Tree Pruning Notice

Your safety and electric service reliability are important to us. MGE will be pruning trees near our power lines in your neighborhood in 2019/2020 to minimize tree-related storm damage and electrical outages.

As a National Arbor Day Foundation “Tree Line USA Utility,” we are concerned about the health and appearance of trees in your neighborhood. We require our contract crews to carefully prune trees as outlined in the Tree Maintenance Standard distributed by the International Society of Arboriculture.

MGE works with the City Forester and the City of Madison Parks Department to plan tree pruning on the public rights-of-way of streets, alleys, parks and greenways. MGE’s 2019 plan for pruning trees on the public rights-of-way will be considered by the Habitat Stewardship Subcommittee at 4:30 p.m. on May 15, 2019, at the Goodman Maintenance Facility, 1402 Wingra Creek Pkwy., Room 103. If you have any concerns about MGE’s Vegetation Management plans, you may appear before the Habitat Stewardship Subcommittee at that time.

You will receive another notice prior to actual pruning.
