PROGRAM OVERVIEW

The City of Madison Community Development Division (CDD) promotes and facilitates homeownership opportunities for lower income households. One method CDD uses to achieve this goal is to fund various nonprofit programs that develop affordable housing for resale to income eligible homebuyers. Another method is to provide mortgage reduction assistance directly through City of Madison administered programs. Funding to support these efforts comes from the U.S. Department of Housing and Urban Development HOME Investment Partnerships Program (HOME) and Community Development Block Grant (CDBG) program, as well as programs funded by the State of Wisconsin and the City of Madison (the City). All mortgage reduction assistance is provided to the homebuyer in the form of a long-term deferred loan, generally as a second mortgage. To ensure that all homebuyer assistance loans from CDD are processed in a similar manner and are subject to the same conditions, the CDBG Committee has established these program/underwriting guidelines. Their requirements must be followed by all agencies providing CDD funds to homebuyers.

The requirements and the forms necessary to administer this program are subject to change. Agencies will be informed as changes occur. There may be additional requirements due to specific program descriptions, which shall be articulated in the contract between CDD and the administering nonprofit agency. Agencies administering CDD funds should contact their Community Development Specialist if clarification is needed.

The City of Madison's Community Development Division is committed to furthering racial equity and social justice in our community with our homebuyer assistance funds. The City's Racial Equity and Social Justice Initiative (RESJI) mission is to establish racial equity and social justice as core principles in all decisions, policies and functions of the City of Madison. One of the visions of the RESJI is for living wage jobs, safe neighborhoods, high-quality education, a healthy, sustainable natural environment, efficient public transit, parks and green spaces, affordable and safe housing and healthy food are affordable to all. The City reserves the right to waive general underwriting requirements, including minimum cash reserves after purchase, to fulfill the mission and vision of the Racial Equity and Social Justice Initiative.

LOAN REPAYMENT

This section is applicable to agencies providing mortgage reduction assistance.

The mortgage will require a shared appreciation repayment. Subrecipients are to include in their loan commitment letter to homeowner an example, such as below, of shared appreciation which is to be acknowledged and signed by homeowner and kept in Subrecipient file. An amount equal to a percent (%) of the accepted sales price of the property in an arm's length transaction or the current fair market value of the property as determined by an appraisal submitted by borrower and conducted in the prior six months by a licensed appraiser. The repayment is due and payable to the City of Madison at the time the property is sold, at the time of a cash-out refinance for a reason other than property improvements, if the property is transferred, or when the property ceases to be the primary residence of the homebuyer. Partial payments will not be accepted. Complete loan payments can be made prior to the property being sold, transferred or ceases to be the primary residence of the homebuyer. In this case, the homebuyer will be responsible for the cost of an appraisal that is acceptable to the City of Madison.

Example of repayment:

Home purchase price	\$300,000
Community Development Division (CDD) CDBG Unit loan assistance	\$35,000
Percentage of CDD CDBG Unit funds invested (% based on City loan amount compared to higher of purchase price or appraised value)	11.6%
Home appraisal at the time the homebuyer sells or pays off the loan	\$375,000
Loan repayment equals 11.6% of the accepted sales price or the appraised value	\$43,500

Request for payoff information can be sent to homeloans@cityofmadison.com.

HOME REPAIR CONTRACTS

This section is applicable to agencies providing major or minor home repair assistance.

An Environmental Review is required for each property. A written summary of the property inspection, including recommendations regarding repairs needed, shall be provided to homeowner. The Agency must search any contractors to be used on the project on SAM.gov to verify not disqualified from receiving government funding prior to award of sub-contract. The Agency is to sign a written agreement with homeowner prior to start of any repair work. Agency must refer to their contract for details regarding policies and procedures related to their program.
