A flyway barrier shall shield any part of a property line that is within 25 feet of a hive. The flyway barrier shall consist of a wall, fence, dense vegetation or a combination thereof and it shall be positioned to transect both legs of a triangle extending from an apex at the hive to each end point of the part of the property line to be shielded.

No more than 6 hives per lot
No hive shall exceed 20 cubic feet in volume

No hive shall be located closer than 25 feet from a principal building on an abutting lot

No hive shall be located closer than 3 feet from any property line

No hive shall be located closer than 10 feet from a public sidewalk.
