

Redistricting email to community

Hello,

Redistricting, the process of redrawing the City's wards and alder districts based on population changes that have occurred over the last decade, is happening now. Redistricting determines which communities and neighborhoods are assembled into alder districts and other voting districts.

There are many opportunities for the community to participate in the process.

You can create maps illustrating your community of interest by using Representable--an online tool to share information about the interests and needs of your community.

<https://www.representable.org/drive/tell-us-about-your/>. Feedback can guide both the Dane County and City of Madison redistricting efforts.

More information on the redistricting process is available at cityofmadison.com/Redistricting

Thank you,
