only aware of 2% of what we’re feeling at the moment.

★ Racial bias tends to reside in unconscious network

Source: Training given by City of Seattle Alliance on Race & Equity
The Unconscious Mind

★ Human brain can take in 11 million pieces of information in any one moment

★ We’re only consciously aware of maybe 40 of these, at best.

Schemas

★ Organized pattern of thought that organizes information into broader categories
★ We activate meanings associated with those categories.
★ Schemas are social. They exist in our language metaphors, etc.

Source: Training given by City of Seattle Alliance on Race & Equity
Bias

★ We all carry bias (prejudgment).
★ When we consciously act on those biases, we are discriminating.
★ When we unconsciously act on those biases, we may be unintentionally causing negative outcomes.

Examples

★ When conductors were placed behind a screen, the percentage of female new hires for orchestral jobs increased 25-46%.

★ Average height of U.S. males is 5’9” and only 15% at 6’ tall. However, 58% of CEOs are 6’ tall.

★ Applicants with African American sounding names had to send 15 resumes to get a callback, compared to 10 resumes for applicants with white sounding names.

Types of Racism

★ Individual Racism
★ Pre-judgment, bias, or discrimination by an individual based on race.

★ Institutional Racism
★ Policies, practices, and procedures that work to the benefit of white people and to the detriment of people of color, often unintentionally or inadvertently.

★ Structural Racism
★ A history and current reality of institutional racism across all institutions. This combines to create a system that negatively impacts communities of color.

Mississippi Voter Application & Literacy Test, 1955

20. WRITE IN THE SPACE BELOW A STATEMENT SETTING FORTH YOUR UNDERSTANDING OF THE DUTIES AND OBLIGATIONS OF CITIZENSHIP UNDER A CONSTITUTIONAL FORM OF GOVERNMENT:

21. SIGN AND ATTACH HERETO THE OATH OR AFFIRMATION NAMED IN QUESTION 12.

2. At what time of day on January 20 each four years does the term of the president of the United States end? 12 noon

3. If the president does not wish to sign a bill, how many days is he allowed in which to return it to Congress for reconsideration? Ten

4. If a bill is passed by Congress and the President refuses to sign it and does not send it back to Congress in session within the specified period of time, is the bill defeated or does it become law? It becomes law unless Congress adjourns before the expiration of 10 days

Registrar selected a section of state constitution for applicant to read aloud, and decided how many words you mispronounced. Registrar would either have you copy a section of the constitution or would require you to write down his mumbled dictation. Registrar judged whether you were literate. There was no appeal.
