## **Building Inspection Division**

Madison Municipal Building, Suite 017 215 Martin Luther King Jr. Blvd. P.O. Box 2984 Madison, Wisconsin 53701-2984 Phone: (608) 266-4551

## **Building Plan Submission Checklist - New Addition with Heat**

Comple	ted Build	ling Permit Application Data Sheet
ΓWO co	omplete p	plan sets containing all of the following items and information
	All plan elements clearly drawn to scale, scale must be clearly identified on plan set	
	Site plan	n
		Identify and dimension all lot lines
		Identify and dimension all building and site features
		Dimension distances from building to the lot lines
	Elevation	on view
		Detail exterior appearance of the building for each side elevation, label direction of each elevation
		☐ Identify the type of exterior materials used
		☐ Dimension building elevations for width, eave height, peak height, size and configuration of
		doors, windows, roof, chimneys, exterior grade, footings and foundation walls
	Foundation plan	
		Detail building outline and foundation
		Label and dimension the size and depth for all column footings, frost walls, and grade beams
	Floor pl	an
		Detail a separate view of each building level
		Dimension the building perimeter
		Detail and dimension location of all walls, doors, and windows
		☐ Dimension opening sizes of all doors and windows
		Label use of all rooms
	Section	
		Detail construction from the bottom of the footing to the top of the roof
		☐ Dimension and detail the floor, roof, and wall construction
		<ul> <li>Identify and dimension all anchor bolts</li> </ul>
		<ul> <li>Identify and dimension ceiling heights for each building level</li> </ul>
		☐ Identify and dimension footing and foundation location, thickness, and materials used
		☐ Identify and dimension insulation location, thickness, material used, and R-value
		<ul> <li>Identify and dimension wall sheathing location, thickness, and material used</li> </ul>
		<ul> <li>Identify and dimension wall and floor lumber size and material used</li> </ul>
	Framing	
		Floor framing plan for each building level
		□ Dimension and locate material used and sizes of all beams, columns, and joists
		☐ Dimension and locate material used and sizes for all door and window headers
		Roof Framing plan
		□ Detail truss or rafter layout
		Wall bracing
		☐ Identify and dimension the locations and methods of all wall bracing
		Provide calculations that show the wall bracing is adequate
		Detail any special framing requirements

□ Completed ResCheck energy efficiency calculations or insulation types and R-values shown on section view
