

YOU ARE INVITED
to the Madison F35 Community Connection
COMMUNITY LISTENING SESSIONS
February 1-3, 2024

The Madison F35 Community Connection project aims to build a stronger relationship between the Madison community and the 115th Fighter Wing at Madison's Truax Field through education and engagement.

Join us on February 1, 2, or 3 at Madison College for our first round of in-person discussions, the Community Listening Sessions! This is a prime opportunity for the community to engage with the 115th Fighter Wing. In addition to general feedback and conversation, we're seeking answers to questions like:

- What specific issues or concerns should the program address in the future?
- How can the Wing enhance its communication with the community to foster a mutually beneficial relationship?
- What is your vision of the future of community collaboration with the Wing?

FEBRUARY 1, 2024

6:00pm - 7:30pm

Madison College
Health Education Building
